Modern American Novel:

The Modern American Novel, 1966 **A Companion to the Modern American Novel, 1900 - 1950** John T.

Matthews, 2013-06-10 This cutting edge Companion is a comprehensive resource for the study of the modern American novel. Published at a time when literary modernism is being thoroughly reassessed, it reflects current investigations into the origins and character of the movement as a whole. Brings together 28 original essays from leading scholars. Allows readers to orient individual works and authors in their principal cultural and social contexts. Contributes to efforts to recover minority voices such as those of African American novelists and popular subgenres such as detective fiction. Directs students to major relevant scholarship for further inquiry. Suggests the many ways that modern American and fiction carry new meanings in the twenty-first century.

The Modern American Novel of the Left M. Keith Booker, 1999-07-30 Unique in its scope of coverage, this reference work provides students and scholars interested in researching modern American leftist and working class culture with a convenient starting place for examining American leftist and working class novels of the past century. The book begins with a brief historical survey of the development of this cultural phenomenon. It then offers brief descriptions of selected critical historical and theoretical works that are a useful background to the novels. The bulk of the book comprises detailed alphabetically arranged discussions of more than 170 modern American novels of the Left, along with brief considerations of more than 240 other works. The novels discussed in detail include a number of works by major American authors including John Dos Passos, John Steinbeck, Ernest Hemingway, Theodore Dreiser, and Upton Sinclair. Also covered are works by a number of other writers in the rich but neglected tradition of American leftist literature. These writers naturally include 1930s proletarian novelists such as Mike Gold, Agnes Smedley, Myra Page, Josephine Herbst, Tillie Olsen, Meridel Le Sueur, Jack Conroy, and Thomas Bell. But they also include figures ranging from early twentieth-century socialists such as I. K. Friedman and Leroy Scott to African American novelists such as Richard Wright and Toni Morrison to Chicano writers such as Alejandro Morales and Americo Paredes.

The Modern American Novel of Violence Patrick W. Shaw, 2000 H. Rap Brown observed that violence is as American as cherry pie. Through insightful and absorbing commentaries on writers as diverse as William Faulkner and Bret Easton Ellis, *The Modern American Novel of Violence* defines literary violence and examines the phenomenon of cultural violence that Brown correctly noted about America.

The Modern American Novel Malcolm Bradbury, 1983 The *Modern American Novel* is an indispensable handbook for all those interested in the novel and American culture. This new, completely revised and updated edition of Malcolm Bradbury's examination of the modern American novel offers an extensive account of the multiplicity and variety of contemporary American fiction while providing a clear critical survey of the fictional scene from the 1890s to 1991. In this broad study, Malcolm Bradbury traces the development of naturalism and impressionism, the growth of modernism, the realism of the thirties and forties, to the postmodern experiment of the sixties and the work of contemporary American writers. ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification Contemporary American Fiction Kenneth Millard,2000 Millard leads the interpretation of post 1970 fiction by addressing particular authors and themes

Fictive Fathers in the Contemporary American Novel Debra Shostak,2020-02-20 Fictive Fathers in the Contemporary American Novel explores the unstable construction of heteronormative white masculinity in the contemporary United States by focusing on relationships between fathers and their children Debra Shostak reads the novels of 18 North American writers publishing in the late 20th and early 21st centuries as allegories of cultural conflict and change within the nuclear family the authors considered include Paul Auster Don DeLillo Jeffrey Eugenides Jonathan Safran Foer Jonathan Franzen John Irving Jonathan Lethem Carole Maso Bobbie Ann Mason Cormac McCarthy Claire Messud Viet Thanh Nguyen Tim O Brien Marilynne Robinson Philip Roth Mona Simpson Jane Smiley and Anne Tyler These novelists portray father figures who often literally or figuratively absent from the family scene disrupt the familial order and their family members identities Shostak s close readings illuminate unexpectedly conservative even subversive ideological positions at the heart of these fictions Fictive Fathers traces the eroding myth of paternal authority that sustained a patriarchal model within real American families and their literary representations *The Anti-Hero in the American Novel* D. Simmons,2008-05-26 The Anti Hero in the American Novel rereads major texts of the 1960s to offer an innovative re evaluation of a set of canonical novels that moves beyond entrenched post modern and post structural interpretations towards an appraisal which emphasizes the specifically humanist and idealist elements of these works *The American Novel After Ideology, 1961-2000* Laurie Rodrigues,2020-12-10 Claims of ideology s end are on the one hand performative denials of ideology s inability to end while on the other hand paradoxically they also reiterate an idea that ending is simply what all ideologies eventually do Situating her work around the intersecting publications of Daniel Bell s The End of Ideology 1960 and J D Salinger s Franny and Zooey 1961 Laurie Rodrigues argues that American novels express this paradox through nuanced applications of non realist strategies distorting realism in manners similar to ideology s distortions of reality history and belief Reflecting the astonishing cultural variety of this period The American Novel After Ideology 1961 2000 examines Franny and Zooey Carlene Hatcher Polite s The Flagellants 1967 Leslie Marmon Silko s Almanac of the Dead 1991 and Philip Roth s The Human Stain 2001 alongside the various discussions around ideology with which they intersect Each novel s plotless narratives dissolving subjectivities and cultural codes organize the texts peculiar relations to the post ideological age suggesting an aesthetic return of the repressed
