The Law of Nations Considered as Independent Political Communities on the Right and Duties of Nations in Time of Peace by Travers Twiss Sir Travers Twiss, 1861      *Philosophical Foundations of Property Law* James Penner, Henry Smith, 2013-11-28 Property has long played a central role in political and moral philosophy Philosophers dealing with property have tended to follow the consensus that property has no special content but is a protean construct a mere placeholder for theories aimed at questions of distributive justice and efficiency Until recently there has been a relative absence of serious philosophical attention paid to the various doctrines that shape the actual law of property If the philosophy of property is to be more attentive to concepts lying between broad considerations of political philosophy and distributive justice on the one hand and individual rules on the other what in this broad space needs explaining and how might we justify what we find The papers in this volume are a first step towards filling this gap in the philosophical analysis of private law This is achieved here by revisiting the contributions of philosophers such as Hume Locke Kant and Grotius and revealing how particular doctrines illuminate the way in which property law respects the equality and autonomy of its subjects Secondly by exploring the central notions of possession ownership and title and finally by considering the very foundations of conceptualism in property      A Treatise on the Principles and Practice of the Action of Ejectment, and the Resulting Action for Mesne Profits John Adams, 1830      **The Age of German Idealism** Kathleen Higgins, Robert C. Solomon, 2023-05-09 German Idealism was one of the most fertile and important movements in the history of Western philosophy This volume includes eleven chapters on all aspects and the period's most influential philosophers including Kant and Hegel      **Routledge History of Philosophy** C. L. Ten, 1998      **The Bloomsbury Companion to Kant** Gary Banham, Dennis Schulting, Nigel Hems, 2015-01-29 Immanuel Kant is widely considered to be the most important and influential thinker of modern Europe and the late Enlightenment His philosophy is extraordinarily wide ranging and his influence has been pervasive throughout eighteenth nineteenth and twentieth century thought in particular in the work of the German Idealists and also in both Analytic and Continental philosophy today Now available as a new and expanded edition in paperback this accessible companion to Kant features more than 100 specially commissioned entries written by a team of experts in the field covering every aspect of his philosophy The Bloomsbury Companion to Kant presents a comprehensive overview of the historical and philosophical context in which Kant wrote and the various features themes and topics apparent in his thought It also includes extensive synopses of all his major published works and a survey of the key lines of reception and influence including a new addition on Schopenhauer's reception of Kant It concludes with a thorough bibliography of English language secondary literature now expanded for this edition to include all cutting edge publications in the area This is an essential and practical research tool for those working in the field of eighteenth century German philosophy and Kant      **The Continuum Companion to Kant** Gary Banham, Dennis Schulting, Nigel Hems, 2012-02-16

Including over 500 specially commissioned entries from a team of leading international scholars this is an essential reference to Kant's thought writings and continuing influence      Practical Philosophy Immanuel Kant, 1999-06-13 Review of Schulz's Attempt at an introduction to a doctrine of morals for all human beings regardless of different religions An answer to the question what is enlightenment On the wrongfulness of unauthorized publication of books Groundwork of the metaphysics of morals Review of Gottlieb Hufeland's Essay on the principle of natural right Kraus review of Ulrich's Eleutheriology Critique of practical reason On the common saying that may be correct in theory but it is of no use in practice Toward perpetual peace The metaphysics of morals On a supposed right to lie from philanthropy On turning out books      The Law Library, 1851      Kant und die Berliner Aufklärung Volker Gerhardt, Rolf-Peter Horstmann, Ralph Schumacher, 2001      **Kant and Law** B. Sharon Byrd, 2017-07-05 Immanuel Kant's legal philosophy and theory have played an enormous role in the development of law since the eighteenth century Although this influence can be seen primarily in German law and in the law of nations which have traditionally been oriented toward German legal development today Kant's philosophy has experienced a Renaissance in the Anglo American legal world This anthology collects what the editors believe to be the very best of articles on Kant's legal theory with an emphasis on his Metaphysics of Morals of 1797 In particular the articles relate to 1 the nature of law and justice 2 private law 3 public law 4 criminal law 5 international law and 6 cosmopolitan law      *Sincerity in Politics and International Relations* Sorin Baiasu, Sylvie Loriaux, 2017-11-27 This edited volume examines concepts of sincerity in politics and international relations in order to discuss what we should expect of politicians within what parameters they should work and how their decisions and actions could be made consistent with morality The volume features an international cast of authors who specialize in the topic of sincerity in politics and international relations Looking at how sincerity bears on political actions practices and institutions at national and international level the introduction serves to place the chapters in the context of ongoing contemporary debates on sincerity in politics and international theory Each chapter focuses on a contemporary issue in politics and international relations including corruption public hypocrisy cynicism trust security policy formulation and decision making political apology public reason political dissimulation denial and self deception and will argue against the background of a Kantian view of sincerity as unconditional Offering a significant comprehensive outlook on the practical limits of sincerity in political affairs this work will be of great interest to both students and scholars      **A Dictionary of American and English Law** Stewart Rapalje, Robert Linn Lawrence, 1888      The Travancore Law Reports ... Travancore (Princely State), 1911      Travancore Law Reports, 1908      A Treatise on the Law of Replevin Henry Ward Wells, 1880      Reports of Cases Argued and Determined in the Supreme Court, and the Court of Errors and Appeals of New Jersey, 1853      **New Jersey Law Reports** New Jersey. Supreme Court, 1853      **Reports of cases argued and determined in the Supreme Court, and in the Court of Errors and Appeals of the State of New Jersey [1847-1855]** New Jersey. Supreme Court, Abraham O. Zabriskie, 1853      *Chinese Civil Law* Yuanshi

Bu, 2013-07-30 China is a major civil law jurisdiction. Since the end of the 1990s, great efforts have been made in China to codify the entire civil law. With the major statutes governing contracts, property, torts, and conflict of laws promulgated in 1999, 2007, 2009, and 2010 respectively, the most crucial steps have been taken towards the creation of a Chinese Civil code. This book attempts to shed light on both the theoretical and the practical aspects of Chinese civil law while extensive footnotes and a detailed bibliography and index allow for further study of specific areas and facilitate systematic research. The book addresses the following topics: Part I General; Part II Contracts; Part III Tort Law; Part IV Property Law; Part V Conflict of Laws. Main features: Combination of an overall picture of the specific field of law at issue and thorough analysis of fundamental issues; Combination of black letter law and law in action; Selected bibliography of publications in English; Information on English translations of Chinese regulations available in the public domain; Lists of the relevant statutes and judicial interpretations as well as cases.
