**Modern French Poetry** Martin Sorrell, 1992 A cross section of twentieth century French poetry reflecting its rich diversity of subject matter form and style     *On Translating French Literature and Film* Geoffrey T. Harris, 2025-02-10 This volume is of particular relevance to literary and filmic translators to translation theorists and to anyone with an interest in translation as an art Throughout the majority of essays in the volume translation is projected as a complex creative task and not as an exercise in simply re encoding the meaning of a source text The received superiority of the original is ultimately questioned here The customary binary divide between original and translation or copy and between author and translator is forcefully challenged as cinematic and literary translation is presented as an essentially creative process Whether highlighting specific author related problems or whether focusing on the broader issues of the ethics of translation of cultural transmissibility or of obsolescence the general thrust of these essays seeks to demonstrate the authorial credentials of the translator Despite the cogent counter arguments advanced by a minority of the contributors the dominant discourse here is one which replaces the stereotypical virtually anonymous translator with a high profile creative figure     **American Book Publishing Record** , 1992     Modern Poetry in Translation , 1997     **French Forum** , 1992     **French Twentieth Bibliography** Douglas W. Alden, 1995-08 This series of bibliographical references is one of the most important tools for research in modern and contemporary French literature No other bibliography represents the scholarly activities and publications of these fields as completely     The New Encyclopaedia Britannica: Macropaedia : Knowledge in depth , 2003

**French Culture Since 1945** Malcolm Cook, Martin Cook, 1993 The broad approach of the book encourages the reader to either investigate particular themes to take an overview of French cultural developments as a whole This accessible and thought provoking analysis of modern French culture assumes some knowledge of French and France and is ideal for A level students and for undergraduates taking degree courses in French or European studies It will also prove valuable for students taking language courses combined with other disciplines and for all those with an interest in and awareness of European cultural issues     TLLS, the Times Literary Supplement , 1993     **CURRENT CONTENTS: Arts & Humanities -- Volume 15, Number 6, March 15, 1993.** , 1993     The Cumulative Book Index , 1992 A world list of books in the English language     Bibliographie der französischen Literaturwissenschaft: 1993 Otto Klapp, 1960     Arts & Humanities Citation Index , 1993
