Goddard,2017-08-10 This book is a lively comprehensive and timely reader on the music video capitalising on cross disciplinary research expertise which represents a substantial academic engagement with the music video a mediated form and practice that still remains relatively under explored in a 21st century context The music video has remained suspended between two distinct poles On the one hand the music video as the visual sheen of late capitalism at the intersection of celebrity studies and postmodernism On the other hand the music video as art looking to a prehistory of avant garde film making while perpetually pushing forward the digital frontier with a taste for anarchy controversy and the integration of special effects into a form designed to be disseminated across digital platforms In this way the music video virally re engenders debates about high art and low culture This collection presents a comprehensive account of the music video from a contemporary 21st century perspective This entails revisiting key moments

in the canonical history of the music video exploring its articulations of sexuality and gender examining its functioning as a form of artistic expression between music film and video art and following the music video's dissemination into the digital domain considering how digital media and social media have come to reinvent the forms and functions of the music video well beyond the limits of music television Running Effective Meetings For Dummies Joseph A. Shewmaker, 2015-02-24 This provocative book takes a look at children's consumption of sexualized media messages while providing parents teachers and professionals with strategies for abating their influence In this eye-opening book experienced child psychologist Jennifer W. Shewmaker contends that the manner in which a child is raised influences how they respond to media messages particularly those shaded by sexual overtones This text takes a hard look at the impact of advertisements products and entertainment on a child's psyche and offers strategies for helping kids become critical active media consumers Drawing from research in a wide variety of disciplines this book explores the interpersonal factors within children's lives that impact how they learn to process sexualized media messages The book argues that an increase in marketing to children along with media-based fabrications of beauty masculinity and femininity impact the confidence and character of young children who are often greatly affected by what they see and hear The author shares invaluable tips for promoting strengths in children and adolescents of both genders and presents the protective influence of communities to help children dismiss distorted media images *Vidding* Francesca Coppa, 2022-02-23 Vidding is a well-established remix practice where fans edit an existing film music video TV show or other performance and set it to music of their choosing Vids emerged forty years ago as a complicated technological feat involving capturing footage from TV with a VCR and syncing with music and their makers and consumers were almost exclusively women many of them queer women The technological challenges of doing this kind of work in the 1970s and 1980s when vidding began gave rise to a rich culture of collective work as well as conventions of creators who gathered to share new work and new techniques While the rise of personal digital technology eventually democratized the tools vidders use the collective aspect of the culture grew even stronger with the advent of YouTube Vimeo and other channels for sharing work Vidding A History emphasizes vidding as a critical feminist form of fan practice Working outward from interviews VHS liner notes convention programs and mailing list archives Coppa offers a rich history of vidding communities as they evolved from
