Lord Salisbury And Foreign Policy The Close Of The Nineteenth Century:

Lord Salisbury and Foreign Policy John A. S. Grenville, 1970

Lord Salisbury's World Michael Bentley, 2001-09-06

Lord Salisbury 1830-1903 is now a subject of intense historical attention. This important study moves away from conventional biography and presents an original portrait of the mental world inhabited by late Victorian Conservatives at the time when their world view was coming under severe strain. At the centre of the picture is the 3rd Marquess of Salisbury but Lord Salisbury's World does not simply tell the story of his life and politics. Instead it asks sensitive questions about how the political, intellectual and religious environments of the late Victorian period seemed to one of its sharpest intellects and it situates Salisbury and his immediate entourage in a wide landscape of relationships, perceptions and problems. Professor Bentley takes the reader into Conservative assumptions about time and space, property and society, religion and the state and the past and the future, the very language in which they expressed themselves.

The End of the Spanish Empire, 1898-1923 Sebastian Balfour, 1997. This is the first full account in any language of Spain's disastrous war with the United States in 1898 in which she lost the scattered remnants of her old empire. It is also the first comprehensive analysis of the ensuing political and social crisis in Spain stretching from the loss of the Empire to the military coup of 1923. Sebastian Balfour weaves together political, economic and social history in his study of the reaction to war and crisis by a wide range of participants from rioters to rulers. He examines the rise of Catalan nationalism, the fruitless efforts of politicians and intellectuals to regenerate Spain from above, the disintegration of Spain's political system before 1923 and the creation of an imperial myth in the subsequent dictatorship of Primo de Rivera and Franco. This is essential reading for anyone wishing to understand the roots of the Spanish crisis in the first half of the twentieth century.

A New England? G. R.

Searle, 2005-07-29. G. R. Searle's absorbing narrative history breaks conventional chronological barriers to carry the reader from England in 1886, the apogee of the Victorian era with the nation poised to celebrate the empress queen's golden jubilee to 1918, as the war to end all wars drew to a close, leaving England to come to term with its price above all in terms of human life but also in the general sense that things would never be the same again. This was an age of extremes, a period of imperial pomp and circumstance with a political elite preoccupied with display and ceremony alongside the growing cult of the simple life, the zenith of imperialism with its idealization of war on the one hand, the start of the Labour Party, a socialist renaissance and welfare politics on the other, and a radical challenging of traditional gender stereotypes in the face of the prevailing cult of masculinity. Under Professor Searle's historical microscope, all the details of daily life spring into sharp relief. Half-forgotten figures such as Edward Carpenter, Vesta Tilley and Sir Henry Campbell Bannerman take their place on stage beside Oscar Wilde, the Pankhursts and Lloyd George. Motoring and aviation to become such an intrinsic part of life within the next decades had their beginnings in this period as pastimes for the rich. From the wretched slums of England's great cities to their bustling docks and factories, from the grand portals of Westminster to the violent political challenges of the Ulster

Unionists and the militant suffrage movement from Blackpool's tower and beach packed with holidaymakers to the trenches of the Western Front the energy creativity and often destructive turmoil of the years 1886-1918 are brought into focus in this magisterial history **THE NEW OXFORD HISTORY OF ENGLAND** The aim of the New Oxford History of England is to give an account of the development of the country over time It is hard to treat that development as just the history which unfolds within the precise boundaries of England and a mistake to suggest that this implies a neglect of the histories of the Scots Irish and Welsh Yet the institutional core of the story which runs from Anglo Saxon times to our own is the story of a state structure built round the English monarchy and its effective successor the Crown in Parliament While the emphasis of individual volumes in the series will vary the ultimate outcome is intended to be a set of standard and authoritative histories embodying the scholarship of a generation

