A Butterfly's Journey Barbara J Hopkinson, 2014-01-14 A Butterfly s Journey offers a unique approach to enduring the loss of a child with the author s diverse perspective as a multiple bereaved parent and support group facilitator In this gripping memoir that commences with the day she got the call alerting her that her 21 year old son had been seriously injured in a motorcycle accident Hopkinson bares her soul in moving through a journey of grief that changed her life forever She also gives families a

reason to believe in their child's continued spiritual existence. With great skill, Hopkinson's approach helps bereaved parents and families understand the variety of ways grief can be felt, expressed, and supported. For example, genders grieve differently and infant loss can be as traumatic as the death of an older or adult child. She gently reminds us to be tolerant; we all grieve in our own way and on our own schedule. Courageously sharing the impact of grief in her own life, Hopkinson reveals that her 30-year marriage did not survive the untimely death of her adult son. Additionally, while going through a divorce that dramatically altered her lifestyle, her remaining son flunked out of college as a result of the loss of his brother. Like many bereaved parents, Hopkinson briefly contemplated suicide after these and other unexpected events. In *A Butterfly's Journey*, she details finding an inner strength she now believes has prepared her to handle any life challenge with greater ease. She also models how she found love, hope, and happiness again by turning outward and helping others. *Journey to Destiny, Traveling Through Infertility* Danielle Q. An

Unwanted Miracle Jane Klock,2020-08-31 Maybe the title of my book sounds a little ungrateful because after all who wouldn't want a miracle in their life Have you ever experienced a miracle in your life you did not originally want Maybe you had been praying about one particular thing and the answer to your prayer made you doubt God's very existence There also maybe the feeling of being let down or abandoned by God and that tears you apart with great confusion and mistrust But then you discover it turns out to be God's gracious gift to you to strengthen your faith You could say I was expecting my own special miracle from a loving God when I got pregnant for the eighth time This was due mostly to being medically considered a high risk to carrying children to full term for I already tragically lost five of these pregnancies including burying our baby boy So this was the only conception I put totally in God's hands even prior to getting pregnant for I knew and believed God was aware of my great fears associated with this aspect of my life Nothing could prepare me for what was about to unfold to change my life forever
