International Who's Who in Poetry 2004 Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets *Humanities Index* ,2000 **Hesiod's Theogony** Stephen Scully,2015-08-26 Stephen Scully both offers a reading of Hesiod s Theogony and traces the reception and shadows of this authoritative Greek creation story in Greek and Roman texts up to Milton s own creation myth which sought to soar above th Aonian Mount i e the Theogony and justify the ways of God to men Scully also considers the poem in light of Near Eastern creation stories including the En ma elish and Genesis as well as the most striking of modern scientific myths Freud s Civilization and its Discontents Scully reads Hesiod s poem as a hymn to Zeus and a city state creation myth arguing that Olympus is portrayed as an idealized polity and with but one exception a place of communal harmony This reading informs his study of the Theogony s reception in later writings about polity discord and justice The rich and various story of reception pays particular attention to the long Homeric Hymns Solon the Presocratics Pindar Aeschylus Aristophanes and Plato in the Archaic and Classical periods to the Alexandrian scholars Callimachus Euhemerus and the Stoics in the Hellenistic period to Ovid Apollodorus Lucian a few Church fathers and the Neoplatonists in the Roman period Tracing the poem s reception in the Byzantine medieval and early Renaissance including Petrarch and Erasmus the book ends with a lengthy exploration of Milton s imitations of the poem in Paradise Lost Scully also compares what he considers Hesiod s artful interplay of narrative genealogical lists and keen use of personified abstractions in the Theogony to Homeric narrative techniques and treatment of epic verse **From Hittite to Homer** Mary R. Bachvarova,2016-03-10 This book takes a bold new approach to the prehistory of Homeric epic arguing for a fresh understanding of how Near Eastern influence worked *The Best Novels of the Nineties* Linda Parent Leshner,2015-11-17 This reader s guide provides uniquely organized and up to date information on the most important and enjoyable contemporary English language novels Offering critically substantiated reading recommendations careful cross referencing and extensive indexing this book is appropriate for both the weekend reader looking for the best new mystery and the full time graduate student hoping to survey the latest in magical realism More than 1 000 titles are included each entry citing major reviews and giving a brief description for each book *The Night of Other Days* Hugh Mulrooney,2018-09-06 This book attempts to bring the writing of Seamus Heaney to the general public It is based entirely on Heaney s own words and should make his poetry accessible to the ordinary reader **Literature's Elsewheres** Annette Gilbert,2022-04-05 An examination of a series of diverse radical and experimental international works from the 1950s to the present What is a literary work In Literature s Elsewheres Annette Gilbert tackles this question by deploying an extended concept of literature examining a series of diverse radical experimental works from the 1950s to the present that occupy the liminal zone between art and literature These works by American Artist Allison Parrish Natalie Czech Stephanie Syjuco Fiona Banner Elfriede Jelinek Dan Graham Robert Barry George Brecht and others represent a pluralized literary practice that

imagines a different literature emerging from its elsewhere Investigating a work's coming into being its transition from text to work as a social object and pragmatic category of literary communication Gilbert probes the assumptions and foundations that underpin literature including the ideologies and power structures that prop it up She offers a snapshot from a period of recent literary and art history when such central concepts as originality and authorship were questioned and experimental literary practices ranged from concrete poetry and Oulipo to conceptual writing and appropriation literature She examines works that are dematerialized site specific unique copies of other works and institutional critiques Considering the inequalities exclusions and privileges inscribed in literature she documents the power of experimental literature to attack these norms and challenges the field's canonical geographic boundaries by examining artists with roots in North and South America East Asia and Western and Eastern Europe The cross pollination of literary and art criticism enriches both fields With *Literature's Elsewheres* Gilbert explores what art can't see about the literary and what literature has overlooked in the arts

The Past Is a Foreign Country - Revisited David Lowenthal, 2015-10-01 The past remains essential and inescapable A quarter century after the publication of his classic account of man's attitudes to his past David Lowenthal revisits how we celebrate expunge contest and domesticate the past to serve present needs He shows how nostalgia and heritage now pervade every facet of public and popular culture History embraces nature and the cosmos as well as humanity The past is seen and touched and tasted and smelt as well as heard and read about Empathy re enactment memory and commemoration overwhelm traditional history A unified past once certified by experts and reliant on written texts has become a fragmented contested history forged by us all New insights into history and memory bias and objectivity artefacts and monuments identity and authenticity and remorse and contrition make this book once again the essential guide to the past that we inherit reshape and bequeath to the future
