Year Book of American Poetry ,1929 **Classical Chinese Literature: From antiquity to the Tang dynasty** John
Minford,Joseph S. M. Lau,2002 Contains English translations of Chinese writings drawn from throughout a period of four
hundred years including poems drama fiction songs biographies and early works of philosophy and history arranged
chronologically and by genre with introductory quotes and comments **A History of Western Appreciation of**
English-translated Tang Poetry Lan Jiang,2018-03-08 This book examines the development of English translated Tang
poetry and its propagation to the Western world It consists of two parts the first of which addresses the initial stage of
English translated Tang poetry s propagation and the second exploring its further development By analyzing the historical
background and characteristics of these two stages the book traces the trend back to its roots discusses some well known
early sinologists and their contributions and familiarizes readers with the general course of Tang poetry s development In
addition it presents the translated versions of many Tang poems The dissemination of Tang poetry to the Western world is a
significant event in the history of cross cultural communication From the simple imitation of poetic techniques to the
acceptance and identification of key poetic concepts the Tang poetry translators gradually constructed a classic Chinese style
in modern American poetry Hence the traditional Chinese culture represented by Tang poetry spread more widely in the
English speaking world producing a more lasting impact on societies and cultures outside China and demonstrating the
poetry s ability to transcend the boundaries of time region nationality and culture Due to different cultural backgrounds the
Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China Sometimes
language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts
correctly during the translation process However in recent decades the translation of Tang poetry has evolved considerably
in both quantity and quality As culture is manifested in language and language is part of culture the translation of Tang
poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture *Catalog of*
