Lords Of The Lebanese Marches Violence And Narrative In An Arab Society:

Lords of the Lebanese Marches Michael Gilsonan, 1996-01-01 Michael Gilsonan looks at the relations between different forms of power violence and hierarchy in Akkar the northernmost province of Lebanon during the 1970s Often regarded as backward and feudal in reality this area was controlled primarily by groups with important roles in government and business in Beirut The most feudal landowners had often done most to introduce capitalist methods to their estates and backwardness was a condition produced by this form of political and social control Gilsonan uses material from his stay in Akkar and a variety of historical sources to analyze the practices that guaranteed the rule of the large landowners He traces shifts in power and he examines the importance of narratives and rhetoric in constituting social honor collective biography and shared memory forgetting His lively account shows how changes in hierarchy were expressed in ironic commentary regarding idealized masculinity and violence how subversive laughter and humor counterpointed the heroic ethic of challenge and revenge and how peasant narratives both countered and reproduced the values of hierarchy *Lords of the Lebanese Marches* Michael Gilsonan, 1995-12-31 This book is a study of how feudalism works in a contemporary Arab society examining the operations of the hierarchy of Lebanese warlords The book shows how the warlords have adapted to changing economic conditions in Lebanon Whereas power was formerly based on landed estates it now lies in services and capital The book examines the nature of the competition between these men how elections are influenced by patronage and violence

The Breakdown of the State in Lebanon, 1967-1976 Farid El Khazen, 2020-12-10 Why did the Lebanese state the most open and democratic political system in the Middle East break down between 1967 and 1976 In this major contribution to the debate Fazel el Khazen rejects the standard explanations of the Lebanese Civil War and argues instead that the causes were due to the official state ideology which recognized diversity dissent and a highly pluralistic population and then specific external factors pressures from the Arab Israeli Conflict inter Arab rivalries and the Palestine Liberation Organization s close connection to Lebanese politics Using an historical analysis el Khazen sheds light on the political situation of the country in the lead up to the conflict and the major role Lebanon s neighbours had in the events The detailed and comprehensive account uses interviews with the key protagonists in the civil war and analysis of unpublished sources to reveal how and why the breakdown took place *Narratives of the History of the Ottoman-Kurdish Bedirhani Family in Imperial and*

Post-Imperial Contexts Barbara Henning, 2018-04-03 **The Imperial School for Tribes** Mehmet Ali Neyzi, 2023-04-06 Founded in the waning years of the Ottoman Empire the Imperial School for Tribes Asiret Mektebi was an initiative by Sultan Abdulhamid II to bring the sons of prominent Arab tribal leaders to Istanbul for a world class education and transform them into loyal Ottoman future military and governmental leaders Utilizing a plethora of new documents recently made available in the Ottoman archives as well as Ottoman newspaper collections in Istanbul and Beirut this is the first book to shed light on the School for Tribes It provides a detailed analysis of the origins and families of the over 500 graduates of the school as well

as the recruitment and placement processes developed by the administration The further careers and allegiances of the graduates are examined allowing us to better understand relations between Turks and Arabs both during the last years of the Empire as well as in the following decades The book shows that many graduates who became prominent leaders in their newly formed countries including Abdulmuhsin al Sadoun Prime Minister of Iraq Omar Mansour and Orhan Kologlu Prime Ministers of Cyrenaica Libya and Ramadan al Shallash Lebanon availed of their Ottoman training and preserved their imperial loyalties even as rifts that occurred between the Republic of Turkey and the Arab states widened The Outside Alice Elliot,2021-04-06 What does migration look like from the inside out In *The Outside* Alice Elliot decenters conventional approaches to migration by focusing on places of departure rather than arrival and rethinks migration from the perspective of those who have not yet left Through an intimate ethnography of towns and villages notorious in Morocco for their striking emigration to the outside Elliot traces the powerful ways migration permeates life as brutal bureaucratic machinery administering hope and despair as intimate force crisscrossing kinship relations and bonds of love and care as imaginative horizon of the self and of the future Challenging dominant understandings of migration and their deadly consequences by centering non migrants sharp theorizations and intimate experiences of the outside Elliot recasts migration as a deeply relational entity and attends to the ethnographic conceptual and political imagination required by the constitutive relationship between migration and life

Palestinian Refugees and Identity Luigi Achilli,2015-06-22 After the creation of the State of Israel in 1948 Palestinian refugees fled over the border into Jordan which in 1950 formally annexed the West Bank In the wake of the 1967 War another wave of Palestinians sought refuge in the Hashemite kingdom Today 42 per cent of registered Palestinian refugees live in Jordan As a result of this historical context one might expect Palestinian refugee camps to be highly politicised spaces Yet Luigi Achilli argues in this book that there is in fact a relative absence of political activity Instead what is prevalent is a desire to live an ordinary life It is within the framework of the performing and creating everyday life working praying relaxing watching football matches surfing the internet or idling in barber shops that Achilli examines nationalism and identity Palestinian refugees have been traditionally depicted by the Western media as inherently political beings ready to fight and resist all attempts to quash their nationalist struggle But except for occasional political demonstrations and events neither the political turmoil in Gaza and the West Bank nor the uprisings throughout the Middle East of 2011 have roused refugees out of what they described as the ordinary course of daily life in the camp Achilli argues instead that refugee daily life in many ways revolves around the practice of suspending the political The performative and reiterative dimensions of ordinary activities have not however precluded refugees from feeling an affinity for many of the meanings ideals and values of Palestinian nationalism Achilli holds that it is through the desire for an ordinary life that these Palestinian refugees are able to assert their own meanings and understandings of national identity against the more inflexible interpretations provided by the political systems in Gaza and the West Bank Examining the concepts of everyday

Islam as well as the construction of masculine identity in the camps Achilli offers vital analysis of the complexities and ambiguities of camp dwellers experience of the political in ordinary times

Architecture, Power and Religion in Lebanon Ward Vloeberghs, 2015-11-24 In Architecture Power and Religion in Lebanon Ward Vloeberghs explores Rafiq Hariri's patronage and his posthumous legacy to demonstrate how religious architecture becomes a site for power struggles in contemporary Beirut By tracing the 150 year long history of the Muhammad al Amin Mosque Lebanon's principal Sunni mosque and the subsequent development of the site as a commemoration venue this account offers a unique illustration of how architecture religion and power become discursively and visually entangled Set in a multi confessional society marked by social inequalities and political fragmentation this interdisciplinary study analyses how architectural practice and urban reconfigurations reveal a nascent personality cult communal mourning and the consolidation of political territory in relation to constantly shifting circumstances
