Reflections On Biblical Histories A Revised Chron:

A history of the holy Bible, corrected and improved by G. Gleig Thomas Stackhouse, 1817 The Deuteronomistic History and the Book of Chronicles Raymond F. Person, Raymond F. Person (Jr.), 2010 This volume reexamines and reconstructs the relationship between the Deuteronomistic History and the book of Chronicles building on recent developments such as the Persian period dating of the Deuteronomistic History the contribution of oral traditional studies to understanding the production of biblical texts and the reassessment of Standard Biblical Hebrew and Late Biblical Hebrew These new perspectives challenge widely held understandings of the relationship between the two scribal works and strongly suggest that they were competing historiographies during the Persian period that nevertheless descended from a common source This new reconstruction leads to new readings of the literature

Bible History Old Testament New Updated Edition Alfred Edersheim, 1994-09-01 In this enduring classic Alfred Edersheim explores the broad sweep of Old Testament history He brings to his work his immense learning and familiarity with Judaism as well as his love for Scripture and his desire for every Christian to know and understand the story of God's redemptive work in history This new edition of Edersheim's classic features the following improvements Entirely reset in a modern and easy to read typeface Complete and unabridged in one volume Arabic numbers replace roman numerals New maps to provide for richer understanding In writing it Bible History Old Testament I have primarily had in view those who teach and those who learn whether in the school or in the family But my scope has also been wider I have wished to furnish what may be useful for reading in the family what indeed may in some measure serve the place of a popular exposition of the sacred history More than this I hope it may likewise prove a book to put in the hands of students to show them what the Bible really teaches Alfred Edersheim

Empirical Models Challenging Biblical Criticism Raymond F. Person, Robert Rezetko, 2016-09-21 Cutting edge reflections on biblical

text formation Empirical models based on ancient Near Eastern literature and variations between different textual traditions have been used to lend credibility to the identification of the sources behind biblical literature and the different editorial layers In this volume empirical models are used to critique the exaggerated results of identifying sources and editorial layers by demonstrating that even though much of ancient literature had such complex literary histories our methods are often inadequate for the task of precisely identifying sources and editorial layers The contributors are Maxine L Grossman B n dicte Lemmelijn Alan Lenzi Sara J Milstein Raymond F Person Jr Robert Rezetko Stefan Schorch Julio Trebolle Barrera Ian Young and Joseph A Weeks Features Evidence that many ancient texts are composite texts with complex literary histories Ten essays and an introduction cover texts from Mesopotamia the Hebrew Bible the New Testament and the Dead Sea Scrolls

Living with Grace Mark G. Boyer,2025-09-11 The year 2027 marks the thirtieth anniversary of John Denver s death His spirituality was a way of life like biblical spirituality is the reader enters Denver s spirituality and biblical spirituality to reflect on ways one may live both together Denver s spirituality is based in nature and people He observed nature and thoughtfully interpreted his experiences of it recording his interpretations in lyrics and music Likewise after interpreting his relationships he recorded his thoughts in love songs Denver and biblical spirituality both begin with experience reflection upon it and a record of what the experience meant Biblical authors told stories recorded reflections narrated events or wrote psalms and poetry about their experiences This book compares chosen Denver themes to biblical themes and reflects on the parallel spirituality in an abecedarian format of sixty seven entries organized with 1 a title theme 2 a JD section explaining how Denver uses the theme to name his experience 3 a Scripture passage which illustrates the biblical use of the theme 4 a Meditation Journal exercise to guide the reader into meditating journaling to deepen the reader s spirituality and 5 a Psalm Response a few verses from a biblical psalm song that uses the theme in some way

The Religions of Ancient Israel Ziony Zevit,2003-06-01 This is the most far reaching interdisciplinary investigation into the religion of ancient Israel ever attempted The author draws on textual readings archaeological and historical data and epigraphy to determine what is known about the Israelite religions during the Iron Age 1200 586 BCE The evidence is synthesized within the structure of an Israelite worldview and ethos involving kin tribes land traditional ways and places of worship and a national deity Professor Zevit has originated this interpretive matrix through insights ideas and models developed in the academic study of religion and history within the context of the humanities He is strikingly original for instance in his contention that much of the Psalter was composed in praise of deities other than Yahweh Through his book the author has set a precedent which should encourage dialogue and cooperative study between all ancient historians and archaeologists but particularly between Iron Age archaeologists and biblical scholars The work

challenges many conclusions of previous scholarship about the nature of the Israelites religion
