Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and

places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture **Modern North**

American Criticism and Theory Julian Wolfreys,2006-04-21 Modern North American Criticism and Theory presents the reader with a comprehensive and critical introduction to the development and institutionalization of literary and cultural studies throughout the twentieth century and at the beginning of the twenty first Focusing on the growth and expansion of critical trends and methodologies with particular essays addressing key figures in their historical and cultural contexts the book offers a narrative of change transformation and the continuous quest for and affirmation of multiple cultural voices and identities From semiotics and the New Criticism to the identity politics of whiteness studies and the cultural study of masculinity this book provides an overview of literary and cultural study in North America as a history of questioning debate and exploration **The Educated Imagination and Other Writings on Critical Theory 1933-1963** Northrop

Frye,2006-12-15 In 1933 Northrop Frye was a recent university graduate beginning to learn his craft as a literary essayist By 1963 with the publication of The Educated Imagination he had become an international academic celebrity In the intervening three decades Frye wrote widely and prodigiously but it is in the papers and lectures collected in this installment of the Collected Works of Northrop Frye that the genesis of a distinguished literary critic can be seen Here is Frye tracing the first outlines of a literary cosmology that would culminate in The Anatomy of Criticism 1958 and shape The Great Code 1982 and Words with Power 1990 At the same time that Frye garnered such international acclaim he was also a working university teacher lecturing in the University of Toronto s English Language and Literature program In her lively introduction Germaine Warkentin links Frye s evolution as a critic with his love of music his passionate concern for his students and his growing professional ambition The writings included in this volume show how Frye integrated ideas into the work that would consolidate the fame that Fearful Symmetry 1947 had first established **The Perceptive Process: a Introductory Guide**
