This is a text book for all doctors but especially GPs, appraisers and registrars. It is written by a 40-year-plus front-line NHS doctor who for most of his career worked twice to three times the current doctors' Working Time Directive limited week. Chris Heath has been a Paediatric Lecturer in a teaching hospital, an Anaesthetist, various junior specialists and a GP over 30 years in 3 different practices. He has been a GP Trainer and Appraiser and has seen politics and political correctness harm patients' interests constantly over the last half of his career. From the way it selects young doctors to the way they are educated and assessed, the best interests of the patient are largely ignored. This is a text book but it also contains home truths, insights and awarts, and all appraisal of how to be a good doctor as well as an unbiased assessment of what is wrong with today's NHS. It also explains why today's politicians, medical schools and doctors will resist the changes that are needed to put the patients' needs first again.
