The Triple Witching Hour David R. Roell,2012-08 In his third book of essays Roell starts appropriately enough with an analysis of Occupy Wall Street a short lived protest movement which was brutally suppressed He explains why OWS failed and why astrology is essential for planning protest movements

Alan Leo's Dictionary of Astrology Alan Leo,2010-12 In 1917 at the height of his fame Alan Leo was charged with fortune telling which was illegal and taken to court He had been tried on similar charges in 1914 which had been dismissed But the charges brought in 1917 stuck Leo was given a hefty fine As winning on appeal seemed unlikely Leo paid the fine and went to Cornwall for a rest

where on 30 August 1917 he unexpectedly died of a cerebral hemorrhage aged 57 His friends blamed it on the strain of the court proceedings At the time of his death this Dictionary was one of Leo s unfinished projects Installments of the Dictionary had appeared in Leo s monthly magazine Modern Astrology up to the end of the article Horoscope pgs 130 136 That the project was long standing is hinted by the article on Hindu Astrology pgs 76 101 written by Sepharial some years before and which Leo had presumably purloined More material was in preparation but Leo s untimely death brought matters to a halt By the early 1920 s Vivian Robson had succeeded Leo as editor of Modern Astrology a post he shared with Bessie Leo the widow An intense scholarly type Robson stumbled across bound copies of Leo s incomplete book while he was compiling his own astrological dictionary At the suggestion of Bessie Robson abandoned his dictionary and set about to complete Leo s using the many notes and fragments that Leo had left Which was published in 1929 as Alan Leo s final book Shortly thereafter Bessie and Vivian had a falling out whereupon Vivian left This book was to be an orphan Like its precursor James Wilson s Dictionary of Astrology of 1819 Leo s book contains several full blown monographs Both books have lengthy entries on Horary Astrology for example These articles tend to break the flow of the book For this reason the current publishers Astro America have added headings to each page that the reader may know whereabouts in the book he may be The publishers have also added a list of principal articles to the front as well as a complete list of entries forming an index in the back Alan Leo s Dictionary of Astrology is again in print Profit from the wealth of knowledge it contains

A Student's Text-Book of Astrology Vivian Robson Memorial Edition Vivian Erwood Robson, 2010-09 The year before he wrote his famous book on fixed stars Vivian Robson 1890 1942 wrote this one In it he put the distillation of four years intense work spent in the British Museum Reading Room where he studied very nearly every astrology book ever written in English and Latin To this day he is virtually the only man to have ever undertaken a study of this magnitude What makes the Student s Text Book of Astrology unique is its unparalleled wealth of detail Topics include Personal Appearance Character and Mind Health and Accidents Finance Occupation and much more For each Robson gives specific rules of judgment and then supplies aphorisms collected from many ancient sources The result is one of the most comprehensive astrology books ever written I n private conversation he would talk for hours on the science of which he was a master Indeed his knowledge not only of astrology but of many other sciences was phenomenal and few who enjoyed his conversation could fail to go away with an enhanced knowledge of whatever subject had been under discussion He will be remembered best by his two chief books A Student s Text book of Astrology and The Fixed Stars and Constellations in Astrology Of these the former is deservedly popular and the latter is a classic containing as it does a mass of information dating from the days of Greek mythology up to modern times C E O Carter I have heard him converse knowledgeably on a dozen and one different subjects I really believe he knew something about everything but so far as astrology was concerned his versatility showed forth in a phenomenal knowledge of his subject To converse on astrology with him even if only for one short hour was inevitably to gain something new and valuable in the way

