Right Face Organizing The American Conservative Movement 194565

Andrew L. Johns

Right Face Organizing The American Conservative Movement 1945-65:

Right Face Niels Bjerre-Poulsen, 2002 *Right Face* tells the compelling story of how the American conservative movement in the two decades following World War II managed to move from obscurity to the center stage of national politics When Dwight D Eisenhower in 1952 defeated the conservative champion Robert Taft and won the Republican presidential nomination many on the American right felt that they had become homeless within the established party system The brand of liberalism which permeated the nation's intellectual life had also become bipartisan political doctrine The feeling of cultural and political ostracism triggered a quest for an independent conservative network of organizations with the hope of either taking back the Republican Party or creating a viable alternative The first part of *Right Face* recounts the often bitter struggle to define the meaning of conservatism in modern America Part two concerns the search for influential national outlets for conservative opinion whereas part three focuses on the movement's actual plunge into electoral politics not least on its well planned takeover of the Republican Party machinery in 1964 and the resulting presidential nomination of Senator Barry Goldwater An epilogue attempts to trace main currents in the evolution of American conservatism since the 1960s as well as to assess the extent to which American conservatives have managed to create the Counter Establishment they set out to create more than half a century ago In a sense the conservatives actually set out on two different quests One was for intellectual respectability The other was for political power As this study reveals the two goals were not always compatible Based on extensive archival sources *Right Face* provides an incisive analysis of the conservative movement and the forces that shaped it With its blending of intellectual and organizational developments it adds an important chapter to the history of American political culture in the 20th century

The Conservative Intellectual Movement in America Since 1945 George H. Nash, 2023-03-28 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born

Barry Goldwater and the Remaking of the American Political Landscape Elizabeth Tandy Shermer, 2013-02-28 Barry Goldwater lost the race for the presidency in 1964 but his conservative agenda sparked a movement that has had profound and far reaching effects on American politics and society This is a long overdue reconsideration of the life times and legacy of a polarizing politician who is as reviled as he is revered

White Protestant Nation Allan J. Lichtman, 2008 Examines the origins development and achievements of conservatism in the United States from the birth of the modern right in the 1920s through the restoration of the conservative consensus at the end of the twentieth century

Ancient Greece and American Conservatism John Bloxham, 2018-03-28 US conservatives have repeatedly turned to classical Greece for inspiration and rhetorical power In the 1950s they used Plato to defend moral absolutism in the 1960s it was Aristotle as a means to develop a uniquely conservative social science and then Thucydides

helped to justify a more assertive foreign policy in the 1990s By tracing this phenomenon and analysing these and various other examples of selectivity subversion and adaptation within their broader social and political contexts John Bloxham here employs classical thought as a prism through which to explore competing strands in American conservatism From the early years of the Cold War to the 2003 invasion of Iraq Bloxham illuminates the depth of conservatives engagement with Greece the singular flexibility of Greek ideas and the varied and diverse ways that Greek thought has reinforced and invigorated conservatism This innovative work of reception studies offers a richer understanding of the American Right and is important reading for classicists modern US historians and political scientists alike **To Right These Wrongs** Robert R.

Korstad,James L. Leloudis,2011-01-20 When Governor Terry Sanford established the North Carolina Fund in 1963 he saw it as a way to provide a better life for the tens of thousands whose family income is so low that daily subsistence is always in doubt Illustrated with evocative photographs by Billy Barnes To Right These Wrongs offers a lively account of this pioneering effort in America s War on Poverty Robert Korstad and James Leloudis describe how the Fund s initial successes grew out of its reliance on private philanthropy and federal dollars and its commitment to the democratic mobilization of the poor Both were calculated tactics designed to outflank conservative state lawmakers and entrenched local interests that nourished Jim Crow perpetuated one party politics and protected an economy built on cheap labor By late 1968 when the Fund closed its doors a resurgent politics of race had gained the advantage led by a Republican Party that had reorganized itself around opposition to civil rights and aid to the poor The North Carolina Fund came up short in its battle against poverty but its story continues to be a source of inspiration and instruction for new generations of Americans **Protestants and American**

