Regional Imagination The South And Recent American History

Merle Black, John Shelton Reed

Regional Imagination The South And Recent American History:

The Regional Imagination Dewey W. Grantham, **The White House Looks South** William Edward Leuchtenburg, 2005 At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers Jacket North Over South Susan-Mary Grant, 2000 This text argues that the Civil War truly formed the American nation and that the antebellum period was the crucial phase of American national construction Grant focuses on a Northern nationalism based on an opposition to things Southern and links national construction with European nationalism The South in Modern America Dewey W. Grantham, 2001-07-01 The South in Modern America is a lively and illuminating account of the Southern experience since the end of Reconstruction In the twentieth century as in the nineteenth the South has been the region most sharply at odds with the rest of the nation No other part of the country has as clear cut a sectional image The interplay between the South the North and the rest of the nation represents a rich and instructive part of the United States history illustrating much of the nation s conflict and tension the way it has tried to reconcile divergent issues and its struggles to realize its historical ideals In this new treatment of modern Southern history Dewey W Grantham illuminates the features that make the South a distinctive region while clarifying how it has converged socially and politically with the rest of the country during this century **Perspectives on the American South** Merle Black, John Shelton Reed, 2021-11-10 First Published in 1981 In Perspectives on the American South we hope to gather yearly essays that deal with the society politics and culture of the region This first book in the series contains 27 articles representing the work of some 30 scholars and including the disciplines of history sociology anthropology political science and geography The papers have been organized around four broad topics violence in the region southern politics comparative studies of the region and the South s ethnic and cultural groups Jimmy and Rosalynn Carter E. Stanly Godbold, Jr., 2010-10-06 Covering their lives from childhood to the end of the Georgia governorship Jimmy and Rosalynn Carter is one of the few major biographies of an American president that pays significant attention to the First Lady So deeply were their lives and aspirations intertwined a close friend once remarked You can t really understand Jimmy Carter unless you know Rosalynn The story of one is the story of the other To recount their remarkable lives E Stanly Godbold Jr draws on academic and military records the governor s correspondence the recollections of the Carters themselves as well as original unpublished interviews with a wide variety of participants in the Carters political and personal lives The book reveals a man who was far more complex than the peanut farmer of popular myth a man who cited both Reinhold Niebuhr and Bob Dylan as early influences on his legal philosophy was heir to a sizable fortune and who with the help of Rosalynn built a lucrative agribusiness Nicknamed Hotshot by his father Carter was the first president born in a hospital rode a motorcycle before entering politics counted Tolstoy Dylan

Thomas William Faulkner and James Agee among his favorite authors and claimed his wife Rosalynn as the most influential person in his life Volume I in this two volume biography details how the Carters rose to power managed their private and public lives governed Georgia and seized control of the national Democratic party The cast of colorful characters includes Miss Allie Smith Mr Earl and Miss Lillian brother Billy Rachel Clark Admiral Rickover George Wallace Lester Maddox Richard Nixon daughter Amy Charles Kirbo Hamilton Jordan Jody Powell and many more It is a sweeping Faulknerian tale of individuals who would change the image of the South in the national mind and the role of the South in the presidency Indeed Carter shocked the state of Georgia and the entire country by calling for an end to racial discrimination in 1971 thus launching his national political career Jimmy and Rosalynn Carter neither sanctifies nor vilifies the Carters but offers instead an even handed brilliantly researched and utterly absorbing account of two ordinary people whose lives together took them to the heights of power and public service in America

In the Shadow of FDR William Edward Leuchtenburg, 2001 A ghost has inhabited the Oval Office since 1945 the ghost of Franklin Delano Roosevelt FDR's formidable presence has cast a large shadow on the occupants of that office in the years since his death and an appreciation of his continuing influence remains essential to understanding the contemporary presidency This new edition of *In the Shadow of FDR* has been updated to examine Bill Clinton's presidency including possible parallels between Hillary Clinton and Eleanor Roosevelt Concluding with an analysis of the 2000 presidential campaign William E Leuchtenburg assesses the influence FDR's legacy is likely to continue to have in the new century

In the Shadow of FDR William E. Leuchtenburg, 2011-03-15 A ghost has inhabited the Oval Office since 1945 the ghost of Franklin Delano Roosevelt FDR's formidable presence has cast a large shadow on the occupants of that office in the years since his death and an appreciation of his continuing influence remains essential to understanding the contemporary presidency This new edition of *In the Shadow of FDR* has been updated to examine the presidency of George W Bush and the first 100 days of the presidency of Barack Obama The Obama presidency is evidence not just of the continuing relevance of FDR for assessing executive power but also of the salience of FDR's name in party politics and policy formulation

A Companion to Theodore Roosevelt Serge Ricard, 2011-08-26 *A Companion to Theodore Roosevelt* is the first comprehensive anthology to encompass Roosevelt as whole highlighting both his personality and his skilled diplomacy Revitalizes and internationalizes scholarship on this most popular and highly rated American president Covers many aspects of Roosevelt's personality and his policies domestic and foreign to create a complete picture of the man Provides scholarship from both sides of the Atlantic from established Roosevelt specialists respected scholars and a new generation of historians A new and fresh historiographical exploration of Roosevelt's life and ideas political career and achievements and his legacies

