Russia and the World Stephen Graham,1915 *Russia and the World a Study of the War and a Statement, of the World-Problems That, Now Confront Russia, and Great Britain (Classic Reprint)* Stephen Graham,2017-09-11 Excerpt from Russia and the World a Study of the War and a Statement of the World Problems That Now Confront Russia and Great Britain No one could say with whom there was war but there certainly was war with someone It was a terrible moment when I heard that Germany had declared war on Russia but it was tempered by the fact that I could hardly believe the news to be true Still with the call to arms my vagabondage in Central Asia came to an end for the time being So the war came across my little thread of life This book takes up my story on the day of mobilisation on the Altai Mountains At first I thought of including the whole of the year s experience and thought and impressions of my Central Asian journey in one book with my pictures and thoughts of the war But I have put aside the earlier matter as hardly relevant to the immediate question of how the war is affecting Russia and how Russia stands in relation to the nations she pro teets and to the world in general Some time later I hope to return to the Altai village and resume my wanderings where I left off and when I have crossed Siberia may perhaps present a personal impression of the Russian Empire About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Great Britain In December 1913 when I was just returning to Russia after my tramp in America The London Times came forward and put its columns at my disposal and I was able to record my impressions there throughout the whole of the year During the winter I was seeking words and stories and impressions that would convey better the idea of Russia as the great religious force of Europe Russia the sanctuary from Westernism My first articles dealt with the religion of Russia the meeting of old friends the idea of sanctuary I visited many old friends of whom I have written in my books before Pereplotchikof the Russian painter with whom I spent a summer in the forests of Archangel Loosha whom I met at Batum Varvara Ilinitchna of the cottage with the Chinese wall at Gelendzhik on the Black Sea shore the old grandmother at Vladikavkaz to whom I brought a crown of thorns and a cross after my pilgrimage to Jerusalem My first letters home were from Moscow Kiev Vladikavkaz and other towns About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
