The Arcanum Thomas Wheeler,2007-12-18 It is 1919 and the Great War has come to a close But in the shadows of the world s major cities the killing has just begun In this perilous time as the division between order and chaos grows increasingly slim a select group of visionaries have taken it upon themselves to ensure the safety of humanity They are known as the Arcanum In London s stormy Hyde Park Konstantin Duvall the Arcanum s founder has been killed in a suspicious accident Dismayed the group s longest lived member Sir Arthur Conan Doyle determines to avenge Duvall s death and uncover the secret left in his wake For the dead man possessed the world s most powerful now missing artifact the Book of Enoch the chronicle of God s mistakes within whose pages lie the seeds for the end of everything From the scene of the crime Conan Doyle embarks on a path that leads him to the sleazy underworld of New York City s Bowery and a series of deceptively disparate but decidedly connected murders And as he calls upon the scattered members of the Arcanum for aid he also finds himself embroiled in a story of war as old as time itself Not of a struggle between countries but between darkness and light Peopled with the twentieth century s most famous and infamous figures here is an extraordinary tale in which the stakes go beyond the realm of humankind into the divine

Bridge of Waves W. A. Mathieu,2010-12-14 Music is in one sense merely a series of fleeting vibrations that arise and subside How could it be that something so insubstantial fills us and calms us and makes us weep Because says W A Mathieu music bridges mind and heart self and other and affirms our place in the world Everyone uses the bridge of music from casual listeners to devoted professionals Mathieu s delightful and trenchant prose asks you to question what music is how it works and how to understand its value in your life in the life of your community and in the evolution of the cosmos