Conservatism Gillis J. Harp,2019 This short book explores the complicated relationship between Protestants and American conservatism from colonial times to the recent past It connects the dots in an accessible way that sheds new light on the Religious Right that has garnered public attention since the 1980s **Dark Crusade** Clifford A Kiracofe,2009-05-30 Dark

Crusade offers the most nuanced analysis yet written of the dangerous and complex phenomenon of Christian Zionism s influence on American foreign policy Despite its efforts to promote peace and instil democracy in the region America is viewed by many in the Middle East as a dishonest broker waging a dark crusade against its enemies in covert collaboration with Israel The crucial hostility to Arab and Palestinian interests of the so called Zionist lobby in the US has long been recognised But it is another less familiar element in US politics that increasingly calls the shots on Capitol Hill directing the course of American foreign policy there Christian Zionism Christian Zionists now influence not only the Republican Party but also the White House and Congress Protestant fundamentalists anticipating the end of the world they have long made common cause with the most extreme political elements in the state of Israel But why Jews and fundamentalist Christians hardly look like natural allies Adhering to a feverish apocalyptic ideology Christian Zionists nevertheless believe that restoration of the entire biblical Holy Land to the Jewish people will result the thousand year reign of Christ During his

eleven years working in the Senate Christian Kiracofe observed at first hand the deep seated influence of Christian Zionism on American foreign policy and is uniquely qualified to assess its significance Dark Crusade offers the most nuanced analysis yet written of this dangerous and complex phenomenon New York State and the Rise of Modern Conservatism Timothy J. Sullivan,2008-12-01 From the early 1960s until 1980 New York's Conservative and Republican Parties battled on the editorial page at the ballot box and in the courts over the ideology of the GOP New York State and the Rise of Modern Conservatism recounts the story of how New York reputedly the most liberal of all states played a critical role in conservatism's political ascendancy and in the redrawing according to ideology of the country's party lines Examining the colorful personalities central to the transformation including Governor Nelson Rockefeller William F Buckley Jr John Lindsay Roy Cohn Jackie Robinson Clare Booth Luce G Gordon Liddy and William Casey author Timothy J Sullivan recounts the details of the party's battle a battle that ultimately forced the state's liberal Republicans to choose between their party and their ideology resulting in a reliably conservative national GOP prepared to nominate Ronald Reagan **America's Right** Robert B. Horwitz,2013-07-10 Conservatism has been the most important political doctrine in the United States for nearly four decades It has dominated the intellectual debate and largely set the policy agenda even during years of Democratic electoral control But 21st century conservatism has moved far beyond even the Reagan Revolution of small government lower taxes and a respect for tradition The alliance of libertarians neoconservatives and the Christian right has launched anxious and angry attacks on the purported homosexual agenda the hoax of climate change the rule by experts and elites and the banishment of religion from the public realm In the foreign policy arena it has tried to remake the world through the cleansing fire of violence Contemporary American conservatism practices a politics that is disciplined uncompromising utopian and enraged seeking to take back our country This is anti establishment conservatism whose origin can be traced back to the right wing that battled both the reigning post World War II liberal consensus and the moderate establishment Republican Party This book examines the nature of anti establishment conservatism traces its development from the 1950s to the Tea Party and explains its political ascendancy A Companion to Ronald Reagan Andrew L. Johns,2015-02-10 A Companion to Ronald Reagan evaluates in unprecedented detail the events policies politics and people of Reagan's administration It assesses the scope and influence of his various careers within the context of the times providing wide ranging coverage of his administration and his legacy Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan *Empire of Direct Mail* Takahito Moriyama,2022-08-26 The rapid growth of the conservative movement has long fascinated historians many of whom have focused on the grassroots efforts in the Sunbelt Empire of Direct Mail examines how conservative operatives got their message out to their supporters through

