

The background of the cover is a painting of a rainy city street. In the foreground, a woman in a dark dress and hat walks from left to right, holding a dark umbrella. The street is wet and reflects the light. In the middle ground, other figures with umbrellas are visible. On the right, a large, multi-story building with a red facade and several windows stands prominently. The sky is a pale, hazy yellow, suggesting a rainy day. The overall style is that of a classic oil painting.

intelligence Puritanical bringing up imperfect culture and strong affections of a girl who is as much a typical New Englander as any of the smart young women who have done so much duty as representative Americans in the writings of Mr Howells and Mr James There is nothing better in Mr Howells book than the glimpse that is given at the family surroundings of Marcia and an Indiana divorce court is the legitimate winding up of the mating of such a woman with such a man as Bartley Hubbard The smart fellow literally wears out the patience of his not at all smart wife wrecking her life just as he wrecks his own moral and physical natures The moral of such a story is obvious and Mr Howells might have satisfied every requirement of artistic propriety by permitting it to point itself He has not however found it possible to let go of his subject without a bit of sermonizing which is very excellent in its particular way but which adds nothing to the impressiveness of the narrative A Modern Instance William Dean Howells,1882 *A Modern Instance* William Dean Howells,2016-10-17 A Modern Instance A Novel is an unchanged high quality reprint of the original edition of 1882 Hansebooks is editor of the literature on different topic areas such as research and science travel and expeditions cooking and nutrition medicine and other genres As a publisher we focus on the preservation of historical literature Many works of historical writers and scientists are available today as antiques only Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future **A Modern Instance** William Dean Hosells,2018-11-13 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Catalogue of Modern Wood-engravings* Victoria and Albert Museum. **Howells's America** Elsa Nettels, 2014-07-15 No other American novelist has written so fully about language grammar diction the place of colloquialism and dialect in literary English the relation between speech and writing as William Dean Howells The power of language to create social political and racial identity was of central concern to Americans in the nineteenth century and the implications of language in this regard are strikingly revealed in the writings of Howells the most influential critic and editor of his age In this first full scale treatment of Howells as a writer about language Elsa Nettels offers a historical overview of the social and political implications of language in post Civil War America Chapters on controversies about linguistic authority American versus British English literary dialect and language and race relate Howells's ideas at every point to those of his contemporaries from writers such as Henry James Mark Twain and James Russell Lowell to political figures such as Theodore Roosevelt Henry Cabot Lodge and John Hay The first book to analyze in depth and detail the language of Howells's characters in more than a dozen novels this path breaking sociolinguistic approach to Howells's fiction exposes the fundamental contradiction in his realism and in the America he portrayed By representing the speech that separates standard from nonstandard speakers Howells's novels which champion the democratic ideals of equity and unity also demonstrate the power of language to reinforce barriers of race and class in American society Drawing on unpublished letters of Howells James Lowell and others and on scores of articles in nineteenth century periodicals this work of literary criticism and cultural history reaches beyond the work of one writer to address questions of enduring importance to all students of American literature and society *Love American Style* Kimberly Freeman, 2004-03-01 A popular subject in sociology and cultural studies divorce has until recently been overlooked by literary critics Spanning nearly a century during which the divorce rate skyrocketed *Love American Style* traces the treatment of divorce in the American novel This book draws upon popular sociological political and architectural history to illustrate how divorce reflects conflicting ideologies and notions of American identity Focusing primarily on work by William Dean Howells Edith Wharton Mary McCarthy and John Updike Kimberly Freeman delineates a system of tropes particular to divorce in American novels such as the association of divorce with the West and modernity the dismantling of the home and the disruption of the boundary between the public and the private These tropes suggest a literary tradition of love marriage and divorce that is central to twentieth century

