## **Losing Everything Stories:**

**Losing Everything** David Lozell Martin, 2008-12-30 In *Losing Everything* his first book of nonfiction acclaimed novelist David Lozell Martin tells his wildest most outlandish story yet his own One evening in the mountainous forest of his isolated West Virginia farmhouse Martin became disoriented when searching for a horse who had wandered off the property Wading through the dark and guiding his horse with a belt around its neck Martin felt as though every step was taking him deeper into the mountains Instead he unknowingly spent the night walking in a wide circle that brought him back to where he started This quickly became a metaphor for Martin s life The more lost I get the closer to home I come After growing up with a violent father who nearly killed Martin s clinically insane mother Martin pursued a writer s life with a vengeance becoming vulnerable to struggles with alcohol financial ruin and legal feuds Then after a betrayal by his soul mate Martin s sanity was in as much jeopardy as his mother s had ever been a state of mind that in his case led to gunfire divorce and at least one trip to the emergency room But *Losing Everything* is less about getting lost and more about finding your way home again In his pursuit of stability Martin uncovered lessons that might help others who have encountered loss take pleasure in something as small as an ampersand keep a list of people you know who have died meet your own death like a warrior and be glad you don t own a monkey Deeply personal yet surprisingly universal Martin s story is for anyone who has wandered astray If not a road map his journey is a guide providing hard earned wisdom to illuminate the path home

**How to Invest Without Losing Everything - Things You Need to Know Before You Start Investing** John Davidson, Dueep Jyot Singh, 2018-06-11 Table of Contents Introduction Man hours calculation for making up a loss Do You Trust Banks or Not How about Crowdfunding Diversifying your Portfolio Taking out Loans For Investment Purposes Mixing up Your Investments Always Have an Emergency Fund Credit card debts Conclusion Author Bio Publisher Introduction A couple of days ago a friend of mine got really excited when she was describing the latest investment idea found out by her husband He had found out something called crypto currency and bit coins and her husband wanted to borrow some money from me to invest in this latest best thing after sliced bread When I laughed in her face and told her that a fool and his money are soon going to be parted but he is not going to party on my money we parted brass tacks There is no way in which people like her or her husband can be persuaded that this is one of the most well known of scams going on in the 21st century but of course they know everything In fact I wrote a book on crypto currency and why it was potentially a scam but human beings have this self destructive instinct when they are not going to listen to any sort of good advice ever Especially when they are in the millennial age group and they know that the world is their oyster and they can never go wrong in their own judgment Nevertheless this book is to tell you how if you find yourself compelled against your will but you intend doing it just because you need to look through all these tips and techniques as a reminder You are taking a risk You subconsciously intend to lose your shirt Under such circumstances nobody can do anything about you but it is much more sensible if you look at some points given here in this book before you try out any sort of investment Everybody knows that nothing ventured nothing won But you have to make sure that you never reach that state of investment when you begin to feel stressed out You have invested so much money that if you lose it all you are going to go completely broke When you reach this stage you need to put a stop to any sort of investment stocks shares foreign exchange and never ever invest in bit coin or crypto currency