Duels at Dawn David R. Roell, 2012-07 From the Introduction You have economic hard times to thank for this book I am by profession a bookseller In 2007 a friend suggested a newsletter as a way of enhancing book sales I think she had monthly specials promo sheets and upcoming new titles in mind but I was too dense for that Instead I wrote on topics of my own fancy The first two years 2007 9 when the newsletter appeared monthly were well dreadful The week that Venus went retrograde in March 2009 with the stock market stabilizing after months of plunging I shifted from a monthly single page newsletter to a weekly three pager I followed a three page format for a couple of years Most of the worth while essays were compiled in my first book Skeet Shooting for Astrologers Two years later in March 2011 with the economy ever more bleak and myself running out of ideas I started writing celebrity delineations and in the process broke out of a rigid format The delineation of Jon Stewart of the Daily Show was the first of these Retrograde Venus has turned up in a surprising number of the charts I ve written about given its rarity among them the chart for the Republican Party as well as the charts for Rep Ron Paul Mayor Michael Bloomberg Jon Stewart and some others No my Venus is not retrograde Essays are in order of publication in part as I think organizing by topic makes for a boring block of reading The book starts with the last of the 2 column essays from the original 3 page weekly Meanwhile the economy is now in the fifth year of straight decline I do wish the people in charge of the country would just send us all envelopes stuffed with cash I can live on barter just as well as money but when that happens there will be no authors there will be no books there will be no commerce Money has its uses

The Manual of Astrology, the Standard Work Sepharial, 2010-09 First published in 1898 this is a very different astrology book from what we have now There are extensive delineations for the signs of the zodiac especially when found on the ascendant There are delineations of planets in signs when they are in the first house or are the chart ruler in both cases describing the physical appearance There are delineations of planets in the various houses which will also serve for the planetary rulerships of the houses There are only sketchy notes on aspects So far as the pure astrology of planets in signs in houses in aspect there is almost nothing at all The reason is found in the second part of the book We are not reading the chart as a psychological abstraction We are instead looking for specific traits attempting to answer specific questions Will we have a profession What kind of marriage What kind of children Will we vanquish our enemies or submit to them What kind of illness We then find the house s of the horoscope which rule the question and then delineate the signs planets we find there These are by the way the sort of questions that clients would ask if they only knew we could give answers The sort of things that astrologers themselves want to know In the process we learn how to read a chart get real meaning from it We get ideas from one section and then apply them to other sections There are hundreds and hundreds of useful aphorisms except that

Sepharial doesn't label them as such. Get this book, study it, underline key passages, scribble in the margins. You will learn more from this book than most all others put together. *Medical Astrology* Heinrich Daath, 2013-03. This is one of the most sophisticated medical astrology books ever written. Many of the finer points are dealt with. You know the head is ruled by Aries, but did you know the nasal bones are co-ruled by Scorpio? There are references to Vedic principles. A helpful diagram explains the subtle division of the urinary tract between Libra and Scorpio. Rulerships are given not only for areas of the body and its organs but also for bones, muscles, arteries, and veins. Terminology in the book is modern. Gemini's rulership of muscles includes the deltoid, biceps, supinator, radii, subclavians, triceps, serratus anticus, minor pectoralis, palmaris, etc. Many chapters are unique, such as Chapter 5 on crystallization and Chapter 6 on tonicity, atonicity, and perversion. This chapter also tells how pairs of planets mirror each other: Sun/Moon, Mars/Saturn, Jupiter/Venus, Uranus/Neptune, with Mercury as a receiver. Chapter 11 concerns many different kinds of planetary strengths: among them, aspect strength, mundane strength, natural strength, the planet in its natal sign, and directional strength. Chapter 13 gives astrological indicators for some specific diseases, a foretaste of what Charles Carter would expand upon in his famous *Encyclopaedia of Psychological Astrology*. This book was originally published as Alan Leo's *Astrological Manual* No. 9 in 1908. This is the second edition of 1914. There are references in this book to other books in the Alan Leo series dealing with chart construction. This book is highly recommended by H. L. Cornell in his *Encyclopaedia of Medical Astrology*. Heinrich Daath's *Medical Astrology* is part of a comprehensive series of classic astro-medical texts published by Astrology Classics. Other books in the series include Joseph Blagrove, *Astrological Practice of Physick* 1671; C. E. O. Carter, *An Encyclopaedia of Psychological Astrology* 1954; H. L. Cornell, *Encyclopaedia of Medical Astrology* 1933; Nicholas Culpeper, *Astrological Judgement of Diseases from the Decumbiture of the Sick* 1655 and *Urinalia* 1658; Richard Saunders, *The Astrological Judgement and Practice of Physick* 1677; Luke Broughton, *The Elements of Astrology* 1898.
