Models For Ministry:

A New Kind of Church Aubrey Malphurs, 2007-02-01 There is no shortage of books these days on new ways of doing church. New church models have been both warmly embraced and roundly criticized. What are church leaders and others concerned about the state of the church to make of all this? Does the Bible prescribe a standard model for doing church? Or is there freedom within certain guidelines? In *A New Kind of Church*, respected church consultant Aubrey Malphurs addresses these important questions and suggests that there is room for new ways of doing ministry while being true to Scripture. In the process, he offers a theological and interpretive framework for evaluating any church model, new or old. He also offers suggestions for implementing change in the local church.

Basic Christian Leadership John Stott, 2016-04-01 Leadership today is no easy task. Too often our models of leadership are shaped more by culture than by Christ. John Stott rejects popular models of leadership and holds up instead the servant leadership exemplified by Paul in his ministry to the church in Corinth. Stott reassures us that God is at work even in the midst of human weakness.

Innovations in Ministry Lyle E. Schaller, 1994 Asserting that the good news greatly exceeds the bad news, *Innovations in Ministry* celebrates what's working in American Protestantism. Lyle E. Schaller identifies the new and emerging models for ministry with heavy emphasis on paradigm shifts toward laity-driven ministries. These include: 1. Market-driven, niched ministry to reach diverse populations; 2. Ownership and initiative in ministry; 3. Regional definitions of church. The purpose of this book is found in chapter 5: A new partnership that redefines the role of denominations, raises expectations of the laity, and implements the Key Church Strategy described in chapters 6 and 7. Another strategy similar to the Key Church model is found in chapter 8, where multi-site campuses are investigated. Key Benefits: Takes seriously the shift from small local churches toward large, seven-day-a-week regional churches; presents several dynamic, effective, and successful models of ministry that are emerging within contemporary Protestant churches; contributes a voice of hope to ministers who perceive their churches as threatened or even dying; provides concrete examples of how effective ministry is actually taking place in the contemporary church; and illuminates the Key Church Strategy and provides support for those engaged in or considering a multi-site basis for ministry.

Models for Youth Ministry Steve Griffiths,2013-05-16 This book explores models for youth ministry from the life and ministry of Christ This area of study has become fossilised because youth workers rely too heavily on the notion of incarnational or relational youth ministry This leads them to believe that they must spend huge amounts of time with young people in order to earn the right to share the gospel with them The author argues that this foundation for youth ministry is inadequate and impractical and that it is not how Jesus himself operated He proposes a broader Christology as a foundation for youth ministry today Each chapter includes study questions for individuals or groups
