

# The Right and the Power: The Prosecution of Watergate

COVER COMING SOON

# Right And The Power Prosecution Watergate

**Barry Werth**

## **Right And The Power Prosecution Watergate:**

**The Right and the Power** Leon Jaworski, 1976 The secrets of Watergate were hidden by lies and deceit and only one man had the right and the power to bring the White House to justice In this book Special Prosecutor Leon Jaworski for the first time explains and documents the details of the behind the scenes struggles for the White House tape recordings the release of which culminated in a historic Supreme Court decision and the resignation of President Richard Nixon It is the story of America s most traumatic experience in recent history recounted by the man who knows the story best The book identifies the maneuvers that created new legal precedents making it must reading for everyone interested in courtroom proceedings But it is also a story of grim thrusts and counterthrusts between Jaworski and his staff and the men who served the President the inscrutable Fred Buzhardt the suave soldier diplomat Alexander Haig the shrewd and energetic counsel for the President James St Clair The book contains moments of great drama that have remained untold until now There is the moment when Leon Jaworski first found evidence that could lead to the impeachment of the President and had to keep it secret while the President continued to proclaim his innocence There is the moment when Alexander Haig shocked to the core by what Jaworski was telling him gazed out at the snow covered White House grounds with tears in his eyes There are moments when Jaworski found himself betrayed by broken promises and decided that he had the right and the power to take the President to court The book details the hard decisions made the frightening gambles taken the battle of the Supreme Court the resignation of the President the pardon Above all this is a story of personal courage For when President Richard Nixon appointed Leon Jaworski as Special Watergate Prosecutor in November 1973 there was uneasy speculation in Congress that the new man from Texas was the President s man Newspapers editorialized against his appointment and members of both the Senate and the House echoed their sentiments Even the dedicated young lawyers of the Special Prosecution Force who had seen their leader Archibald Cox stripped of his powers were skeptical that Jaworski could do the job Wasn t he a member of the Establishment with easy access to the throne rooms of political and financial power Wasn t he a political conservative And old How do you communicate with a man of sixty eight But Leon Jaworski quickly proved himself to be his own man He always had been A trial lawyer at age twenty a prosecutor at the Nuremburg War Crimes trials he had always championed the rights of society and the rights of the individual Besides being President of the American Bar Association he was a warm human being known to his peers as a brilliant legal strategist and tactician And if his age worried his staff he quickly bridged the gap of generations by his words and deeds Leon Jaworski is a man who serves justice and his story of one of the greatest legal battles in American history makes unforgettable reading Jacket flap **Niemeier V.**

**Watergate Special Prosecution Force** ,1977 **Prosecution of the President of the United States** H. Lowell Brown, 2021-11-16 This book provides a detailed look at the constitutional historical and political arguments concerning presidential immunity from prosecution as well as the opinions of the Office of Legal Counsel that provided the justification

for the decision not to prosecute President Trump Focusing on those opinions the book examines the constitutional basis of presidential immunity both textual and historical as reflected in the deliberations of the 1787 Convention and the ratification debates The opinions are viewed in the context of the criminal investigations of Presidents Nixon and Clinton that gave rise to those opinions as well as the pronouncements of the Supreme Court concerning their claims and those of President Trump to immunity from judicial inquiry Lastly the book analyzes presidential immunity in light of the separation of powers the availability of impeachment and the discordance between presidential immunity and the rule of law **Prosecution Among Friends** David Alistair Yalof,2012 that occurred over the course of four decades beginning with the Nixon administration and extending up through the second Bush administration All of these cases Watergate Whitewater and others **The Pardon** Jeffrey Toobin,2025-02-11 Examines the contentious events surrounding President Ford s decision to pardon Richard Nixon featuring key players such as Alexander Haig and Benton Becker and explores its long term impact on American politics and the presidency arguing that this was not a necessary act of healing but rather an unwise gift to an undeserving recipient

Human Rights and World Public Order Myres Smith McDougal,Harold Dwight Lasswell,Lung-chu Chen,2019 As a classic text of the New Haven School of International Law this book explores human rights and international law in the broadest sense taking into account social sciences research while embracing all values secured or consequently fulfilled or needed to thus be achieved The re issuance of this venerable title unveils this work to a new generation of scholars students and practitioners of international law and human rights The Politics of Justice Cornell W. Clayton,2015-06-18 First Published in 2015 This series on American Political Institutions and Public Policy intends to examine contemporary U S political developments and to discern their impact on issues of public policy Cornell W Clayton s The Politics of Justice The Attorney General and the Making o f Legal Policy is the second publication in the series It is a fascinating study of politics and governance how one government affects the other and how both affect public policy Surveying the historical evolution of the office of the Attorney General Clayton sees significant recent changes in the role position and influence of the person who holds that office *Historical Encyclopedia of U.S. Independent Counsel Investigations* Gerald S. Greenberg,2000-09-30 This volume is a compilation of the U S federal special prosecutor independent counsel investigations spanning the complete twenty one year tenure from 1978 1999 of the independent counsel statute The entries include individuals who have served as investigators those who have been targets of investigations all attorney generals who have called for appointment of special prosecutors all presidents during whose terms of office such prosecutors served and all legal cases that served to argue for or against the constitutionality of the independent counsel statute These historical precedents are traced from Ulysses Grant s appointment of a special prosecutor to investigate the St Louis Whiskey Scandal in 1875 More contemporary cases include Watergate precipitated by Richard Nixon s Saturday Night Massacre dismissal of Special Prosecutor Archibald Cox in 1973 Independent Counsel Lawrence Walsh s Iran Contra Investigation and Special Prosecutor Ken Starr s