The Problem South Natalie J. Ring, 2012 For most historians the late nineteenth and early twentieth centuries saw the hostilities of the Civil War and the dashed hopes of Reconstruction give way to the nationalizing forces of cultural reunion a process that is said to have downplayed sectional grievances and celebrated racial

and industrial harmony In truth says Natalie J Ring this buoyant mythology competed with an equally powerful and far reaching set of representations of the backward Problem South one that shaped and reflected attempts by northern philanthropists southern liberals and federal experts to rehabilitate and reform the country's benighted region Ring rewrites the history of sectional reconciliation and demonstrates how this group used the persuasive language of social science and regionalism to reconcile the paradox of poverty and progress by suggesting that the region was moving through an evolutionary period of readjustment toward a more perfect state of civilization In addition The Problem South contends that the transformation of the region into a mission field and laboratory for social change took place in a transnational moment of reform Ambitious efforts to improve the economic welfare of the southern farmer eradicate such diseases as malaria and hookworm educate the southern populace uplift poor whites and solve the brewing race problem mirrored the colonial problems vexing the architects of empire around the globe It was no coincidence Ring argues that the regulatory state's efforts to solve the southern problem and reformers increasing reliance on social scientific methodology occurred during the height of U S imperial expansion

Race Harmony and Black Progress Mark Ellis, 2013-10-16 Founded by white males the interracial cooperation movement flourished in the American South in the years before the New Deal The movement sought local dialogue between the races improvement of education and reduction of interracial violence tending the flame of white liberalism until the emergence of white activists in the 1930s and after Thomas Jackson Jack Woofert Jr a Georgia sociologist and an authority on American race relations migration rural development population change and social security maintained an unshakable faith in the effectiveness of cooperation rather than agitation Race Harmony and Black Progress examines the movement and the tenacity of a man who epitomized its spirit and shortcomings It probes the movement's connections with late 19th century racial thought Northern philanthropy black education state politics the Du Bois Washington controversy the decline of lynching the growth of the social sciences and New Deal campaigns for social justice

Dear Appalachia Emily Satterwhite, 2011-10-01 Much criticism has been directed at negative stereotypes of Appalachia perpetuated by movies television shows and news media Books on the other hand often draw enthusiastic praise for their celebration of the simplicity and authenticity of the Appalachian region Dear Appalachia Readers Identity and Popular Fiction since 1878 employs the innovative new strategy of examining fan mail reviews and readers geographic affiliations to understand how readers have imagined the region and what purposes these imagined geographies have served for them As Emily Satterwhite traces the changing visions of Appalachia across the decades from the Gilded Age 1865-1895 to the present she finds that every generation has produced an audience hungry for a romantic version of Appalachia According to Satterwhite best selling fiction has portrayed Appalachia as a distinctive place apart from the mainstream United States has offered cosmopolitan white readers a sense of identity and community and has engendered feelings of national and cultural pride Thanks in part to readers faith in authors as authentic representatives of the regions they write about Satterwhite

argues regional fiction often plays a role in creating and affirming regional identity By mapping the geographic locations of fans Dear Appalachia demonstrates that mobile white readers in particular including regional elites have idealized Appalachia as rooted static and protected from commercial society in order to reassure themselves that there remains an authentic America untouched by global currents Investigating texts such as John Fox Jr s The Trail of the Lonesome Pine 1908 Harriette Arnow s The Dollmaker 1954 James Dickey s Deliverance 1970 and Charles Frazier s Cold Mountain 1997 Dear Appalachia moves beyond traditional studies of regional fiction to document the functions of these narratives in the lives of readers revealing not only what people have thought about Appalachia but why **Myth and Southern History:**

The Old South Patrick Gerster, Nicholas Cords, 1989 Many historical myths are actually false yet psychologically true The contributors to this volume see myth and reality as complementary elements in the historical record Myth and Southern History is as much a commentary on southern historiography as it is on the viability of myth in the historical process Volume 2 The New South offers new perspectives on the North s role in southern mythology the so called Savage South twentieth century black and white southern women and the changes that distinguish the late twentieth century South from that of the Civil War era New Encyclopedia of Southern Culture, V. 17 Clarence L. Mohr, Charles Wilson, 2011 The New

Encyclopedia of Southern Culture **Imagining Southern Spaces** Deniz Bozkurt-Pekar, 2021-02-22 Identifying the antebellum era in the United States as a transitional setting Imagining Southern Spaces investigates spatialization processes about the South during a time when intensifying debates over the abolition of slavery led to a heightened period of re-spatialization in the region Taking the question of abolition as a major factor that shaped how different actors responded to these processes this book studies spatial imaginations in a selection of abolitionist and proslavery literature of the era Through this diversity of imaginations the book points to a multitude of Souths in various economic political and cultural entanglements in the American Hemisphere and the Circumatlantic Thus it challenges monolithic and provincial representations of the South as a provincial region distinct from the rest of the country *The Cultural Politics of the New Criticism* Mark Jancovich, 1993-11-26 Mark Jancovich examines the development of the New Criticism during the late 1920s and early 1930s and its establishment within the academy The Future South Joe P. Dunn, Howard Lawrence Preston, 1991

