Rights Communities And Disobedience

Richard Sorabji

Rights Communities And Disobedience:

Rights, Communities, and Disobedience Vinit Haksar, 2003 **The Philosophy of Mahatma Gandhi for the Twenty-First Century** Douglas Allen, 2008-03-11 Often considered the most admired human being of the twentieth century Mahatma Gandhi was and remains controversial Among the leading Gandhi scholars in the world the authors of the timely studies in this volume present numerous ways in which Gandhi's thought and action oriented approach are significant relevant and urgently needed for addressing the major problems and concerns of the twenty first century Such problems and concerns include issues of violence and nonviolence war and peace religion and religious conflict and dialogue terrorism ethics civil disobedience injustice modernism and postmodernism forms of oppression and exploitation and environmental destruction These creative diverse studies offer a radical critique of the dominant characteristics and priorities of modern Western civilization and the contemporary world They offer positive alternatives by using Gandhi in creative and innovative ways to focus on nonviolence peace with justice tolerance and mutual respect compassion and loving kindness cooperative relations and the realization of our interconnectedness and unity meaningful action oriented engagement of dialogue resistance and working for new sustainable ways of being human and creating new societies This volume is appropriate for the general reader and the Gandhi specialist It will be of interest for readers in philosophy religion political science history cultural studies peace studies and many other fields Throughout this book readers will experience a strong sense of the philosophical and practical urgency and significance of Gandhi's thought and action for the contemporary world **Rights and Demands** Margaret Gilbert, 2018-04-19 Rights are often invoked in contemporary moral and political debates yet the nature of rights is contested *Rights and Demands* provides the first full length treatment of a central class of rights demand rights To have such a right is to have the standing or authority to demand a particular action of another person How are such rights possible Everyday agreements are generally acknowledged to be sources of demand rights but what is it about an agreement that accounts for this The central thesis of this book is that joint commitment is a ground of demand rights and that it may be the only ground In developing this thesis Margaret Gilbert argues in detail for joint commitment accounts of both agreements and promises The final chapter explains the relevance of its argument to our understanding of human rights Engaging where appropriate with contemporary rights theory Gilbert provides an accessible route into this area for those previously unfamiliar with it **POLITICAL THEORY** RAMASWAMY, SUSHILA, 2010-10-01 Political theory and political philosophy are generally used interchangeably though sometimes a distinction is made between the two This book on political theory deals with the study of political institutions along with the theories of State Law Liberty and Equality In its second edition the book continues to analyse the key concepts like Authority Power Sovereignty Political obligation Civil disobedience Citizenship Rights Democracy and Justice The non western ideas including Indian and Chinese are incorporated to underline cultural plurality and shared values in an enterprise that tries to set universal standards The book is designed

for the undergraduate and postgraduate students of Political Science The book will be equally beneficial for the students appearing for the civil services examinations *Philosophy of Law* Jeffrey Brand,2013-11-21 Organized around specific questions theses and arguments Philosophy of Law Introducing Jurisprudence helps students get to grips with the fascinating yet often complex realm of legal philosophy This comprehensive introduction explores fundamental questions about legal systems legal reasoning and legal concepts covering a wide range of topics in jurisprudence including Liability Punishment Causation Discretion Precedent Constitutional disobedience The rule of law Packed with boxed case studies chapter discussion questions guides to further reading a glossary of key terms and online resources for lecturers and students Jeffrey Brand guides the reader through ideas in an accessible way Philosophy of Law is ideal for use as a core textbook or as a companion to a set of primary sources

Gandhi and the Stoics Richard Sorabji,2012-11-06 Was Gandhi a philosopher Yes So begins this remarkable investigation of the guiding principles that motivated the transformative public acts of one of the top historical figures of the twentieth century Richard Sorabji continuing his exploration of the many connections between South Asian thought and ancient Greek and Roman philosophy brings together in this volume the unlikely pairing of Mahatma Gandhi and the Stoics uncovering a host of parallels that suggests a deep affinity spanning the two millennia between them While scholars have long known Gandhi s direct Western influences to be Platonic and Christian Sorabji shows how a look at Gandhi s convergence with the Stoics works mutually throwing light on both of them Both emphasized emotional detachment which provided a necessary freedom a suspicion of universal rules of conduct that led to a focus not on human rights but human duties the personally determined paths each individual must make for his or her self By being indifferent paradoxically both the Stoics and Gandhi could love manifoldly In drawing these links to the fore Sorabji demonstrates the comparative consistency of Gandhi s philosophical ideas isolating the specific ideological strengths that were required to support some of the most consequential political acts and experiments in how to live [A Comprehensive, Annotated Bibliography on Mahatma Gandhi](#) Ananda M. Pandiri,2007-02-28 Few figures in the twentieth century have been as inspirational as Mohandas Mahatma Gandhi Interest in this extraordinary man has produced a massive amount of printed material making Ananda M Pandiri s comprehensive bibliography an invaluable reference tool for scholars and students Pandiri has meticulously searched printed and electronic indexes publisher s catalogs and university libraries throughout India Britain and the U S to compile a complete bibliography of sources in the English language This volume is organized and cross referenced for easy use and access to a voluminous amount of information Features include More than 4700 entries comprising books pamphlets seminars government records and other significant printed material Complete bibliographic data of sources Annotations detailing the content and scholarship of sources Two exhaustive indexes Title and Subject *On Community Civil Disobedience in the Name of Sustainability* Community Environmental Legal Defense Fund,2015-08-01 Humanity stands at the brink of global environmental and economic collapse We have pinned our future to an economic

