

Poems On Love

Love adorns itself;
it seeks to prove inward joy by outward beauty.

Love does not claim possession,
but gives freedom.

Love is an endless mystery,
for it has nothing else to explain it.

Love's gift cannot be given,
it waits to be accepted.

The Dial, 1915

Modernism and Tagore Abu Sayida Ayuba, 1995

The book is a major critical attempt that tries to evaluate Tagore's literary genius in the background of modernism. Which, according to the author, chiefly consists in a single-minded preoccupation with the body of poetry with the consequent belief in the self-sufficiency of language and in an oppressive and overwhelming consciousness of evil in the world. The author tries following the great poet's own view of criticism to understand the way in which the world expresses itself in the body of Tagore's poetic creation. He examines how the awareness of evil grows in Tagore's work until it becomes pervasive. In his final phase, the critic shows how the poet moves from romantic effusion and melancholy to the self-processed tranquillity of divine love and from there towards Western humanism. On the one hand, and to a realisation of the gracious aspect of the terrible on the other.

The Best of Tagore Rabindranath Tagore, 2023-10-17

A generous one-volume selection of the best and most important works: poems, songs, stories, essays, novellas, and novels by the prolific Bard of Bengal, the first non-European to win the Nobel Prize in Literature. Rabindranath Tagore published his first volume of poetry as a teenager and went on to become a towering figure of Bengali and world literature, celebrated for his innovations in poetry, prose, drama, and music. Tagore was remarkably productive over his long life; his complete works fill many volumes and include sixty collections of verse and more than two thousand songs, two of which have become the national anthems of India and of Bangladesh. His themes were as varied as his forms, including love, politics, humor, appreciation for the beauty of nature, and a profound sympathy for the perspectives of women, children, and the poor. *The Best of Tagore* offers a representative overview of his work, including his best-known novel *The Home and the World* and his best-known play *Red Oleanders*. Everyman's Library pursues the highest production standards, printing on acid-free paper with full cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket. Everyman's Library Classics include an introduction, a select bibliography, and a chronology of the author's life and times.

The poems illustrate an astounding variety of interests and a great imaginative sweep. A number of manuscripts, pages, and twenty colour reproductions of Rabindranath's paintings add to the value of this new edition.

A Companion to Pablo Neruda Jason Wilson, 2014-08

Pablo Neruda was without doubt one of the greatest poets of the twentieth century, but his work is extremely uneven. There is a view that there are two Nerudas: an early Romantic visionary and a later Marxist populist who denied his earlier poetic self. By focussing on the poet's apprenticeship and by looking closely at how Neruda

created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda s debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London