American fiction Offering an explanation for both the treatment of divorce in the American novel as well as its predominance in American culture this book should appeal to scholars of American literature and popular culture or anyone interested in how divorce has become so American Letters, Fictions, Lives Henry James, William Dean Howells, Michael Anesko, 1997 In this unique and long awaited volume Michael Anesko documents the literary cross fertilization between Henry James and William Dean Howells collecting 151 letters nearly all the extant correspondence between the two men as well as the most significant critical commentary James wrote on Howells and Howells wrote on James Containing dozens of previously unpublished letters by James and featuring a detailed biographical chronology as well as extensive interpretive commentaries that meticulously chart the development of this remarkable literary friendship Letters Fictions Lives edited to the highest standards of scholarly excellence will prove an invaluable resource for scholars and students of James and Howells and will hold great interest for dedicated readers of their fiction and for those studying epistolary issues and literary influence between contemporaries

**The Descent of Love** Bert Bender, 2015-11-16 Upon its publication in 1871 Charles Darwin's *The Descent of Man and Selection in Relation to Sex* sent shock waves through the scientific community and the public at large In an original and persuasive study Bert Bender demonstrates that it is this treatise on sexual selection rather than any of Darwin's earlier works on evolution that provoked the most immediate and vigorous response from American fiction writers These authors embraced and incorporated Darwin's theories insights and language creating an increasingly dark and violent view of sexual love in American realist literature In *The Descent of Love* Bender carefully rereads the works of William Dean Howells Henry James Elizabeth Stuart Phelps Sarah Orne Jewett Kate Chopin Harold Frederic Charles W Chesnutt Edith Wharton and Ernest Hemingway teasing from them a startling but utterly convincing preoccupation with questions of sexual selection Competing for readership as novelists who best grasped the real nature of human love these writers also participated in a heated social debate over racial and sexual differences and the nature of sex itself Influenced more by *The Descent of Man* than by *The Origin of Species* Bender's novelists built upon Darwin's anthropological and zoological materials to anatomize their character's courtship behavior returning consistently to concerns with physical beauty natural dominance and the power to select a mate Bringing the resources of the history of science and intellectual history to this the first full length study of the impact of Darwin's theories in American literature Bender revises accepted views of social Darwinism American literary realism and modernism in American literature forever changing our perceptions of courtship and sexual interaction in American fiction from 1871 to 1926 and beyond *Literature and Photography in Transition, 1850-1915* O. Clayton, 2014-11-21 *Literature and Photography in Transition 1850 1915* examines how British and American writers used early photography and film as illustrations and metaphors It concentrates on five figures in particular Henry Mayhew Robert Louis Stevenson Amy Levy William Dean Howells and Jack London

**Legal Realisms** Christine Holbo, 2019-08-01 United States historians have long regarded the U S Civil War and its Reconstruction as a second

American revolution Literary scholars however have yet to show how fully these years revolutionized the American imagination Emblematic of this moment was the post war search for a Great American Novel a novel fully adequate to the breadth and diversity of the United States in the era of the Fourteenth Amendment While the passage of the Reconstruction Amendments declared the ideal of equality before the law a reality persistent and increasing inequality challenged idealists and realists alike The controversy over what full representation should mean sparked debates about the value of cultural difference and aesthetic dissonance and it led to a thoroughgoing reconstruction of the meaning of realism for readers writers politics and law The dilemmas of incomplete emancipation which would damage and define American life from the late nineteenth century onwards would also force novelists to reconsider the definition and possibilities of the novel as a genre of social representation Legal Realisms examines these transformations in the face of uneven developments in the racial ethnic gender and class structure of American society Offering provocative new readings of Mark Twain Henry James William Dean Howells Helen Hunt Jackson Albion Tourg e and others Christine Holbo explores the transformation of the novel s distinctive modes of social knowledge in relation to developments in art philosophy law politics and moral theory As Legal Realisms follows the novel through the worlds of California Native American removal and the Reconstruction era South of the Mississippi valley and the urban Northeast this study shows how violence prejudice and exclusion haunted the celebratory literatures of national equality but it demonstrates as well the way novelists representation of the difficulty of achieving equality before the law helped Americans articulate the need for a more robust concept of social justice
