Louis XIV:

The life and times of Louis xiv George Payne R. James,1838 King of the World Philip Mansel,2019-07-11 Winner of the Franco British Society Book Prize 2019 The ultimate biography of the Sun King Simon Sebag Montefiore Louis XIV dominated his age He extended France s frontiers into Netherlands and Germany and established colonies overseas The stupendous palace he built at Versailles became the envy of monarchs all over Europe In his palaces Louis encouraged dancing hunting music and gambling He loved conversation especially with women the power of women in Louis s life and reign is a particular theme of this book Louis was obsessed by the details of government but the cost of building palaces and waging continuous wars devastated the country s finances and helped set it on the path to revolution Nevertheless by his death he had helped make his grandson king of Spain where his descendants still reign and France had taken essentially the shape it has today King of the World is the most comprehensive and up to date biography of this hypnotic flawed figure in English It draws on all the latest research to paint a convincing and compelling portrait of a man who three hundred years after his death still epitomises the idea of le grand monarque *Louis XIV* Olivier Bernier,2018-02-17 Louis XIV the Sun King or Louis the Great as he was also known ruled France with an iron fist for over half a century from 1651 to his death in 1715 outliving his son and even his grandson His court at the Palace of Versailles became the most dazzling on the Continent and through his intelligence and cunning he made France the leading power of Europe Now in this masterful biography historian Olivier Bernier brilliantly recreates Louis XIV s world to reveal the secrets of this monarch s unequaled sovereignty and to explore the singular mystique that surrounds him today Not only was Louis heir to his father s throne he felt he was divinely chosen to rule France From the year he became king at the age of thirteen he oversaw every aspect of government from waging war and making political appointments to supervising the building of his many palaces Along with political treachery that marked Louis XIV s long reign Bernier also brings to light the personal scandals We witness the poignant resignation of Louis XIV s queen to her husband s parade of mistresses and illegitimate children the infamous intrigue when the king s brother was accused of poisoning his wife in a jealous rage and the momentous building of Versailles not an act of monstrous self indulgence that bankrupted the nation but the visible expression of Louis XIV s new monarchy his ingenious methods of centering all activity around court life thus preventing his courtiers from fomenting rebellion Under the Sun King architecture painting music and theater flourished making France not only a great political force but a paradigm of fashion and culture as well Louis XIV takes us from the grandeur of Versailles to the battlefields of the countryside from the bedrooms of the king s mistresses to the chambers of his ministers and presents an engrossing portrait of royal life and a commanding leader The Age of Louis XIV Voltaire,1780 **Louis XIV and the Zenith of the French Monarchy** Arthur Hassall,1904 **Louis XIV** John Baptiste Wolf,1968 Louis XIV John S.C. Lynn,2013-12-19 Warfare dominated the long reign of the Sun king Louis XIV For forty years from 1672 France was continuously at war and had one of the largest armies seen in the West since the fall of imperial Rome The campaigns secured little territory but almost bankrupted the country and the consequences for the French monarchy were dramatic contributing to its eventual downfall John Lynn examines the wars for evidence of a coherent strategic policy he explores the operational logistics of the campaigns and considers their significance for France s diplomatic political military administrative and institutional This is the first modern comprehensive study in any language and offers a vivid insight into 17th and 18th century statesmanship and warfare reaching a climax with the defeat of France by Marlborough at Blenheim Louis XIV Louis Bertrand,1928 **The Splendid Century** Warren Hamilton Lewis,1971 Louis XIV and the Greatness of France Maurice Ashley,1948 *The Age of Louis Xiv.* Voltaire,R.
