**Love Life and Reality** Frances McIntyre, 2003-03-24 Oh I don't know it's just a book about growing up QUEER I really hate that word but there you have it This book only scratches the surface of what it is like to grow up in a bigoted society but I believe gets my point across It also conveys what it's like to be taught by nuns who seemed to be crazed because of sexual starvation What it is like to be raised by a grandmother who should have been a nun she would have fit in so well It's about a father she rarely saw and who always popped up in the wrong places and with the wrong person It is about young queer love and young queers I believe though it will appeal to straight people as well They will hopefully see that love is love no matter what form it takes That people are just people and emotions are all the same That pain and rejection hurt just as much and love and relationships mean just as much to those that are homosexual and lesbian as they do to heterosexuals Hopefully they will come to understand that God made two types of people gay and straight and he loves us equally Also this book is written to reach out to straight men that feel intimidated by lesbians and feel less than love for us I believe it is not just a question of them feeling threatened that we might take some of their women away I believe it's also because they know our dicks are bigger than theirs
