Metaphysical Lyrics Poems Of The Seven

Michael W. Brierley, Georgia A. Byrne

Metaphysical Lyrics Poems Of The Seven:

Metaphysical Lyrics & Poems of the Seventeenth Century, Donne to Butler Sir Herbert John Clifford Grierson, 1925 **The Columbia Granger's Guide to Poetry Anthologies** William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology **Lyric Wonder** James Biester, 2019-05-15 James Biester sees the shift in late Elizabethan England toward a witty rough and obscure lyric style metaphysical wit and strong lines as a response to the heightened cultural prestige of wonder That same prestige was demonstrated in the search for strange artifacts and animals to display in the wonder cabinets of the period By embracing the genres of satire and epigram poets of the Elizabethan court risked their chances for political advancement exposing themselves to the danger of being classified either as malcontents or as jesters who lacked the gravitas required of those in power John Donne himself recognized both the risks and benefits of adopting the admirable style as Biester shows in his close readings of the First and Fourth Satyres Why did courtier poets adopt such a dangerous form of self representation The answer Biester maintains lies in an extraordinary confluence of developments in both poetics and the interpenetrating spheres of the culture at large which made the pursuit of wonder through style unusually attractive even necessary In a postfeudal but still aristocratic culture he says the ability to astound through language performed the validating function that was once supplied by the ability to fight Combining the insights of the new historicism with traditional literary scholarship Biester perceives the rise of metaphysical style as a social as well as aesthetic event New Perspectives on the Life and Art of Richard Crashaw John Richard Roberts, 1990 A collection of ten original critical and historical essays on the life and art of Crashaw 1612 13 1649 one of the most neglected misunderstood and unappreciated of the major metaphysical poets The introduction surveys the history of Crashavian criticism and signals new directions for future scholarship Annotation copyrighted by Book News Inc Portland OR **A Variorum Commentary Of The Poems Of John Milton** Merritt Yerkes Hughes, 1970 *Tradition and the Individual Poem* Anne Ferry, 2001 A theoretical historical and critical inquiry this book looks at the assumptions anthologies are predicated on how they are put together the treatment of the poems in them and the effects their presentations have on their readers **The Variorum Edition of the Poetry of John Donne, Volume 7, Part 2** John Donne, 2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne's time through 2012 **The Disinterred Muse** David Novarr, 2019-06-30 In 1614 just prior to his ordination John Donne renounced the writing of verse

He was well aware of the widespread opinion that rhyming was an inappropriate avocation for a man of the cloth Yet on certain occasions Donne did write poetry again In this group of five closely related essays David Novarr takes a new look at Donne s poems both secular and divine written before and after his ordination He reassesses the validity and utility of widely accepted critical contexts which define our understanding of particular poems and proposes fresh approaches and interpretations Novarr s knowledge of Donne s life his critical insight and his attention to the details of Donne s texts all join to make *The Disinterred Muse* a major contribution to our understanding of Donne and his art *Life after Tragedy* Michael W. Brierley, Georgia A. Byrne, 2018-01-01 Much has been written on the centenary of the First World War however no book has yet explored the tragedy of the conflict from a theological perspective This book fills that gap Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy seven central essays all by authors associated with the cathedral where Studdert Kennedy first preached to troops examine aspects of faith that featured in the war such as the notion of home poetry theological doctrine preaching social reform humanitarianism and remembrance Each essay applies its reflections to the life of faith today The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular and they provide wider theological insight into how in the contemporary world life and tragedy God and suffering can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy s grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth **Bulletin [1908-23]** Boston Public Library, 1922

The Enthralling Realm of E-book Books: A Comprehensive Guide Unveiling the Advantages of E-book Books: A World of Ease and Versatility Kindle books, with their inherent mobility and simplicity of access, have freed readers from the constraints of physical books.
