Facing Reality Joseph Grcic,Ph D Joseph Grcic,2009-10-01 Facing Reality is an introduction to philosophy which examines central issues in philosophy from an interdisciplinary multicultural and applied manner It covers the traditional areas of philosophy such as the nature of knowledge ethics free will the existence of God life after death the nature of science and political philosophy In addition it covers topics usually not found in introductory texts such as obstacles to rationality theories of happiness world religions and the meaning of life Each chapter has a summary questions for review recommended films suggested readings and dilemmas for discussion There are also sections entitled Philosophy in Life where philosophical ideas are applied to current issues and debates      *The Rebirth* Sheila Matthews,2012-08-06 Its the end of the world and you are OK Imagine waking up today and your life is exactly the way you dreamed it would be Allow me to take you to a world where your life is just right Envision waking up in your ideal house everything is precisely the way you desire it to be You are with your perfect soul mate and you belong to a great family You exist in a place where each person wish you well and treat you like royalty I would like to welcome you to planet Zappelli This planet has a few similarities to planet Earth The trees here look the same so do the animals except everything here is ran differently The people of this planet are called Teleiotians which means perfection Everything functions completely opposite to earth Every citizen is born into a rich family The people of this planet are happy beings Happiness is a way of life there The word sadness is not known to them There is no jealousy Everyone works together and has a common goalthat is to live happy and free and make the best of the life that is given to them The Zapellians refer to each other as kings and queens They are supernatural beings They live for eternity There are strict rules to this planet That is why things run so smoothly The rules apply to everyone of every race Everyone there has a job and works for four hours a day and four days a week Jobs are assigned according to their individual skills and born talent Although no one has the right to tell you what to do or where to work the work you do is totally up to you We use our God

given talent here to help our community and our world We call this process talent sharing We all function as one Although we have different personality traits we function as one We have a common purpose a common goal We all operate within that purpose and that is to live happy and free and perfect within our world

**To Heaven Through Hell: A Book About Challenging and Changing Destructive Religious Beliefs** Sue Wilson, 2014-03-13 Whether we're talking about eternal Heaven and Hell in Western religions or Reincarnation and Karma in religions of the East Sue Wilson shares overwhelming evidence that what most religions teach about what happens when we die is totally wrong and fosters irrational fear and extreme codependency She asserts that contrary to these unsubstantiated teachings death is a positive experience for everyone Wilson is not an outsider looking in on this subject She's a former minister's wife and missionary to Africa a world traveler and a retired world history and geography teacher In *To Heaven Through Hell* she shares an incredible journey into the invisible realm beyond the physical world through a number of spontaneous paranormal or sixth sense experiences along with her extensive research from theologians psychologists psychiatrists doctors scientists and a host of others in the helping professions all of which refute religion's erroneous teachings concerning life after death Among her many sixth sense experiences are a powerful near death experience in which she cries out to the God she has learned to fear in fundamental Christianity and is assured that God's love is unconditional not only for herself but for all of us the appearance of her father's ghost who tells her that when he died he went to God immediately and was fully immersed in love and understanding as we'll all be when we die and an amazing regression experience which helps her understand that the purpose of reincarnation is opportunity not karma Wilson encourages readers to formulate healthy beliefs about God and the universe She shows how embracing positive beliefs about life after death especially removes the fear of dying and enables us to get on with the wonderful business of living She helps readers tap their own sixth sense and gives a problem solving model that incorporates all the senses the five traditional ones the controversial sixth and a seventh sense we often overlook in our desperate search for answers common sense And though she acknowledges that religious institutions have done much good in the world she challenges them to admit to the damage they have also done with destructive teachings about life and death and to replace them with better ones To acknowledge that all religions are resources not roadmaps including their own And to turn their buildings into lively classrooms where their members can find solutions to the real problems they face as human beings using good ideas from all disciplines in society and rejecting the rest

**Theosophical Siftings**, 1892 *Life Is a Battlefield* Priya Arora, 2025-07-31 Like Arjuna every human being must navigate the battlefield of life so the Gita speaks to us all providing invaluable coping skills to handle adversities that inevitably arise along the way In this book Priya Arora clubs together verses that have a common theme or concept such as the power of focus and how actions have consequences and goes on to explain the instructions that the Gita offers on how to handle these situations She contextualizes the verse and explains what the takeaway is meant to be The Gita's spiritual teachings are forever pertinent because they are not born of

the social constraints or moral conventions of a particular time in history Instead Krishna shows the path to overcoming suffering by adopting the right attitude to adversity This wonderful interpretation and explanation of the Gita shows the abiding relevance of Krishna s instruction in our lives today      **Bulletin** Detroit Public Library,1910      **The O.E.
