crusade in China are described in the first of two appendices the second of which contains a summary of my investigation into poppy cultivation in each of the six provinces traversed by me About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Webs of Smoke* Kathryn Meyer,Terry Parssinen,2002-10-02 This fascinating history of international drug trafficking in the first half of the twentieth century follows the stories of American narcs and gangsters Japanese spies Chinese warlords and soldiers of fortune whose lives revolved around opium The drug trade centered on China which was before 1949 the world s largest narcotic market The authors tell the interlocking stories of the many extraordinary personalities sinister and otherwise involved in narcotics trafficking in Asia Europe and the United States Drawing on a rich store of U S British European Japanese and Chinese archives this unique study will be invaluable for all readers interested in the drug trade and contemporary East Asian history
