Preb On Regardleb The Story Of The Fifth Royal Tank Regiment In Wwii:

Press on Regardless Edward Wilson, 2003 Based on the unit's War Diary Wilson gives daily accounts of the fortunes and misfortunes battles and hardships of a Regular Army Regiment in the famous Seventh Armoured Division the Desert Rats It is supplemented by personal accounts provided by officers and men who shared the triumphs and disasters of war as well as its humorous side and complemented by a chapter by chapter analysis of the war as it affected both Allies and Axis with a chronological summary of other main events Notes and technical details are also included **The Tank War** Mark Urban, 2014-04-03 Drawing on a wealth of research from interviews with surviving members to a treasure trove of rarely used archive material Mark Urban has produced an unflinchingly honest unsentimental account of the 5th RTR's wartime experiences Capturing both characters in their crew and exploring the strategy behind their success The Tank War is not the story of an elite unit but something more amazing a regular unit of average men thrust into war who pulled together to achieve extraordinary things **View from the Turret** Bill Close, 2002-01 Now available in paperback this is the story of the exploits of the 3rd Battalion Royal Tank Regiment during World War II as seen through the eyes of one of its most experienced tank commanders The 3rd RTR had a remarkable war Its baptism of fire came in 1940 during the heroic defence of Calais where unfortunately after withstanding six days of continuous siege almost three quarters of its personnel were either killed wounded or put in the bag In November 1940 re-fitted and back to strength in personnel the battalion was sent to North Africa and figured in most of the desert battles In early 1941 just after starting out on General Wavell's first desert advance the battalion was withdrawn from the line and sent to Greece There after some four months of active service in the North where its tanks were neither strong enough or numerous enough to stop the onslaught of the German divisions the remnants finally collected themselves in the glades of Gliphda and Daphne near Athens prior to evacuation All its tanks and vehicles were again lost and only some 200 officers and men of the battalion eventually landed back in Egypt after various adventures Once again made up to strength in both personnel and tanks the battalion played a considerable part in the bloody fighting at Sidi Resegh Bir Hackeim and Knightsbridge It led in part the advances to Agedabia and Msus and back to Alamein It took part in the famous Left HOOK battle with the New Zealanders making a considerable contribution to the success of the battle and subsequent forcing of the Gabes Gap and the Mareth line and the entry into Tripoli Following the desert battles and marches through Agedabia for the second time and the ignominious retreat back to Alamein The battalion enjoyed a period of rest and recuperation in the Delta The battalion played its part in the El Alamein battle once again receiving heavy casualties but went on with success at Alam Halfa and Gazala and the final advance to Enfidaville Sadly the battalion is no more having been amalgamated with the 2nd Royal Tank Regiment [A History of the 44th Royal Tank Regiment in the War of 1939-45 ...](#) Great Britain. Army. 44th Royal Tank Regiment, 1965 **The Tank War** Mark Urban, 2013-04-25 From the evacuation of France in 1940 to the final dash to Hamburg in 1945 the 5th Royal Tank Regiment

were on the front line throughout the Second World War. There was a war that saw them serve in Africa as part of the Desert Rats before returning to Europe for the Normandy landings. Wherever they went the notoriety of the Filthy Fifth grew; they revelled in their reputation for fighting by their own rules. The Tank War explains how Britain, having lost its advantage in tank warfare by 1939, regained ground through shifts in tactics and leadership methods, as well as the daring and bravery of the crews themselves. Overturning the received wisdom of much Second World War history, Mark Urban shows how the tank regiments' advances were the equal of the feats of the German Panzer divisions. Drawing on a wealth of new material from interviews with surviving soldiers to rarely seen archive material, this is an unflinchingly honest, unsentimental and often brutal account of the 5th RTR's wartime experiences. Capturing the characters in the crews and exploring the strategy behind their success, *The Tank War* is not just the story of an battle-hardened unit but something more extraordinary: the triumph of ordinary men against long odds in the darkest of times.

With Churchills to War Peter Gudgin, 1996 Formed in 1938, the 48th Battalion Royal Tank Regiment was one of London's two Territorial tank battalions. Following the outbreak of war in 1939, 48RTR trained hard before being posted overseas to join the 7th Armoured Division in the North African desert. In the tough fighting that followed in Tunisia and in the subsequent Italian campaign, 48RTR proved itself to be a highly efficient fighting machine. *With Churchills to War* tells the story of this Territorial tank battalion at war, compiled by a former regular officer in 48RTR from official war diaries, personal diaries and reminiscences of former members of the battalion. Detailed first-hand accounts are given of the various tank actions in which the battalion played its part, including Medjez el Bab in North Africa where it captured the first German Tiger tank to be acquired intact by the Allies. Fully illustrated throughout, *With Churchills to War* presents a comprehensive war history of the battalion and includes detailed appendices listing honours, awards, personnel casualties and tank names.

The Tanks Sir Basil Henry Liddell Hart, 1959 Comprehensive history of British armored forces from their beginnings to the end of World War II.

Taming the Panzers Patrick Delaforce, 2014-04-14 ONE OF THE MOST FAMOUS FORMATIONS IN BRITISH MILITARY HISTORY In the Great War, C Company of the 3rd Royal Tank Regiment earned distinction with Big Willie, Little Willie and the Savage Rabbits, code names for the earliest tanks that eventually stormed the Hindenburg Line and helped win the war. In May 1940, they fought to defend Calais and gave the BEF vital time to evacuate the Dunkirk beaches. In early 1941, they were the key armoured regiment in the ill-fated campaign in Greece, which delayed Hitler's Operation Barbarossa, the invasion of Russia. They fought in all the North African campaigns and were brought back to lead the Normandy invasion in Operations Epsom, Goodwood and Bluecoat, and the brave charge through the Third Reich to reach the Baltic. Eventually, they tamed the Mk 4s Panthers and Tigers that Hitler sent against them, cementing their magnificent legacy.

50th Royal Tank Regiment Stephen D. Hamilton, 1996 a fine tribute to a great regiment and I can commend it to prospective readers, specially military historians. I

doubt whether there has ever been such a thorough and detailed record of any Territorial Regiment From the Foreword by Colonel V J Senior MC Inspired by the research that he carried out into the death of his grandfather whilst serving in the 50RTR and the conversations with the old soldiers who had served with him the author set about collecting the memories of those veterans This book the result of his research takes the form of personal accounts details from the regimental war diary and descriptions of the many battles in which they partook 50RTR was formed in Bristol in April 1939 and disbanded only seven years later In that short period the regiment gained itself a reputation and a record that has not been equalled 50RTR were in contact with enemy for 95% of their overseas service for instance They saw action in the Western Desert and North Africa including El Alamein Mareth and Sfax and then Sicily Italy and Athens A moving introduction is provided by Brigadier HBC Watkins MBE himself an officer in the RTR for 34 years He describes the book as most remarkable and the battle descriptions as being excellent and must be of the greatest interest of students of the Second World War and will delight the survivors of the Regiment The book includes a Roll of Honour and List of Awards and is naturally dedicated to all the Officers NCOs and Troops who served in the 50th Royal Tank Regiment