For the File on Empire NA NA,2016-02-25 **Protectorate Cyprus** Gail Dallas Hook,2015-02-17 A strategic outpost in the Eastern Mediterranean Cyprus was vital to British imperial ambitions in the East as the Ottoman Empire grew increasingly fragile in the nineteenth century Here Gail Dallas Hook describes the British occupation of Cyprus from 1878 to 1914 during which British government science and capital investment were installed alongside a new British colonial community building British Cyprus long before the island became a formal part of the British Empire Protectorate Cyprus further demonstrates how the British attempted to bring good government to Cyprus yet failed to resolve the issues of Muslim and Greek Orthodox divisions It is a unique representation of Britain's informal empire before World War I that has been little studied Protectorate Cyprus is a crucial addition to the history of the British Empire

Chocolate on Trial Lowell Joseph Satre,2005 At the turn of the twentieth century Cadbury Bros Ltd was a successful Quaker owned chocolate manufacturer in Birmingham England celebrated for its model village modern factory and concern for employees In 1901 the firm learned that its cocoa beans purchased from Portuguese plantations on the island of S o Tom off West Africa were produced by slave labor *Chocolate on Trial* Cadbury Slavery and the Economics of Virtue in Imperial Britain gives a lively and highly readable account of the events surrounding the libel trial in which Cadbury Bros Ltd sued the London Standard following the newspaper's accusation that the firm was hypocritical in its use of slave grown cocoa As compelling now as at the turn of the previous century the issues probed by Lowell J Satre give invaluable historical background to contemporary issues of business ethics corporate social responsibility and globalization The story Satre tells illuminates what a stubbornly persistent institution slavery was and shows how Cadbury a company with a well regarded brand name and logo endured ethical dilemmas and challenges to its record for social responsibility *Chocolate on Trial* brings to life the age old conflict between economic interests and the value of human life Satre illuminates the stubborn persistence of the institution of slavery and shows how Cadbury a company with a well regarded brand name from the nineteenth century faced ethical dilemmas and challenges to its record for social responsibility *Chocolate on Trial* brings to life the age old conflict between economic interests and regard for the dignity of human life

Britain and the Armenian

Question Akaby Nassibian,2023-11-06 First published in 1984 Britain and the Armenian Question examines the direction changes and ramifications of British policy towards Armenia during 1915 to 1923 The author has made extensive use of parliamentary papers and those of the Cabinet Foreign Office War Office and India office as well as documents produced by pro Armenian groups during the period This material is used to build up a detailed and incontrovertible study of British policy which shows the extent to which it was governed by self interest even when support for Armenia was its most altruistic Once Britain secured predominance in the Persian Gulf she lost all her interest in Armenian territory and the dilemma was posed when the war ended not only did she no longer need Armenia but also had to decide who to support in Russia Armenia lost out on all sides and was compelled eventually to adapt herself to the policies of the surrounding countries This is an interesting read for scholars and researchers of international relations and international political history *British Political Leaders* Keith Laybourn,2001-08-16 This A Z biographical dictionary profiles Britain s prime ministers foreign secretaries home secretaries and Chancellors of the Exchequer from 1730 through the present all in clear concise language These leaders guided the nation through the loss of empire through two devastating world wars and into a new role as members of the European Union In clear accessible language this new dictionary shows how in the 18th century and to a lesser extent in the 19th century many of Britain s top leaders were linked more closely by family and factional interests than by party It also illustrates and helps to explain the rise of the Labour Party and the emergence of New Labour The Origins of World War I Richard F. Hamilton,Holger H. Herwig,2003-02-24 This work poses a straightforward yet at the same time perplexing question about World War I Why did it happen Several of the oft cited causes are reviewed and discussed The argument of the alliance systems is inadequate lacking relevance or compelling force The arguments of mass demands those focusing on nationalism militarism and social Darwinism it is argued are insufficient lacking indications of frequency intensity and process how they influenced the various decisions The work focuses on decision making on the choices made by small coterie in Austria Hungary Germany Russia France Britain and elsewhere The decisions made later by leaders in Japan the Ottoman Empire Italy the Balkans and the United States are also explored The final chapters review the basic causes once again An alternative position is advanced one focused on elites and coterie their backgrounds and training and on their unique agendas