computerized direct mail a significant but understudied communications technology The story centers on Richard Viguerie a pioneer of political direct mail who was known as the Funding Father of the conservative movement His consulting firm established a database of conservative prospects and mailed millions of unsolicited letters By the 1970s Viguerie emerged as the central fundraiser in conservative politics financing right wing organizations and politicians such as George Wallace Jesse Helms and Ronald Reagan Moriyama shows that the rise of right wing direct mail communication in the postwar years coincided with a new strategy the use of this new technology to stoke negative emotions such as fury and fear among the letter recipients In the period of broadcasting conservative fundraisers established the new approach of targeting individual voters and promoting negative emotions to win elections Before Rush Limbaugh s talk show Fox News Twitter and Cambridge Analytica conservatives used direct mail to spread messages of anxiety and anger to raise funds and mobilize the grassroots Through extensive archival research of fundraising activities in the conservative movement and key elections from 1950 to 1980 *Empire of Direct Mail* offers a political history of the role played by communications technology in the development of modern US conservatism

The Changing World Religion Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind s eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

Phyllis Schlafly and Grassroots Conservatism Donald T. Critchlow, 2018-06-05 Longtime activist author and antifeminist leader Phyllis Schlafly is for many the symbol of the conservative movement in America In this provocative new

book historian Donald T Critchlow sheds new light on Schlafly's life and on the unappreciated role her grassroots activism played in transforming America's political landscape. Based on exclusive and unrestricted access to Schlafly's papers as well as sixty other archival collections, the book reveals for the first time the inside story of this Missouri-born mother of six who became one of the most controversial forces in modern political history. It takes us from Schlafly's political beginnings in the Republican Right after the World War II through her years as an anticommunist crusader to her more recent efforts to thwart same-sex marriage and stem the flow of illegal immigrants. Schlafly's political career took off after her book *A Choice Not an Echo* helped secure Barry Goldwater's nomination. With sales of more than 3 million copies, the book established her as a national voice within the conservative movement. But it was Schlafly's bid to defeat the Equal Rights Amendment that gained her a grassroots following. Her anti-ERA crusade attracted hundreds of thousands of women into the conservative fold and earned her a name as feminism's most ardent opponent. In the 1970s, Schlafly founded the Eagle Forum, a Washington-based conservative policy organization that today claims a membership of 50,000 women. Filled with fresh insights into these and other initiatives, Phyllis Schlafly and Grassroots Conservatism provides a telling profile of one of the most influential activists in recent history. Sure to invite spirited debate, it casts new light on a major shift in American politics: the emergence of the Republican Right.

Something Seems Strange Anthony B. Bradley, 2016-09-21 Life happens at the intersection of faith and culture. Whether we are Christians or not, we all have some narrative about the way the world ought to be that shapes how we view the world and live our lives. In this book, Anthony Bradley explores those intersections in ways that analyze and direct our imaginations toward the best practices that lead to human flourishing. Economics, political philosophy, sociology, psychology, and theology are just a few of the disciplines used in an attempt to make sense of a world where things are not the way they are supposed to be. Something does seem strange about the world, but we are not left without tools and principles that we need to make life work at the intersections of faith and culture. The aim of *Something Seems Strange* is to provide a model of thinking about life at those intersections so that people can live freely according to their God-given design.

The G.I. Bill Kathleen Frydl, 2009-03-23 Kathleen J. Frydl examines how the GI Bill serves as an instructive example of successful federal power in modern America.

The Liberal Consensus Reconsidered Robert Mason, Iwan Morgan, 2019-10-14 Here leading scholars, including Hodgson himself, confront the longstanding theory that a liberal consensus shaped the United States after World War II. The essays draw on fresh research to examine how the consensus related to key policy areas, how it was viewed by different factions and groups, what its limitations were, and why it fell apart in the late 1960s.

