

county Record Offices and English Catholic private archives, as well as attempting an analysis of the immense waste of pamphlet literature. It was a tremendous undertaking and bound to yield meagre and patchy fruits. The field was one in which quick scoops are rare, and fruits are only yielded to very long-term, usually team investigations, patiently assembling minute details and acquiring a 'connaturality' with the strangeness and technicalities of the field. Miller's effort was valiant, but its shortcomings are evident. His recusancy statistics remain meaningless for lack of detailed reconstruction of the local communities they represent. His use of ecclesiastical Catholic archives betrays an astonishing lack of contacts (he ignores secular priest and Benedictine archives) and a speed which took little account of exact detail (for instance he does not discuss the nature of the Vatican archive sources, and (p. 30) mistakes the significance of a vague and odd address to a priest in London). He says that he could find no correspondence of Catholic gentry for his period – when the resources of Record Offices and private collections in that field are a mystery still to specialists.

There are a few mistakes of fact or spelling: pp. 30, 129 and 279, 'Cardinal Barberino' (Barberini); p. 57, a misleading account of the High Commissions; p. 82, Bishop Goodman most likely did not become a Catholic (according to his biographer, G. Soden); p. 85, n. 64, 'secretaries' (sectaries); p. 93, 'received into the Catholic church on his deathbed'; p. 268 'Norwick' (Norwich).

BRACKNELL, BERKS.

J. C. H. AVELING

S.P.G. Papers in the Lambeth Palace Library. Calendar and Indexes. Prepared by W. W. MANROSS. Oxford University Press, 1974. Pp. xii + 230. £11.50.

In 1965 Professor Manross published the calendar to the American colonial section of the Fulham Papers in the Lambeth Library. He now gives a calendar for the S.P.G. Papers in the same Library. Of course most of the S.P.G. Papers are still at S.P.G. But the early minutes and the early letters may have been collected by Archbishop Tennison of Canterbury before S.P.G. had a building of their own to store archives. They include the minutes for 1701–11 and for 1737–50, with some correspondence of the archbishops relating to American affairs and especially to the bestowal of the episcopate on the Protestant Episcopal Church. Many of the early minutes concern appointments, testimonials, pay, leave in England. But the minutes contain unsummarized and fairly regular reports for missionaries, some of which must be of the first importance for American social life. In correspondence volume IX there are letters and reports which look useful for the Swiss church troubles in 1704–5.

Essays in the Economic History of the Atlantic World John McCusker,2005-08-15 Written by one of the leading authorities on trade and finance in the early modern Atlantic world these fourteen essays revised and integrated for this volume share as their common theme the development of the Atlantic economy especially British America and the Caribbean Topics treated range from early attempts in medieval England to measure the carrying capacity of ships through the advent in Renaissance Italy and England of business newspapers that reported on the traffic of ships cargoes and market prices to the state of the economy of France over the two hundred years before the French Revolution and of the British West Indies between 1760 and 1790 Included is the story of Thomas Irving who challenged and thwarted the likes of John Hancock Samuel Adams Alexander Hamilton George Washington and Thomas Jefferson

British Archives Janet Foster,Julia Sheppard,1995-09-27 Since it was first published in 1982 British Archives has established itself as the premier reference work to holdings of archives and manuscript collections throughout the UK The 3rd edition has been extensively revised and enlarged with more than 150 new entries further widening the range of the book Entries are structured to show the archives of the organisation as distinct from deposited collections and significant non manuscript material and additional details of fax number and conservation provision are included for the first time All the existing entries have been significantly updated together with the select bibliography and list of useful addresses of various organisations involved in the care and custody of archives The introduction provides an invaluable guide to researchers using archives including a summary of the relevant legislation and a detailed description of the usual holdings of county and other local authority record offices

British Archives J. Foster,J. Sheppard,2016-04-30 British Archives is the foremost reference guide to archive resources in the UK Since publication of the first edition more than ten years ago it has established itself as an indispensable reference source for everyone who needs rapid access on archives and archive repositories in this country Over 1200 entries provide detailed information on the nature and extent of the collection as well as the organization holding it A typical entry includes name of repository parent organization address telephone fax email and website number for enquiries days and hours of opening access restrictions acquisitions policy archives of organization major collections non manuscript material finding aids facilities conservation publications New to this edition email and web address expanded bibliography consolidated repository

and collections index *Missionary Encounters* Robert A. Bickers, Rosemary Seton, 2013-11-05 Describes the exceptional wealth of missionary archives and the major contributions they can make not only to the study of the processes of Christian evangelism and Western imperialism but also their value in documenting and analysing the nature of Western encounters with indigenous societies *Tracing Your Church of England Ancestors* Stuart A. Raymond, 2017-08-30 In his latest handbook on the records of the major Christian religions Stuart Raymond focuses on the Church of England He identifies the available sources comments on their strengths and weaknesses and explains how to make the best use of them The history of the Church of England is covered from the Reformation in the mid sixteenth century until the present day Anyone who has a family connection with the Church of England or a special interest in the local history of the church will find his book to be a mine of practical information and an essential aid for their research A sequence of short accessible chapters gives an insight into the relevant records and demonstrates how much fascinating genealogical information can be gleaned from them After providing a brief history of the Church of England and a description of its organization Stuart Raymond explores the wide range of records that researchers can consult Among them are parish registers bishops transcripts marriage licenses churchwardens accounts vestry minutes church magazines tithe records and the records of the ecclesiastical courts and Anglican charities and missions A wealth of research material is available and this book is the perfect introduction to it

Colonial South Carolina Robert M. Weir, 2023-02-24 A standard source on one of the most enigmatic colonies in North America In this modern and complete history Robert Weir explicates the apparent paradoxes that defined colonial South Carolina In doing so he offers provocative observations about its ascension to the pinnacle of mid eighteenth century prosperity escalating racial tension struggles for political control and push toward revolution *From New Babylon to Eden* Bertrand Van Ruymbeke, 2025-10-02 A revealing account of the choices French immigrants faced as they settled in South Carolina Winner of the National Huguenot Society's 2007 Book of the Year award *From New Babylon to Eden* traces the persecution of Huguenots in France and the eventual immigration of a small bloc of the French Calvinist population to proprietary South Carolina Placing the Carolina migration in the context of the larger Huguenot diaspora Van Ruymbeke proffers an account that challenges accepted history Describing their settlement as a process of acculturation and creolization rather than simply assimilation he contends that most of these French Calvinists sought to create their own churches but were thwarted by an Anglicized elite eager to dominate Anglo Carolinian society He also reveals that most members of the initial generation were only moderately prosperous and that it was their descendants who acquired the wealth often associated with lowcountry Huguenots A new foreword by Owen Stanwood and preface from the author consider the continuing significance of the book nearly twenty years after its original publication