Whitewater investigation of the Clintons and the ensuing permutations which brought individuals like Linda Tripp and Monica Lewinsky to prominence and also brought the statute calling for such investigations into constitutional debate The book is fully cross referenced and contains a comprehensive bibliography and index It will be of interest to scholars and students of American History and Constitutional History **Official Congressional Record Impeachment Set** ,1999

The Special Prosecutor in American Politics Katy Jean Harriger,2000 The federal special prosecutor unprincipled abuser of power or staunch defender of the law As Katy Harriger shows the special prosecutor was a hotly debated and controversial subject throughout much of its existence This was especially true she argues during the lengthy expensive and highly politicized investigations of Lawrence Walsh and Kenneth Starr into allegations concerning Presidents Ronald Reagan and Bill Clinton Harriger offers the most complete assessment available of the use of special prosecutors in the post Watergate era She analyzes the independent counsel s role within the framework of the separation of powers explaining how each has interacted with other key players in the political and legal system and showing how those relationships have affected the prosecutor s ability to conduct investigations Harriger s previous edition focused on the legacy of Watergate but was published before Walsh s Iran Contra investigations were concluded Her new study adds substantially more information on Iran Contra provides a clearheaded appraisal of Starr s sensationalized Whitewater Lewinsky investigations examines a number of senior level cabinet probes and critiques and clarifies the role of Attorney General Janet Reno in these latter matters A completely new chapter compares Iran Contra and Whitewater Lewinsky to explore the limits of the law in the special prosecutor s efforts In this new edition Harriger includes 20 new interviews with Washington insiders including one with Kenneth Starr and covers the debates that led to both the reauthorization of the independent counsel statute in 1994 and its demise in 1999 She then examines the pros and cons of the office and offers constructive suggestions for improvement should it be revived For students scholars and concerned citizens her book takes us well beyond frenzied media hype and partisan politics to provide a timely reminder about the crucial role of separation of powers in our system of governance Above the Law David Burnham,2015-01-13 The U S Department of Justice is an institution of vast reach and power over the American people with little oversight into its internal operations This book examines the ways that attorneys general FBI directors federal prosecutors and other Justice Department officials have often abused their powers to achieve political goals rather than pursuing justice Its warning remains as relevant in the digital post 9 11 era of the expanded national security state as it was in the days of J Edgar Hoover **The Marine Corps Gazette** ,1976 *Independent Justice* Katy Jean Harriger,1992 Congress created the Office of the Special Prosecutor in 1978 Its mandate was to insure the rule of law to check abuses of power in the executive branch and to restore public confidence in government after the Watergate scandal Harriger politics Wake Forest U focuses on the symbolic constitutional and political dimensions of her subject to provide a comprehensive in depth review of the Office of the Special Prosecutor and how it has operated in practice

Judiciary,1973     **Congressional Record** United States. Congress,1993     **The Law of Criminal Correction** Sol  
Ruben,1981     *A Practical Companion to the Constitution* Jethro K. Lieberman,2023-07-28 This is the most comprehensive  
and readable one volume reference book in print accessible to lay readers and specialists alike on the meaning of the  
American Constitution as the Supreme Court has interpreted it It is an indispensable tool for students and lay persons who  
want to understand today s constitutional controversies and their background in our history It is equally useful to lawyers  
and other specialists who seek quick reviews of constitutional issues with immediate reference to cases for further research  
Unlike conventional treatises that discuss the Constitution clause by clause or under a few broad concepts this book uniquely  
treats every aspect of the Constitution and every constitutional topic in alphabetical order in more than 1 000 short essays It  
is extensively cross referenced and exhaustively indexed so that even a reader with only a minimal notion of the Constitution  
or constitutional law can quickly find clear answers to questions about pressing issues of the day Among the other unique  
features a set of introductory essays on the background of the Constitution and the many difficulties of interpreting it a  
concordance to each word and phrase in the Constitution a year by year chronology of justices who have served on the  
Supreme Court and a table of the more than 2 650 Supreme Court cases from 1792 to the present referred to in the book  
listing the vote the author of the majority opinion the concurring and dissenting justices and the length of the opinions This is  
the most comprehensive and readable one volume reference book in print accessible to lay readers and specialists alike on  
the meaning of the American Constitution as the Supreme Court has interpreted it It is an indispensable tool for students
