## Love Potions:

Love Potions Christina Jones, 2011-04-07 When aromatherapist Sukie Ambrose starts using her cottage garden as inspiration and for raw ingredients in her products she thinks she's on track to save money while offering her clients a way of de-stressing and relaxing. However, Sukie lives in a village where strange things have been known to happen. She discovers that her new improved lotions and potions are making her massages distinctly magical and producing more star-crossed lovers than Shakespeare could ever dream of. Praise for Christina Jones: Magical Heat Fabulous The Times. A wonderful writer Jill Mansell, author of *AND NOW YOU'RE BACK HERE* Bates for the 21st Century. Katie Fforde: Christina is simply THE BEST. I don't think she is capable of writing anything which isn't excellent. Reader review *Love Potions Through the Ages* Harry E. Wedeck, 2021-05-25 The spiritualist and author of *Dictionary of Aphrodisiacs* presents an in-depth study of love potions and charms through the centuries. Love and sexuality are perhaps some of the most essential, eternal and universal concerns of humankind. Since before recorded history, societies have sought ways to improve their physiological potency, attract mates amorously, and in some instances prevent such attraction or divert it elsewhere. Over time, these means have taken many forms: love elixirs, spells, and rites have been part of virtually every civilization through the ages. This survey explores the evolution of love potion practices over the centuries and across the world. Separate chapters focus on ancient Greece, Rome, India, and the Orient, as well as the Middle Ages and modern times. Author Harry E. Wedeck relays the spiritual aspects of these concoctions, as well as historical anecdotes about them. Recipes are also included, though Wedeck cautions that they are exclusively for academic purposes and not intended for personal use. *Self-Love Potions* Cosmic Valeria, 2023-07-18 Perfect for witches and modern mystics. *Self-Love Potions* is a magical book of rituals and recipes that will help you take your self-care game to new heights. **Love Potions Through the Ages: A Study of Amatory Devices and Mores** Harry E. Wedeck, 2022-07-21 In *Love Potions Through the Ages: A Study of Amatory Devices and Mores*, Harry E. Wedeck embarks on an intricate exploration of the historical and cultural significance of love potions across various societies. This scholarly volume delves into literary narratives, folklore, and historical texts, presenting an interdisciplinary approach that merges anthropology, literature, and psychology. Wedeck's meticulous analysis reveals the shifting perceptions of love and desire throughout time, weaving together enchanting anecdotes and empirical observations to highlight the human fascination with amatory devices. Harry E. Wedeck, an eminent scholar in the fields of sociology and cultural studies, draws from his extensive background in folklore and psychology, fostering a unique perspective on human relationships. His academic career has been marked by a commitment to understanding the complexities of love and desire, which evidently informs this work. Wedeck's rich expertise is apparent as he critiques societal norms and the evolution of romantic practices, making it accessible and engaging for readers. This captivating study is highly recommended for scholars, students, and anyone intrigued by the interplay of love, culture, and history. Wedeck's engaging prose, combined with his in-depth research, invites readers to

Gail Darlington,2000-03-16 About half of all the medicines prescribed by doctors are not taken by their patients One of the reasons most commonly given by patients for not taking drugs is that they feel unhappy about taking medicines which they do not understand and of which they are afraid This book attempts to rectify this problem by showing in clear non technical language how medicines and other drugs work in the body to reduce the effects of disease Most chapters include fascinating background information on how some of our most important drugs were discovered along with intriguing and often amusing anecdotes about the drugs and the people behind their discovery Each chapter also includes a summary of the key points together with illustrations photographs or diagrams to summarise the main groups and how they work in the body The book covers all the major groups of drugs with complete listings of all the drugs available in the UK and the USA so that the reader can locate his or her specific drug and read about the actions of the drugs in that group The various chapters cover drugs used to treat high blood pressure heart disease diabetes nausea vomiting diarrhoea constipation ulcers cancers infections impotence incontinence arthritis osteoporosis as well as hormone replacement therapy oral contraceptives and drugs used in disorders of the brain such as schizophrenia depression Parkinson's disease Alzheimer's disease and epilepsy

There is also a chapter on drugs which are abused such as cannabis alcohol nicotine and ecstasy and a chapter covering some of the poisons we encounter such as carbon monoxide arsenic sheep dip and the venoms of snakes spiders scorpions and marine organisms Here then a fascinating survey of how chemicals have their effects in the body It shows how drugs work and explains why it is that taking some medicines for many years is far safer than suffering the long term effects of disease Pills Potions and Poisons is an entertaining read that should also help to improve your health and quality of life
