Motorcycling and Leisure Paul Broughton, Linda Walker, 2016-12-05 Despite the fact that there are around 1.2 million powered two wheelers PTWs within the United Kingdom riders are often misconceived as living at the edge of society however this is often far from the truth Riding a PTW is a high risk activity and those who ride are often perceived as being risk junkies but through an in depth exploration of this leisure activity Motorcycling and Leisure explains that riders ride because they enjoy it and do not necessarily enjoy the risk involved The book presents a range of contemporary research on riders and how they find enjoyment The book further explores the rider goal of enjoyment and utilises Fuller's task homeostasis theory along with Csikszentmihalyi's theory of flow to develop an understanding of the interaction between risk and goals In conclusion it develops principles of interventions with the aim of guiding intervention design and reducing the number of motorcycle crashes Escorting the Monarch Chris Jagger, 2017-10-30 Escorting the Monarch is as close to an official history of the Metropolitan Police's Special Escort Group SEG as one could hope for You may have seen the team at work as the combination of motorcycles and cars pass you by they glide elegantly and seemingly effortlessly through busy traffic Developing a dedicated and diligent team culture they are masters of their trade They hold a well earned reputation for excellence amongst their peers delivering their passengers and cargo on time safely in a great deal of style and without fuss or mishap Professional and precise in the execution of their operations they are neither shaken nor stirred Although the work of the SEG demands exquisitely high levels of presentation there is little room for gloss or glitter The individuals and property they are charged to protect are assessed by government to need the highest possible levels of protection From

queens kings presidents and emperors to priceless works of art terrorists and high risk prisoners the group escort them all
Written by the son of a retired SEG officer who himself served in the British Government s security and intelligence
community Escorting the Monarch is told in part through first hand stories and anecdotes gleaned from former officers of the
group The insights offered are unique privileged and first of their kind Chris Jagger unfolds a collection of fascinating and
never before told stories built on high profile events such as the funeral of Sir Winston Churchill and the visit of Nelson
Mandela Now the SEG have honed their skills for over 6 decades Through a carefully constructed description of a changing
security and political environment across the decades and an insightful analysis of the ingenuity of those who have severed
with the SEG _Escorting the Monarch_ explains the events that made the group who they are today **Cycle World**