The Road to Chinese Exclusion Liping Zhu, 2013-10-15 Denver in the Gilded Age may have been an economic boomtown but it was also a powder keg waiting to explode When that inevitable eruption occurred in the Anti Chinese Riot of 1880 it was sparked by white resentment at the growing encroachment of Chinese immigrants who had crossed the Pacific Ocean and journeyed overland in response to an expanding labor market Liping Zhu s book provides the first detailed account of this momentous conflagration and carefully delineates the story of how anti Chinese nativism in the nineteenth century grew from a regional political concern to a full fledged national issue Zhu tells a complex tale about race class and politics He reconstructs the drama of the riot with Denver s Rocky Mountain News fanning the flames by labeling the Chinese the pest of

the Pacific and relates how white mobs ransacked Chinatown while other citizens took pains to protect their Asian neighbors. Occurring two days before the national election it had a decisive impact on sectional political alignments that would undercut the nation's promise of equal rights for all peoples made after the Civil War and would have repercussions lasting well into the next century. By examining the relationship between the anti-Chinese movement and the rise of the West, this work sheds new light on our understanding of racial politics and sectionalism in the post-Reconstruction era. As the West's newfound political muscle threatened Republican hegemony in national politics, many Republican legislators compromised their commitment to equal rights and unfettered immigration by joining Democrats to pass the noxious 1882 Chinese Exclusion Act, which was not repealed until 1943 and only earned congressional apologies in 2011 and 2012. The Denver Anti-Chinese Riot strikes at the core of the national debate over race and region in the late nineteenth century as it demonstrates a correlation between the national retreat from the campaign for racial equality and the rise of the American West to national political prominence. Thanks to Zhu's powerful narrative, this once overlooked event now has a place in the saga of American history and serves as a potent reminder that in the real world of bare-knuckle politics, competing for votes often trumps fidelity to principle.

Higher Education: Handbook of Theory and Research John C. Smart, Michael B.

Paulsen, 2012-04-25. Published annually since 1985, the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities. Each chapter provides a comprehensive review of research findings on a selected topic, critiques the research literature in terms of its conceptual and methodological rigor, and sets forth an agenda for future research intended to advance knowledge on the chosen topic. The Handbook focuses on twelve general areas that encompass the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community. The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world.

Colony and Empire William G. Robbins, 1994. Popular writers and historians alike have perpetuated the powerful myth of the rugged individualist single-handedly transforming the American West. In reality, William Robbins counters, it was the Guggenheims and Goulds, the Harrimans and Hearsts, and the Morgans and Mellons who masterminded what the West was to become. Remove the romance he shows, and a darker West emerges: a colonial-like region where industrial statesmen, aided by eastern U.S. and European capital, manipulated investments in pursuit of private gain while controlling wage-earning cowboys and miners. Robbins argues that understanding the impact of capitalism on the West from the fur trade era to the present is essential to understanding power, influence, and change in the region. Showing how global capitalism had a more profound impact on the modern West than individual initiative, he explores violence and racism along the Texas-Mexican border, colonial-style company towns in Montana, and the Northwest, contrasting traditions astride the U.S.-Canadian boundary, pace-setting agribusiness, and exploitation of labor in California, the growing power of metropolitan centers, and dependence of rural areas, and the

emergence of a sizable federal influence To grasp the essence of the West's dramatic transformation Robbins contends you must look to the mainstays of material relations in the region the perpetually changing character of political and economic culture the inherent instability of resources and the larger constellations of capitalist decision making Consequently he shows why Western success and failure prosperity and misfortune and expansion and decline were all inseparably linked to the evolution of capitalism at the local regional national and global levels In the tradition of Patricia Nelson Limerick's *Legacy of Conquest* Robbins's study challenges some of our most revered images of the West and invigorates the ongoing debates over its history and meaning for our nation

Regional Imagination The South And Recent American History Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be much more evident than ever. They have the ability to inspire, provoke, and ignite change. Such could be the essence of the book **Regional Imagination The South And Recent American History**, a literary masterpiece that delves deep in to the significance of words and their affect our lives. Regional Imagination The South And Recent American History Introduction

In the digital age, access to information has become easier than ever before. The ability to download Regional Imagination The South And Recent American History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Regional Imagination The South And Recent American History has opened up a world of possibilities. Downloading Regional Imagination The South And Recent American History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Regional Imagination The South And Recent American History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Regional Imagination The South And Recent American History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Regional Imagination The South And Recent American History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Regional Imagination The South And Recent American History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Regional Imagination The South And Recent American History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Regional Imagination The South And Recent American History Books

1. Where can I buy Regional Imagination The South And Recent American History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Regional Imagination The South And Recent American History book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
