Lots And Lots For Tiny Tots:

Tiny Tots and Tender Hearts R. V. Kumar, 2013-12-30 *Tiny Tots and Tender Hearts* explains the basics of heart diseases in children. Although there are chapters devoted to this subject in other books, but the general and individual aspects are not given in depth. Besides, there is no source book for paramedicals, parents and relatives of patients to understand such a complicated topic. Awareness helps cope better and this book answers questions like how congenital heart defects are formed, why they are formed, when to suspect, how doctors confirm and related issues like psychological aspects, lifestyle after surgery etc. The book is well illustrated with more than 150 colour images and diagrams and the language has been kept simple with no technical jargon. The present book is useful for doctors involved in the study of children's heart disease, final year MBBS MD pediatrics and MD General Medicine students, nurses, technicians, counselors involved in children's heart care and parents and relatives of children suffering from heart diseases. **Tales of a Country Doctor** Paul Carter, 2014-04-21

One cold winter night on my way to have dinner with friends I got stuck in traffic. There had been an accident at the lights ahead. As I sat there in the dark and the wet waiting for the mess to be cleared I glanced across the road. There on a noticeboard outside a rundown weatherboard church was a message: Unless you change direction you will end up where you are going. It's a sign I said. Ha ha. But I had already taken the message to heart. Paul Carter was a successful doctor with a thriving practice in Melbourne but his personal life had reached a crossroads and the buzz of the city had turned to a grey and grimy drudge. The answer to his problems he decided was to move to the country to a house on a hill overlooking a lake. *Tales of A Country Doctor* are Paul's stories of adjusting to life in a small town and how he came to meet his best mate Hardy the Munsterlander. Compelling, delightful and surprising these charming stories of life, loss and healing in a country town will transport you and renew your faith in humanity. **The Complete Mumsnet Guides** Mumsnet, 2011-06-06

The Complete Mumsnet Guides brings together the wisdom of Pregnancy The Mumsnet Guide, Babies The Mumsnet Guide and Toddlers The Mumsnet Guide. It is packed full of the advice, reassurance and down to earth humour of the hundreds of thousands of mums and a fair few dads too who have swapped recommendations and war stories on Mumsnet.com distilled and presented in a way that is both accessible and authoritative. From hormones to hypnobirthing, stretch marks to swollen ankles, birth plans to births not so planned, Pregnancy The Mumsnet Guide is the essential birthing bible for every parent to be. Babies The Mumsnet Guide then takes you through everything from breastfeeding, colic and getting some sleep to debates about parenting gurus and the best form of childcare by way of a fair bit of gore and the odd bit of flagrant silliness about postnatal vaginal circumference and baby names. Finally Toddlers The Mumsnet Guide carries you on through behaviour and discipline, potty training, food, sibling rivalry, returning or not to work, travel and education. This is the indispensable guide from the frontline of parenting.
