Milton Studies Riven Unities Autho Volume 28:

Milton Studies James D. Simmonds, 2008 **Spokesperson Milton** Charles W. Durham, Kristin Pruitt McColgan, 1994

Although the scholars represented in this collection apply different theoretical approaches to their examinations of Milton's poetry and prose they all challenge earlier critical assumptions and are evidence of the energizing dialogue that occurs when readers converse with each other and engage in dialogue with the many voices of a spokesperson such as John Milton

BOOK JACKET **Milton's Modernities** Feisal G. Mohamed, Patrick Fadely, 2017-08-15

The phrase early modern challenges readers and scholars to explore ways in which that period expands and refines contemporary views of the modern

The original essays in *Milton's Modernities* undertake such exploration in the context of the work of John Milton a poet whose prodigious energies simultaneously point to the past and future

Bristling with insights on Milton's major works *Milton's Modernities* offers fresh perspectives on the thinkers central to our theorizations of modernity from Lucretius and Spinoza Hegel and Kant to Benjamin and Deleuze

At the volume's core is an embrace of the possibilities unleashed by current trends in philosophy variously styled as the return to ethics or metaphysics or religion

These make all the more visible Milton's dialogues with later modernity dialogues that promise to generate much critical discussion in early modern studies and beyond

Such approaches necessarily challenge many prevailing assumptions that have guided recent Milton criticism assumptions about context and periodization for instance

In this way *Milton's Modernities* powerfully broadens the historical archive beyond the materiality of events and things incorporating as well intellectual currents hybrids and insights

The Age of Milton and the Scientific Revolution Angelica Duran, 2007

In *The Age of Milton and the Scientific Revolution* Angelica Duran reveals the way in which Milton's works interacted with the revolutionary work of his contemporaries in science to participate in the dynamic advancement of learning of the time period

Bringing together primary materials by early modern scientists including Robert Boyle William Gilbert William Harvey Isaac Newton John Ray and John Wilkins as well as educational reformers such as Samuel Hartlib and Henry Oldenburg

The Age of Milton and the Scientific Revolution positions Milton's Literary Studies as a coequal partner with the new cosmological theories mathematical developments telescopes and scientific tracts that so thoroughly affected every aspect of recorded life in seventeenth century England

Duran shows for example how new developments in ornithology worked to shape the Lady's power in the young Milton's celebratory *A Mask* how mathematics informed the sexual relationship of Adam and Eve in his mature epic *Paradise Lost* and how developments in optics transformed the blinded hero of the blind author's moving tragedy *Samson Agonistes*

While this study is indebted to the work of historians of science from C P Snow and Thomas Kuhn to Stephen Shapin and Stephen Jay Gould it is not a history of science per se but rather a cultural study that appreciates poetry as a unique lens through which early modern England's large scale developments in education and science are clarified and reflected

What emerges is an intimate sense of how the enormous changes of the English Scientific Revolution affected individual lives and found their

ways into Milton's enduring poetry and prose **Christianity & Literature**, 1992 **The Huntington Library Quarterly** Henry E. Huntington Library and Art Gallery, 1996 **Lady in the Labyrinth** William Shullenberger, 2008 The book's study of Milton's identification with his female hero and his advocacy of women's ethical sexual and political autonomy gives a jolt to ongoing debates about Milton and feminism Book jacket **Renaissance Ecology** Ken Hiltner, 2008 This collection of essays takes a green approach to representations of Eden while also considering the role of gender politics and poetics discussing relevant issues of both literature and culture Provided by publisher CURRENT CONTENTS: Arts & Humanities -- Volume 15, Number 6, March 15, 1993, 1993 *The British National Bibliography* Arthur James Wells, 1993 *Subject Guide to Books in Print*, 1993 **Forthcoming Books** Rose Army, 1992-10 Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library.
