The Dating Blueprint Jason Evert, 2019-10-11 Women don't feel comfortable telling a man what they wish he knew about dating. He's expected to know it. Unfortunately, the only time men receive specific guidelines is when they're being told what they're not supposed to do. As a result, very few know what they are supposed to do. What men want is a clear blueprint. Imagine how much simpler dating would be if women could just speak their minds. Therefore, Jason Evert surveyed more than a thousand women and asked them questions such as: How would you want a man to ask you out? How do you not want to be asked on a date? This book reveals their surprising answers plus: How to know if she's the right one? Where women don't want to go on a first date? What word they want a man to say when he asks? When, where, and how he should ask? What she hopes the date will include? How a man can save his marriage before he's married? Dating doesn't need to become a relic of the past. It needs to be revived. For this to happen, men need to put down their screens, look at a woman in the eye, and ask her on a date. The Dating Blueprint explains how.

Tao Te Ching Lao Tzu, 2021-04-06 Although translations and interpretations of the Tao te Ching abound and new editions are released yearly, few accomplish the hard work of linking and bridging the Tao's profound message to the needs of modern readers. There may be a profusion of versions, but our lives and our world reflect little of the deep transformative potential of this important text. Marc S. Mullinax's new translation grows from extensive teaching experience and combines a deep understanding of the Tao's fourth-century BCE Chinese context with an exciting two-part application of that text to contemporary life. First, each of the eighty-one verses is joined by a richly curated array of quotes, sayings, poems, and stories from wisdom traditions around the globe. With quotes ranging from Emerson to Pink Floyd and from the apostle Paul to Margaret Atwood, the Tao's meaning comes alive in conversation with others. Second, a brief reflection puts the verse in historical context and highlights the transformative power of Wu Wei, the non-interfering action perfectly timed to promote peace and prevent injury, to bring joy and justice to a hurting world.

Passing the Tests of Life George Davis, 2012 This book takes a fresh approach to helping individuals gain a better perspective on why certain events happen and shows how a problem can become an opportunity to respond in a way that is consistent with the Word of God.
