Modern Labor Economics , *Jacob Mincer* Shoshana Grossbard, 2006-06-26 BY SHOSHANA GROSSBARD In 2004 the Society of Labor Economists announced its rst Award for Lifetime Achievement in Labor Economics Jacob Mincer and Gary Becker were the recipients The award was then renamed the Jacob Mincer Award Two years earlier Mincer was the rst to win the IZA Award in Labor Economics These awards recognize Mincer s primary role in shaping labor economics but they only hint at the breadth of his reputation and accomplishments he is a member of the National Academy of Sciences and has been appointed a Fellow of the American Statistical Association and the Econometric Society as well as a distinguished Fellow of the American Economic Association Mincer is one of the principal architects of Modern Labor Economics MLE a premier application of micro economics in the spirit of Chicago s positive e nomics There are typically three steps to such application 1 a theoretical model is developed or borrowed leading to testable implications 2 empirical work is p formed and 3 the ndings are analyzed in light of the theoretical analysis All of Mincer s work has followed those steps even when this was a rare occurrence When he started in the mid 1950s labor economics was a sub eld of institutional e nomics Labor economics is now a major eld of economics As a result of his work and that of other pioneers MLE became an example for other applications of e nomic models

Modern Labour Economics Peter Sloane, Paul L. Latreille, Nigel O'Leary, 2013 Labour economics as a discipline has changed dramatically in recent years Gone are the days of a job for life These days firms and employees are part of a less regulated more fluid and more international labour market Knowledge training human resource development and human capital are all major factors on the contemporary scene This new textbook is the first properly international textbook to reflect these swingeing changes Its key areas of concentration include the increasing importance of human capital including education and occupational choice the major subdivision of personnel economics including economic inactivity and absenteeism comparative cross country studies and the impact of globalization and migration on national labour markets equal opportunities and issues of discrimination on the basis of race gender and disability conflict at work including both strikes and uniquely individual disputes Other issues explored include the supply and demand of labour wages the current role of trade unions bargaining and conflict and working time The book is written in a clear accessible way with some mathematical exposition reflecting the text s grounding in current microeconomic theory The book also contains case studies designed to illuminate theoretical concepts and exercises and discussion questions to test the students understanding of the various concepts outlined in the text
