Louisiana Louisiana Writers' Project, 1947 Louisiana Louisiana Writers' Project, Writers' Program. Louisiana, 1971
The WPA Guide to Louisiana Federal Writers' Project, 2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state's unique flavor The WPA Guide to Louisiana features a state influenced greatly by both Cajun and Southern cultures as seen in the excellent photography and the chapter focused solely on traditional Louisiana cuisine From Acadiana to the northern Sportsmans Paradise this guide takes the reader on a journey across the swamplands of the Pelican State with several driving tours and special essays on the rich histories of Baton Rouge and New Orleans **Louisiana** Federal Writers' Project, Federal Writers' Project. Louisiana Louisiana Writers' Project, 1941 Catalog of the Avery Memorial Architectural Library of Columbia University: A - Architecture Pg Avery Library, 1968 **Republic of Detours** Scott Borchert, 2021-06-15 A New York Times Book Review Editors Choice Winner of the New Deal Book Award An immersive account of the New Deal project that created state by state guidebooks to America in the midst of the Great Depression and employed some of the biggest names in American letters The plan was as idealistic as it was audacious and utterly unprecedented Take thousands of hard up writers and put them to work charting a country on the brink of social and economic collapse with the aim of producing a series of guidebooks to the then forty eight states along with hundreds of other publications dedicated to cities regions and towns while also gathering reams of folklore narratives of formerly enslaved people and even recipes all of varying quality each revealing distinct sensibilities All this was the singular purview of the Federal Writers Project a division of the Works

Progress Administration founded in 1935 to employ jobless writers from once bestselling novelists and acclaimed poets to the more dubiously qualified The FWP took up the lofty goal of rediscovering America in words and soon found itself embroiled in the day's most heated arguments regarding radical politics racial inclusion and the purpose of writing forcing it to reckon with the promises and failures of both the New Deal and the American experiment itself Scott Borchert's *Republic of Detours* tells the story of this raucous and remarkable undertaking by delving into the experiences of key figures and tracing the FWP from its optimistic early days to its dismemberment by the House Committee on Un American Activities We observe notable writers at their day jobs including Nelson Algren broke and smarting from the failure of his first novel Zora Neale Hurston the most widely published Black woman in the country and Richard Wright who arrived in the FWP's chaotic New York City office on an upward career trajectory courtesy of the WPA Meanwhile Ralph Ellison Studs Terkel John Cheever and other future literary stars found encouragement and security on the FWP payroll By way of these and other stories Borchert illuminates an essentially noble enterprise that sought to create a broad and inclusive self portrait of America at a time when the nation's very identity and future were thrown into question As the United States enters a new era of economic distress political strife and culture industry turmoil this book's lessons are urgent and strong **Louisiana Federal Writers'**

Project, 1947 American Guides Wendy Griswold, 2016-08-26 In the midst of the Great Depression Americans were nearly universally literate and they were hungry for the written word With an eye to this market and as a response to unemployment Roosevelt's Works Progress Administration created the Federal Writers Project They produced the Project's *American Guides* an impressively produced series that set out not only to direct travelers on which routes to take and what to see throughout the country but also to celebrate the distinctive characteristics of each individual state The series unintentionally diversified American literary culture's cast of characters promoting women minority and rural writers while it also institutionalized the innovative idea that American culture comes in state shaped boxes *Monographic Series* Library of Congress, 1974

Portrait of America Jerrold Hirsch, 2004-07-21 How well do we know our country Whom do we include when we use the word American These are not just contemporary issues but recurring questions Americans have asked themselves throughout their history and questions that were addressed when in 1935 the Roosevelt administration created the Federal Writers Project FWP under the aegis of the Works Progress Administration Although the immediate context of the FWP was work relief national FWP officials developed programs that spoke to much larger and longer standing debates over the nature of American identity and culture and the very definition of who was an American Hirsch reviews the founding of the FWP and the significance of its *American Guide* series considering the choices made by administrators who wanted to celebrate diversity as a positive aspect of American cultural identity In his exploration of the FWP's other writings Hirsch discusses the project's pioneering use of oral history in interviews with ordinary southerners ex slaves ethnic minorities and industrial workers He also examines congressional critics of the FWP vision the occasional opposition of local Federal Writers

especially in the South and how the FWP's vision changed in response to the challenge of World War II. In the course of this study Hirsch raises thought provoking questions about the relationships between diversity and unity, government and culture, and ultimately culture and democracy. *New Orleans* Maria Elena Amador, 2009-03. This bilingual encyclopedia attempts to unravel the mystique of the New Orleans psyche by explaining in both English and Spanish the cultural underpinnings of the many words and phrases that are endemic to New Orleans by clarifying some of the local traditions and celebrations and providing an insight into some of the practices of the denizens of New Orleans.
