Reform And Transformation In Communist Systems:

Reform and Transformation in Communist Systems Ilpyong J. Kim, Jane Shapiro Zacek, 1991 **The Transformation Of Communist Systems** Bernard Chavance, Charles Hauss, Mark Selden, 1994-10-20 Through a comparative and historical analysis of change in the socialist and postsocialist systems of the Soviet bloc and China this timely and original book clarifies the pitfalls in the formidable transition to a market economy Bernard Chavance provides a succinct analysis of the politics and economies of Eastern Europe from the creation of the Stalinist system through three major waves of reform to the ultimate dismantling of most socialist governments Exploring the link between the one party regime and the growing rigidity of socialist economic systems the author analyzes the failure of both incremental and radical reforms to adapt to new economic challenges thus leading to the ultimate collapse of communist regimes in Europe *The Political Economy of Asian Transition from Communism* Sujian Guo, 2017-11-28 A comparative study of the political economy of the transition from communism in East and Southeast Asian countries China North Korea Vietnam Laos and Cambodia addressing the key theoretical questions generated from the debate between shock therapists and gradualists While accurately defining the pre reform model this book explores the causal variables that have contributed to reform efforts within Asia examining the significance of the sequencing of political and economic transition and the interplay between politics and the economy in determining variations in transition outcomes Comparing the real world experiences of transition nations in communist Asia with Eastern Europe prominent questions are brought to the fore will market capitalism or market socialism prevail after the grand failure of communism This book makes an important contribution to the political economy theory of comparative communist and post communist studies and provides detailed analytical insights that will prove influential in future theoretical work **Reform of the Socialist System in Central and Eastern Europe** Martin J. Bull, Mike Ingham, 2016-07-27 This book analyzes the reform of the socialist system in Central and Eastern Europe and the former Soviet Union Uniquely it adopts a multi disciplinary perspective which includes authors from both Western Europe and the former Communist world The volume contains analyses of the prospects for civil society economic reform and privatisation theories of economic transition and the role of the state political change and the persistence of former Communist parties the prospects for democracy in the former Soviet Union and gender aspects of labour market reform From Leninism To Freedom Margaret Latus Nugent, 2019-03-08 This book stimulates inquiry into questions about how to facilitate and consolidate transitions from Leninism to market oriented democracies It allows readers to appreciate the diversity of opinion that exists on such questions as the causes for what happened and the prospects for the future **Policy Making in China** Kenneth Lieberthal, Michel Oksenberg, 2020-11-10 The description for this book Policy Making in China will be forthcoming *Globalization against Democracy* Guoguang Wu, 2017-04-27 This book explores how global capitalism has reconfigured state market relations and how interactions among capital labor and consumption threaten democracy It is for specialists in

political economy political science economics sociology international relations and development studies and for supplemental use on undergraduate and graduate courses on globalization capitalism development and democracy Global Neoliberal Capitalism and the Alternatives David Lane,2023-05-31 The twentieth century was an era of socialist revolutionary transformations and significant social democratic reforms By the twenty first century these socialist inspired movements have largely disappeared their ideologies have been disavowed and their institutions dismantled and replaced by global neoliberal capitalism This book explores the social political and economic forces driving these movements in Western Europe and in the USSR explaining their initial triumphs and how they eventually faltered under the influence of global neoliberalism David Lane examines the nature and appeal of neoliberal capitalism and analyses current social and political proposals for its reform or replacement including statist forms of capitalism social democratic and ecological globalization reforms self sustaining autonomous communities and globalised forms of social democracy or socialism Outlining his own proposal to replace global neoliberal capitalism with political systems based on a combination of market socialism and state planning Lane provides important insights for ways forward and a challenge for parties seeking political and economic alternatives

Seven Years that Changed the World Archie Brown,2007-04-19 A rigorously argued and lively interpretation of the transformation of the Soviet system the disintegration of the Soviet state the end of the Cold War and the role of Mikhail Gorbachev Written by a leading authority on Soviet politics this thoroughly researched book draws on new archival sources and puts perestroika in fresh perspective Perestroika began as an attempt by a minority within the leadership of the Communist Party to reform the Soviet system The decisive role was played by the new General Secretary Mikhail Gorbachev Perestroika reconstruction developed into an attempt to move from Communism to competitive elections and a market economy of a social democratic type This revolution from above had profound consequences both intended and unintended The latter included the dissolution of the Soviet state Four of the ten chapters were written in real time in the second half of the 1980s while perestroika was still underway The other six chapters provide an up to date discussion of such important issues as the stimuli to perestroika its intellectual origins and development its influence on other countries and their influence on developments in the Soviet Union and the ending of the Cold War Archie Brown takes issue with a number of popular interpretations of perestroika and of the end of the Cold War and draws on new archival sources in a book which is both clearly and vigorously argued and well documented *The Political Economy of Fiscal Reform in Central-Eastern Europe* Frank Bönker,2006-01-01 Frank Bönker has done a masterful job This is probably the best book available on this important subject and its significance is not limited to studies of postcommunist societies It has important theoretical implications for everyone interested in the Political Economy of Policy Reform perspective within the field of comparative political economy John L Campbell Slavic Review