The Roots of Modern Conservatism Michael Bowen, 2011-09-26 Between 1944 and 1953, a power struggle emerged between New York governor Thomas Dewey and U.S. senator Robert Taft of Ohio that threatened to split the Republican Party. In *The Roots of Modern Conservatism*, Michael Bowen reveals how this two-man battle for control of the GOP and the Republican presidential nomination escalated into a divide of ideology that ultimately determined the party's

political identity Initially Bowen argues the separate Dewey and Taft factions endorsed fairly traditional Republican policies However as their conflict deepened the normally mundane issues of political factions such as patronage and fund raising were overshadowed by the question of what true Republicanism meant Taft emerged as the more conservative of the two leaders while Dewey viewed Taft's policies as outdated Eventually conservatives within the GOP organized against Dewey's leadership and emboldened by the election of Dwight Eisenhower transformed the party into a vehicle for the Right Bowen reveals how this decade long battle led to an outpouring of conservative sentiment that had been building since World War II setting the stage for the ascendancy of Barry Goldwater and the modern conservative movement in the 1960s Gotham at War Mike Wallace, Distinguished Professor Emeritus of History Mike Wallace, 2025-10 The culminating volume in the acclaimed Gotham series Gotham at War delivers an unforgettable portrait of America's greatest city during history's most catastrophic conflict Gotham at War unveils the history of New York and the Second World War from isolationism and factionalism to crucible of the American effort and the Allied Cause in a total and global war Kaleidoscopic and immersive Gotham at War captures the full spectrum of New York and the war from every possible aspect social political economic and military Even before the war had started street battles between New York's homegrown fascists and the workers movement allied with immigrants from all over the world and their children in the barrios of Gotham played prelude Set in the generation after race scientists based in the elite warrens of the Upper East Side championed and then imposed national immigration restriction Gotham at War sees New Yorkers struggle to shake off the city's eugenic past Between 1933 and 1945 the city wrestled with itself starting from the rise of Hitler through isolationism and growing interventionism through Pearl Harbor and a full throated war effort when millions of American soldiers and sailors and billions of tons of materiel passed through New York's waterfronts to the warfronts Along the way Mike Wallace's saga traces the transformation of New York embracing garment workers and skyscrapers the subway and Wall Street gangsters and idealists pols and reformers nightclubs and boardrooms Nazi infiltrators and FBI gumshoes magazines and movies shuls and cathedrals every neighborhood every industry and all the peoples of the city swept up in a world that had caught fire Here is a portrait of a city and a war like no other Gotham at War traces the transformation of New York from Depression wracked mother of exiles to a front in the Second World War and ultimately to the seat of the United Nations and a very contested capital of the world

In Our Hands Elizabeth Palley, Corey S. Shdaimah, 2017-03 Working mothers are common in the United States In over half of all two parent families both parents work and women's paychecks on average make up 35 percent of their families incomes Most of these families yearn for available and affordable child care but although most developed countries offer state funded child care it remains scarce in the United States And even in prosperous times child care is rarely a priority for U S policy makers In **In Our Hands The Struggle for U S Child Care Policy** Elizabeth Palley and Corey S Shdaimah explore the reasons behind the relative paucity of U S child care and child care support Why they ask are policy makers unable to

convert widespread need into a feasible political agenda They examine the history of child care advocacy and legislation in the United States from the Child Care Development Act of the 1970s that was vetoed by Nixon through the Obama administration s Child Care Development Block Grant The book includes data from interviews with 23 prominent child care and early education advocates and researchers who have spent their careers seeking expansion of child care policy and funding and an examination of the legislative debates around key child care bills of the last half century Palley and Shdaimah analyze the special interest and niche groups that have formed around existing policy arguing that such groups limit the possibility for debate around U S child care policy Ultimately they conclude we do not need to make minor changes to our existing policies We need a revolution

Thank you categorically much for downloading **Right Face Organizing The American Conservative Movement 194565**. Most likely you have knowledge that, people have look numerous times for their favorite books as soon as this Right Face Organizing The American Conservative Movement 194565, but end stirring in harmful downloads.

Rather than enjoying a good book behind a cup of coffee in the afternoon, then again they juggled once some harmful virus inside their computer. **Right Face Organizing The American Conservative Movement 194565** is user-friendly in our digital library an online permission to it is set as public thus you can download it instantly.
