A Walpen, Gisela Neunhöffer, 2007-05-07 Neoliberalism is fast becoming the dominant ideology of our age yet politicians businessmen and academics rarely identify themselves with it and even political forces critical of it continue to carry out neoliberal policies around the globe How can we make sense of this paradox Who actually are the neoliberals This is the first explanation of neoliberal hegemony which systematically considers and analyzes the networks and organizations of around 1 000 self conscious neoliberal intellectuals organized in the Mont P lerin Society This book challenges simplistic understandings of neoliberalism It underlines the variety of neoliberal schools of thought the various approaches of its proponents in the fight for hegemony in research and policy development political and communication efforts and the well funded well coordinated and highly effective new types of knowledge organizations generated by the neoliberal movement partisan think tanks It also closes an important gap in the growing literature on private authority presenting new perspectives on transnational civil society formation processes This fascinating new book will be of great interest to students of international relations political economy globalization and politics Economía informa ,1997

Korstanje, 2018-08-08 This volume brings together well versed authors from four continents to critically discuss the roots of neoliberalism and how academics use the word today Neoliberalism has recently recycled and mutated towards new forms of radicalization where fear plays a leading role legitimating policies which would otherwise be overtly neglected by citizens The authors ignite a new discussion within social sciences combining the advances of sociology history anthropology communication and the theory of mobilities to understand the different faces and guises of neoliberalism

Enrique Dussel,Eduardo Mendieta,Carmen Bohórquez,2018-07-11 Esta obra fue proyectada m s que como un libro como el inicio de un movimiento filosófico continental Es decir los autores de las contribuciones toman conciencia de que la tarea que han asumido es de tal envergadura que no pueden sino cumplirla parcialmente Los trabajos a lo largo y ancho de toda la regi n latinoamericana sobrepasan a los especialistas de la historia o de temas expuestos en el orden nacional Cuando debe abordarse la tem tica tal como lo exige una obra sobre la filosof a latinoamericana se encuentran dificultades tales como la falta de bibliotecas especializadas en esta problem tica regional de especialistas que hayan tratado los temas y estudiado suficientemente los asuntos para proponer diversas hip tesis que permitan fecundos debates Todo comienza entonces por obtener materiales bibliogr ficos y tem ticos necesarios Esto no se logra en corto tiempo exige a os de perseverancia en la que los autores adquieren conciencia de los l mites de la presente empresa Por ello mucho m s que el lector son los mismos editores y autores de esta obra los que tienen conciencia de que s lo se ha iniciado la extracci n de un precioso metal de una rica mina casi inexplorada en su conjunto **Mexico Beyond NAFTA** Martin Puchet Anyul,Lionello F Punzo,2001-05-17

The author argues that liberalization strategy in Mexico has been successful in the short term but in looking at issues of employment income distribution foreign trade and industrial specialization it has created a polarization of economy and society resulting in unsustainable conditions **Economía, ética y ambiente** Horacio Fazio,2016-06-01 C mo es posible