system that centralizes power in fewer and fewer hands and whose benefits increasingly flow to smaller and smaller numbers of people Our system of government is similarly medieval relying on a 1780s constitutional form of government written to guarantee the exploitation of the natural environment and elevate the endless production of more over the rights of people nature and their communities But right now people within the community rights movement aren't waiting for power brokers to fix the system They're beginning to envision a new sustainability constitution by adopting new laws at the local level that are forcing those ideas upward into the state and national ones In doing so they are directly challenging the basic operating system of this country one which currently elevates corporate rights above the rights of people nature and their communities and changing it into one which recognizes a right to local community self government that cannot be overridden by corporations or by governments wielded by corporate interests This short primer from the Community Environmental Legal Defense Fund explores and describes the philosophy and underpinnings of the community rights movement that has emerged in the United States a movement of nonviolent civil disobedience based on municipal lawmaking

Human Rights in the World Community Burns H. Weston, Anna Grear, 2016-04 Designed for educational use in international relations law political science economics and philosophy classes *Human Rights in the World Community* treats the full range of human rights issues including implementation problems and processes involving international national and nongovernmental action Now with online appendices

Between Resistance and Conformity Shailendra Kumar Singh, 2024-10-11 This book examines the questions of conformity and resistance with respect to Premchand's literary corpus Mapping the various complexities challenges and contradictions of interwar India it demonstrates how the passive peasant protagonists of the writer's fictional works present a diametrically opposed definition of dharma as compared to their dissident nationalist counterparts Through a relatively similar logic of comparative assessment it further foregrounds the fundamental asymmetry that exists between Premchand's literary representations of women as compliant domestic subjects and those that portray them as rebel patriots of colonial North India Juxtaposing several genres including novels short stories letters and journalistic writings to offer a reconsideration of Premchand's work this book will interest scholars of peasant narratives nationalist fiction and gender studies Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan or Bhutan

Social and Political Thought of Mahatma Gandhi Bidyut Chakrabarty, 2006-01-16 During his campaign against racism in South Africa and his involvement in the Congress led nationalist struggle against British colonial rule in India Mahatma Gandhi developed a new form of political struggle based on the idea of satyagraha or non violent protest He ushered in a new era of nationalism in India by articulating the nationalist protest in the language of non violence or ahimsa that galvanized the masses into action Focusing on the principles of satyagraha and non violence and their evolution in the context of anti imperial movements organized by Gandhi this fascinating book looks at how these precepts underwent changes reflecting the ideological beliefs of the participants Assessing Gandhi and his ideology the text centres on the ways in which Gandhi took

into account the views of other leading personalities of the era whilst articulating his theory of action Concentrating on Gandhi s writings in Harijan the weekly newspaper he founded this volume provides a unique contextualized study of an iconic man s social and political ideas Encyclopedia of Community DAVID LEVINSON,KAREN CHRISTENSEN,2003-06-30

Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of Bowling Alone With every passing minute it becomes more and more apparent that our world is one community The Encyclopedia of Community serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The Encyclopedia of Community provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The Encyclopedia deserves a prime spot in the libraries homes and offices of all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001 American politicians often pair the word community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake It is a major contribution to a more coherent understanding of this fundamental idea Robert Bellah Professor of Sociology Emeritus University of California Berkeley and co author of Habits of the Heart SAGE Publications is proud to announce the Encyclopedia of Community a major reference work that summarizes the many fascinating and important concepts of a global topic Community itself is a concept an experience and a central part of being human Whether the reader is a student researcher or professional in the field of psychology sociology or even economics this three volume work will provide the necessary definitions of community beyond traditional views Arranged in an A to Z fashion the Encyclopedia can also be viewed topically via a Reader s Guide This allows for interdisciplinary compare and contrast among topics such as types of communities social capital technology urban life politics and law community design and global studies Edited by the award winning team at Berkshire Reference and assisted by an editorial board of world renowned scholars the Encyclopedia of Community will prove to be one of the

