Love and Ecstasy Arthur D. Colman, Libby Lee Colman, 1975 Love, Ecstasy & Pain Silk Diamond, 2011-11-23 There is no available information at this time *The Passion of Love in the Summa Theologiae of Thomas Aquinas* Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers **The Nature of Love, Volume 2** Irving Singer, 2009-02-20 An examination of ideas and ideals of medieval courtly love and the transition into later Romantic love analyzing the work of Dante Shakespeare and Schopenhauer among many others Review monumental Boston Globe one of the major works of philosophy in our century Nous wise and magisterial Times Literary Supplement and a masterpiece of critical thinking that is a timely eloquent and scrupulous account of what after all still makes the world go round Christian Science Monitor In the second volume Singer studies the ideas and ideals of medieval courtly love and nineteenth century Romantic love as well as the transition between these two perspectives According to the traditions of courtly love in the twelfth century and thereafter not only God but also human beings in themselves are capable of authentic love The pursuit of love between man and woman was seen as a splendid ideal that ennobles both the lover and the beloved It was something more than libidinal sexuality and involved sophisticated and highly refined courtliness that emulated religious love in its ability to create a holy union between the participants Adherents to Romantic love in later centuries affirmed the capacity of love to effect a merging between two people who thus became one Singer analyzes the transition from courtly to Romantic by reference to the writings of many artists beginning with Dante and ending with Richard Wagner as well as Neoplatonist philosophers of the Italian Renaissance Descartes Spinoza Rousseau Hume Kant Hegel and Schopenhauer In relation to romanticism itself he distinguishes between two aspects benign romanticism and Romantic pessimism that took on renewed importance in the twentieth century Love Simon

May,2019-03-12 What is love's real aim Why is it so ruthlessly selective in its choice of loved ones Why do we love at all In addressing these questions Simon May develops a radically new understanding of love as the emotion we feel towards whomever or whatever we experience as grounding our life as offering us a possibility of home in a world that we supremely value He sees love as motivated by a promise of ontological rootedness rather than as two thousand years of tradition variously asserts by beauty or goodness by a search for wholeness by virtue by sexual or reproductive desire by compassion or altruism or empathy or in one of today's dominant views by no qualities at all of the loved one After arguing that such founding Western myths as the Odyssey and Abraham's call by God to Canaan in the Bible powerfully exemplify his new conception of love May goes on to re-examine the relation of love to beauty sex and goodness in the light of this conception offering among other things a novel theory of beauty and suggesting against Plato that we can love others for their ugliness while also seeing them as beautiful Finally he proposes that in the Western world romantic love is gradually giving way to parental love as the most valued form of love namely the love without which one's life is not deemed complete or truly flourishing May explains why childhood has become sacred and excellence in parenting a paramount ideal as well as a litmus test of society's moral health In doing so he argues that the child is the first genuinely modern supreme object of love the first to fully reflect what Nietzsche called the death of God

The Form of Love James Kuzner,2021-08-03 Can poetry articulate something about love that philosophy cannot The Form of Love argues that it can In close readings of seven metaphysical poems the book shows how poets of the early modern period and beyond use poetic form to turn philosophy to other ends in order not to represent the truth about love but to create a virtual experience of love in all its guises The Form of Love shows how verse creates love that can't exist without poetry's specific affordances and how poems can in their impossibility prompt love's radical re-imagining Like the philosophies on which they draw metaphysical poems imagine love as an intense form of non-sovereignty of giving up control They even imagine love as a liberating bondage to a friend a beloved a saint a God or a garden Yet these poems create strange striking versions of such love made in rather than through the devices structures and forces where love appears Tracing how poems think Kuzner argues requires an intimate form of reading close even too close attention to and thinking with the text Showing how poetry thinks of love otherwise than other fields the book reveals how poetry and philosophy can nevertheless enter into a relation that is itself like love

The Triumph of Love Benedict Williamson,1923 **Woman and Love** Bernhard Adam Bauer,1927 Some treatment of gay and lesbian issues anti for the most part but not so benighted as one might expect pt Philosophical Mysticism in Plato, Hegel, and the Present Robert M. Wallace,2019-12-26 Few twenty-first century academics take seriously mysticism's claim that we have direct knowledge of a higher or more inner reality or God But Philosophical Mysticism argues that such leading philosophers of earlier epochs as Plato G W F Hegel Ludwig Wittgenstein and Alfred North Whitehead were in fact all philosophical mystics This book discusses major versions of philosophical mysticism beginning with Plato It shows how the

framework of mysticism's higher or more inner reality allows nature, freedom, science, ethics, the arts, and a rational religion in the making to work together rather than conflicting with one another. This is how philosophical mysticism understands the relationships of fact to value, rationality to ethics, and the rest. And this is why Plato's notion of ascent or turning inward to a higher or more inner reality has strongly attracted such major figures in philosophy, religion, and literature as Aristotle, Plotinus, St. Augustine, Dante, Alighieri, Immanuel Kant, Hegel, William Wordsworth, Ralph Waldo Emerson, Emily Dickinson, Whitehead, and Wittgenstein. Wallace's *Philosophical Mysticism* brings this central strand of western philosophy and culture into focus in a way unique in recent scholarship.

Love, Sex, and Marriage Julie Coleman, 2022-06-13 If the language we use influences and reflects the way that we see the world, then the fields of LOVE, SEX, and MARRIAGE will show how speakers of English view their closest social and emotional relationships. Love, Sex, and Marriage provides a classification of English terms for these three fields from the earliest written records of the language until the present day. This volume makes it possible to trace changing attitudes towards social and sexual ties and to understand those ties as earlier speakers of English did through the language they used. The terms are arranged by meaning and are listed chronologically within semantic fields, with their dates of usage. Notes on individual terms provide further information about their connotations and development. Language does not exist in isolation from the people who speak it, so background information about changes in social conditions, religious beliefs, and medical advancements is also included. A brief introduction to basic semantic terminology explains the principles behind the classification, and an alphabetical index facilitates the location of individual terms.

Making Love Modern Nina Miller, 1999-01-21 In the teens and twenties, New York was home to a rich variety of literary subcultures. Within these intermingled worlds, gender lines and other boundaries were crossed in ways hardly imaginable in previous decades. Among the bohemians of Greenwich Village, the sophisticates of the Algonquin Round Table, and the literati of the Harlem Renaissance, certain women found fresh, powerful voices through which to speak and write. Edna St. Vincent Millay and Dorothy Parker are now best remembered for their colorful lives; Genevieve Taggard, Gwendolyn Bennett, and Helene Johnson are hardly remembered at all. Yet each made a serious literary contribution to the meaning of modern femininity, relationship, and selfhood. *Making Love Modern* uncovers the deep historical sensitivity and interest of these women's love poetry. Placing their work in the context of subcultures nested within national culture, Nina Miller explores the tensions that make this literature so rewarding for contemporary readers. A poetry of intimate expression, it also functioned powerfully as public assertion. The writers themselves were high-profile embodiments of femininity, the local representatives of New Womanhood within their male-centered subcultural worlds. *Making Love Modern* captures the literary lives of these women as well as the complex subcultures they inhabited: Harlem, the Village, and glamorous Midtown. In the end, the book is as much a study of modernist New York as of women's love poetry during modernism.
