M. Ehteshamul Bari,2017-07-06 In Bangladesh the absence of effective constitutional safeguards for governing emergency

regimes has resulted in each of the five emergencies being invoked on the imprecise ground of internal disturbance. Two of these emergencies were even continued after the alleged threat posed to the life of the nation was over. Furthermore, during these five periods of emergency, either all or most of the fundamental rights guaranteed by the Constitution were suspended and the power of preventive detention was abused. Since no systematic and structured research has so far been carried out evaluating the Bangladeshi Constitution's provisions concerning the proclamation of emergency, suspension of fundamental rights and preventive detention and the invocation of these extraordinary measures, this book will enhance knowledge by identifying the flaws, deficiencies and lacunae of the constitutional provisions concerning these exceptional measures. Consequently, based on these findings, recommendations will be put forward to rectify these defects from comparative constitutional law and normative perspectives. The outcome of this book will not only establish the best means for ensuring the maintenance of the rule of law but also for preventing undue intrusion on the fundamental human rights of individuals during emergency situations in Bangladesh. This book will be of great interest and use to scholars and students of comparative constitutional law, human rights law and Asian law. Given the law reform analysis undertaken in this work, it will also be beneficial for the policy makers in Bangladesh and for the policy makers of constitutional polities facing similar problems with the issue of constraining the exercise of emergency powers.

A Book of Conquest Manan Ahmed Asif, 2016-09-19. Manan Ahmed Asif shows that the Chachnama is a sophisticated work of political theory embedded in both the Indic and Islamic ethos. His social and intellectual history of this text offers an important corrective to the divisions between Muslim and Hindu that so often define Pakistani and Indian politics today.

The Independence of the Judiciary in Bangladesh M. Ehteshamul Bari, 2021-12-01. This book highlights that an independent judiciary is indispensable for the very existence of any society based on democratic values such as the observance of the rule of law and respect for the human rights of individuals. In order to ensure that the judiciary's interpretation of the law is not bound by the will of the executive and that it is able to call the executive to account by protecting the life as well as liberty of the governed, it is imperative to guarantee, among other things, a transparent method of appointment and the security of tenure of the judges. Taking into account the importance of an independent judiciary in a democratic society, the framers of the Constitution of Bangladesh, 1972, following in the footsteps of the framers of the Constitutions of India and Pakistan, incorporated in the Constitution the ideal of safeguarding the independence of the judiciary as one of its basic features. This book, however, makes it manifestly evident that the key elements for realising such an ideal have not adequately been guaranteed by the Constitution. Consequently, this book sheds light on how succeeding generations of executives have sought to undermine the independence of the judiciary. Accordingly, this book puts forward recommendations for the insertion of detailed norms in the Constitution of Bangladesh for establishing the best means for excluding patronage appointments to the bench and for guaranteeing the security of tenure of the judges. This book asserts that the incorporation of such norms safeguards the independence of the

superior judiciary to decide cases without fear or favour This book therefore seeks to address the gap that exists between the theory and practice concerning the independence of the judiciary in Bangladesh Since no book is currently available in the market that critically examines these issues in a systematic and structured manner this research enhances knowledge by not only identifying the flaws deficiencies and lacunae of the constitutional provisions concerning the method of appointment of the judges of the Supreme Court of Bangladesh but also the measures undertaken by the current Bangladeshi regime to dispense with the transparent method of removal of the judges involving a body of judicial character *New Islamic Schools* S. Riaz,2014-05-20 The first ethnographic study of the trend toward religious parochial schooling in urban Pakistan this book provides data from over fifty Karachi area schools to establish the complex reasons middle and upper class families enroll in religious Islamic schools Emergency Powers in Asia Victor V. Ramraj,Arun K. Thiruvengadam,2010 What role does and should legal political and constitutional norms play in constraining emergency powers in Asia and beyond South Asia Sumit Ganguly,2006-04 In recent years the world s focus on South Asia has increased dramatically With the events of 9 11 the detonation of atomic weapons by both India and Pakistan the discovery of an illicit nuclear proliferation network based in Islamabad regime change in an unstable Afghanistan and the rise of India as an economic power global interest in the region has reached perhaps an all time high Leading experts analyze the key strategic political and economic issues touching on South Asia and its role in the world in the essays that make up this inaugural volume in the Current History Books Series Focusing on modern South Asia including India Pakistan Afghanistan Bangladesh and Sri Lanka this authoritative volume provides an overview of the events and trends that have rocked this increasingly volatile region over the past decade Edited and with an introduction by Sumit Ganguly a leading expert on the region this volume provides a critical introduction to South Asia South Asia also contains current maps as well as a Recent Chronology of Events that provides a decade s worth of information on the region organized by year and by country This timely and comprehensive collection of essays provides a definitive account of modern South Asia