most widely used reference works in your collection Key Features 500 signed articles 3 volumes 2000 pages Reader s Guide Master bibliography 250 sidebars Appendices Resource Guides Master Bibliography Libraries Build Community Libraries and Popular Culture *Gandhi and Liberalism* Vinit Haksar,2017-07-20 One of the main themes running through Gandhi s life and work was the battle against evil This book offers a fascinating reconstruction of Gandhi and the doctrine of Ahimsa or non violence Gandhi s moral perfectionism is contrasted with other forms of perfectionism but the book stresses that Gandhi also offered a doctrine of the second best Following Gandhi the author argues that outward violence with compassion is intrinsically not as good as non violence with compassion but it is a second best that is sometimes a necessary evil in an imperfect world The book provides an illuminating analysis of coercion non co operation civil disobedience and necessary evil comparing Gandhi s ideas with that of some of the leading western moral legal and political philosophers Further some of his important ideas are shown to have relevance for the working of the Indian Constitution This book will be essential for scholars and researchers in moral legal and political philosophy Gandhi studies political science and South Asian studies

The Democratic Predicament Jyotirmaya Tripathy,Sudarsan Padmanabhan,2014-03-14 Both India and Europe have been undergoing a difficult process of negotiating cultural religious and ethnic diversity within their democratic frameworks In fact recent incidents of xenophobic backlash against multiculturalism and minority communities in Europe as well as myriad movements for constitutional recognition of castes tribes and languages and the emergence of Islamophobic terror in India question the conventional idea of democracy as the idyllic preserver of diversity This volume contests the simplistic connection between democracy and diversity by proposing that democracy in fact produces sediments and reinforces cultural heterogeneity It argues that in democratic polities disparate cultural practices are often converted into identity categories with disturbing implications for national identity constitutionalism political governance and citizenship While mobilizations on the plank of cultural differences are typically viewed as being born in undemocratic spaces with little toleration for diversity they also find fertile soil in democracy insofar as democracy celebrates diversity and allows cultural dissent to thrive Such dissent while essential for democracy has difficult consequences Examining the fundamental conflict between constructions of particular cultural identities and mandates of a unifying democratic ethos the book brings forth the complexities underlying the politics of identity recognition and national integration In making a radical intervention in the discourse this volume offers a critique of existing paradigms of multiculturalism It will interest scholars and students of political science sociology and postcolonial and comparative studies *Contemporary Issues in Civil Rights and Liberties* ,

Remaking Communities and Adult Learning ,2022-05-09 What responses is adult education providing to the great global problems climate change and the environment populism and racism gender inequality social and economic inequality The ESREA Research Network between Local and Global Adult Learning and Communities and the authors collected here argue for socially engaged community based research which promotes critical democracy and popular education and drives

powerful research methodologies participatory research feminist research ecological research activism posthumanist research and more The first part of the book looks back and forwards to the contribution to adult learning and community development played by participatory research in the making and remaking of community and society In the second part the focus shifts to pedagogies of possibility and change knowledge creation and the transformation of pedagogies of inclusion The third part on activism and change turns its attention to the motivations for activism and their individual and collective forms of expression The final part considers re making and doing society and community in particular during the COVID 19 pandemic For researchers interested in participatory and emancipatory social research gender and biography research or community university research partnerships *Remaking Communities and Adult Learning* presents adult learning as a site of resistance for sustainable and creative andragogic practice

Ethics and Law W. Bradley Wendel, 2014-10-06 Can someone be a good person yet act in a professional role that may involve deception procedural trickery withholding information and working on behalf of terrible people and institutions This question is at the heart of legal ethics Using cases from around the common law world W Bradley Wendel looks at issues including confidentiality the moral responsibility of lawyers and truth and deception in advocacy He then examines the classic questions of philosophy of law including the nature of law positivism natural law the relationship between law and morality unjust legal systems and the obligation to obey the law Finally he considers the ethical issues surrounding the role of lawyers including criminal defense and prosecution civil litigation counseling clients on the law and representing corporations Combining the theoretical philosophical and practical his book will be of vital interest to students of law the philosophy of law ethics and political philosophy *Thesaurus of ERIC Descriptors* ,1984 *Journal of Indian Council of Philosophical Research* ,2004

Introduction to Critical Legal Theory Ian Ward, 2012-10-02 *Introduction to Critical Legal Theory* provides an accessible introduction to the study of law and legal theory It covers all the seminal movements in classical modern and postmodern legal thought engaging the reader with the ideas of jurists as diverse as Aristotle Hobbes and Kant Marx Foucault and Dworkin At the same time it impresses the interdisciplinary nature of critical legal thought introducing the reader to the philosophy the economics and the politics of law This new edition focuses even more intently upon the narrative aspect of critical legal thinking and the re emergence of a distinctive legal humanism as well as the various related challenges posed by our new world order *Introduction to Critical Theory* is a comprehensive text for both students and teachers of legal theory jurisprudence and related subjects
