Ball,2017-01-26 This book provides a comprehensive and contemporary examination of the right to die issues facing society now that vast improvements in public health care and medicine have resulted in people not only living longer but taking much longer to die often in great pain and suffering In 1900 the average age at which people died in America was 47 years of age the primary causes of death were tuberculosis and other respiratory illnesses In the 21st century as a result of better health care and working conditions as well as advances in medical technology we live much longer as of 2016 about 80 years A much larger proportion of Americans now die from chronic diseases that generally appear at an advanced age such as heart disease cancer or chronic obstructive pulmonary disease COPD Should this fundamental change in human lifespan alter how society and government view right to die legislation What are the pros and cons of giving a mentally competent person who is terminally ill and in great pain the right to end his or her life The Right to Die A Reference Handbook provides a complete examination of right to die issues in the United States that dissects the complex arguments for and against a person's liberty to receive a physician's assistance to hasten death It covers the legal aspects and the politics of the right to die controversy analyzes the battles over the right to die in state and federal courts and supplies primary source documents that illustrate the political medical legal religious and ethical landscape of the right to die Additionally the book examines how members of our society typically die has changed in the past 150 years and how the practice of medicine has evolved over that time explains why the right to die is strongly opposed by many religious groups as well as members of the medical profession considers the slippery slope argument against doctor assisted suicide and identifies the reasons that the disabled the poor the elderly and infirm and some members of ethnic racial and religious minority groups typically fear physician assisted death *Euthanasia, Ethics and the Law* Richard Huxtable,2007-11-20 *Euthanasia Ethics and the Law* argues that the law governing the ending of life in England and Wales is unclear confused and often contradictory It shows that the rules are in competition because the ethical principles underlying them are so diverse and conflicting This book covers topics including the Diane Pretty litigation Lord Joffe's Assisted Dying for the Terminally Ill Bill the advent of death tourism and the real status of involuntary and passive euthanasia in English law *Health Care Ethics: Critical Issues for the 21st Century* Eileen E. Morrison,2008-03-20 **Ethical Issues in Palliative Care** Pat A. Webb,2005 Initial definitions and some

theoretical input leads on to a practice based text which will enable people from a variety of professions to discuss and debate issues familiar to their practice **Euthanasia and the Right to Die** Leonard J. Bahlman, Geraldine D. Nowak, 1977

Legal and Ethical Issues Susan Westrick Killion, Katherine Dempski, 2000 Authored by two nurse attorneys Legal and Ethical Issues examines topics from basic legal foundations to complicated legal issues challenging nurses everyday As part of the Quick Look Nursing series this book provides legal and ethical information from the nursing core curriculum in a unique format that sets it apart from anything else available to nursing students This book should be helpful as a course supplement as an aid in preparation for course examinations and as a tool to prepare for the NCLEX **The Contribution**

of Natural Law Theory to Moral and Legal Debate Concerning Suicide, Assisted Suicide, and Euthanasia Craig Paterson, 2010-05-13 **Voluntary Euthanasia and the Common Law** Margaret Otlowski, 1997 Margaret Otlowski

investigates the complex and controversial issue of active voluntary euthanasia She critically examines the criminal law prohibition of medically administered active voluntary euthanasia in common law jurisdictions and carefully looks at the situation as handled in practice The evidence of patient demands for active euthanasia and the willingness of some doctors to respond to patients requests is explored and an argument for reform of the law is made with reference to the position in the Netherlands where active voluntary euthanasia is now openly practiced **Ethical and Legal Issues in Canadian**
