**Josephus and the Theologies of Ancient Judaism** Jonathan Klawans, 2013-01-10 Though considered one of the most important informants about Judaism in the first century CE the Jewish historian Flavius Josephus s testimony is often overlooked or downplayed Jonathan Klawans s *Josephus and the Theologies of Ancient Judaism* reexamines Josephus s descriptions of sectarian disagreements concerning determinism and free will the afterlife and scriptural authority In each case Josephus s testimony is analyzed in light of his works general concerns as well as relevant biblical rabbinic and Dead Sea texts Many scholars today argue that ancient Jewish sectarian disputes revolved primarily or even exclusively around matters of ritual law such as calendar cultic practices or priestly succession Josephus however indicates that the Pharisees Sadducees and Essenes disagreed about matters of theology such as afterlife and determinism Similarly many scholars today argue that ancient Judaism was thrust into a theological crisis in the wake of the destruction of the second temple in 70 CE yet Josephus s works indicate that Jews were readily able to make sense of the catastrophe in light of biblical precedents and contemporary beliefs Without denying the importance of Jewish law and recognizing Josephus s embellishments and exaggerations *Josephus and the Theologies of Ancient Judaism* calls for a renewed focus on Josephus s testimony and models an approach to ancient Judaism that gives theological questions a deserved place alongside matters of legal concern Ancient Jewish theology was indeed significant diverse and sufficiently robust to respond to the crisis of its day

**Jesus the Wicked Priest** Marvin Vining, 2008-03-27 Decodes the Dead Sea Scrolls to reveal Christianity s hidden Essene origins

Reveals the Essenes as key figures behind Jesus's trial, torture and crucifixion Shows how Jesus, a former Essene himself, was deemed the Wicked Priest for his liberationist politics and humanist bent Examines the lost Christian doctrine of reincarnation and the secret role of Gabriel in the Virgin Birth The Dead Sea Scrolls, discovered in 1947 at Qumran, are generally believed to have been written by a Jewish sect known as the Essenes between 350 BCE and 70 CE but until now no convincing methodology has linked the Scrolls to the actual life and teachings of Jesus Marvin Vining builds from the controversial work of Barbara Thiering to demonstrate that the Scrolls do speak directly to the origins of Christianity and even reflect a mirror image of the Gospels from the perspective of Jesus's enemies Christianity arose out of a schism between the exclusivist, rigid and militant views of the Essenes and the inclusivist, tolerant and nonviolent views of Jesus Jesus was raised an Essene but he refused to follow their orthodoxy Vining shows that the Dead Sea Scrolls are written in a secret, coded language called *peshar* in which Jesus emerges as the Wicked Priest, the antagonist to the Teacher of Righteousness who was the leader of the Essenes Jesus, the Wicked Priest, revitalizes the Gospel message by revealing Jesus's true role as a tireless social reformer and revolutionary teacher Vining's study reopens Christian doctrinal questions supposedly long settled such as reincarnation and the Virgin birth, even demonstrating that these two issues are related He discloses that the angel Gabriel was incarnate in a living human being and transmitted the seed of a holy bloodline to the Virgin Mary

**Ithihaasa** Bhaktivejanyana Swami,2013 Dr Singh Science says that the different species were not created simultaneously but evolved gradually I came across a statement in the Bhagavad Gita to the effect that all 8 400 000 species of living entities are created simultaneously Is that correct Srila Prabhupada Yes Living beings move from one bodily form to another The forms already exist The living entity simply transfers himself just as a man transfers himself from one apartment to another One apartment is first class another is second class and another is third class Suppose a person comes from a lower class apartment to a first class apartment the person is the same but now according to his capacity for payment or karma he is able to occupy a higher class apartment Real evolution does not mean physical development but the development of Consciousness Do you follow The apartment already exists however it is not the lower class apartment that becomes the higher class apartment That is Darwin s nonsensical theory He would say that the apartment has become high class Modern scientists think that life has come from matter They say that millions and millions of years ago there was simply matter but no life We do not accept that Of the two energies life and matter life or spirit is the original superior energy and matter is the resultant inferior energy Spirit is independent and matter is dependent Dr Singh All that you have been saying completely contradicts Darwin s theory of evolution Srila Prabhupada Darwin and his followers are rascals If originally there were no higher species why do they exist now Also why do the lower species still exist For example at the present moment we see both the intellectual person and the foolish ass Why do both these entities exist simultaneously Why hasn t the ass form evolved upwards and disappeared Why do we never see a monkey giving birth to a human In Bhagavad Gita the word yantra or machine means that in any species of life we are traveling in bodies that are like machines provided by material nature
