Michelin Le Guide Vert Egypte 1e:

Le Guide vert Michelin Marc Francon, 2001 The Tourist Region Jérôme Piriou, 2019-04-29 In geography a region is one of the most obscure and controversial scientific research objects However the tourism sector frequently uses the term both in the communication of tourism destinations and in daily life vocabulary to characterize spatial practices that overtake the scale of a place That said a geographic concentration of place equipment and accommodation does not equate to a tourist region In order to define the tourist region this book presents the common thoughts and interpretations of it which have been advanced by geographers since the beginning of the 20th Century The Tourist Region also examines stakeholders logics that are identified in the practices of a tourist destination in a regional dimension and explores the tourist region as a territorial co construction Finally this book analyzes multi level regional networks of tourist places built according to tourist mobilities By presenting several measurement methods of the tourist region this book explains the spatial practices of tourists and anticipates the actions for tourism professionals *Grand Guide Michelin France*, 2006 **Le tourisme en France 2** Philippe Violier, Philippe Duhamel, Jean-Christophe Gay, Véronique Mondou, 2021-09-01 La France s'est imposée progressivement parmi les pays les plus touristiques du monde L'importance du tourisme dans l'économie nationale est telle que les institutions ont cru pouvoir l'utiliser de manière mécanique pour lutter contre la désertification de certaines régions Si ponctuellement une telle logique a pu fonctionner les concentrations spatialement littorales n'ont cessé de s'affirmer reflet des aspirations des populations et des évolutions socio économiques Le tourisme en France 2 met en perspective une approche régionale du tourisme Une rupture avec les visions classiques ancrées selon les territoires institutionnels ou ordonnées selon les catégories spatiales est proposée afin d'avoir une analyse spatiquement touristique Cet ouvrage présente également une étude originale et complète du tourisme d'outre mer **La région touristique** Jérôme Piriou, 2018-11-01 Alors que la région est un des objets d'études scientifiques les plus obscurs et controversés de la géographie le secteur du tourisme utilise aisément ce terme la fois dans la communication des destinations touristiques mais aussi dans le langage courant pour caractériser des pratiques spatiales d'échelle du lieu Cependant le regroupement géographique de tous les lieux toutes animations tous équipements ou tous hébergements ne fait pas d'un territoire perçue une région touristique Afin de savoir comment la définir cet ouvrage présente les courants de pensée et les interprétations de la région avancés par les géographes depuis le début du XXe siècle Il traite des logiques d'acteurs identifiées dans les pratiques d'une destination touristique de dimension régionale et identifie la région comme une co construction territoriale Enfin il analyse des réseaux régionaux multiniveaux de lieux touristiques bâtis selon des mobilités touristiques En présentant plusieurs méthodes de mesure de la région touristique cet ouvrage contribue mieux à appréhender les pratiques spatiales des touristes et anticiper les actions des professionnels du tourisme **Livres hebdo**, 2010-03 **Livres de France**, 2010 Includes 1982 1995 Les Livres du mois also published separately **Los Muestros**, 2006 *French Global* Christie McDonald, Susan Rubin Suleiman, 2010 Introduction the
