BY MAXWELL GEISMAR

Ring Lardner And The Portrait Of Folly

Clemens Wendtner

Ring Lardner And The Portrait Of Folly:

Ring Lardner and the Portrait of Folly Maxwell Geismar, 1972 Views the life of the American humorist and examines his contribution to the nation's literary heritage **The Annotated Baseball Stories of Ring W. Lardner, 1914-1919** Ring Lardner, George W. Hilton, 1995 An annotated and copiously illustrated edition of the 24 short stories published between 1914 and 1919 by Ring Lardner which include the stories collected later and known as You know me Al Ring Lardner and the Other Douglas Robinson, 1992-11-26 Ring Lardner and the Other is actually two books mutually embedded The first is about Ring Lardner a long reading of a single Lardner short story Who Dealt a briefer look at his life and work and an exploration of his reception The second is about the Other in an expanded Lacanian sense the speaking of various unconscious voices mother and father and child culture and anarchy majority and minority through literary characters and their authors and readers The Lardner book explores the contradictions of Lardner's patriarchal masculinity how such a dour sexist alcoholic who hated humor and bad grammar could have created such a rich body of minoritarian writing steeped in the emergent voices of women and the lower middle class and the social functions served by Lardner's writing in twentieth century America The other book exfoliates Lacan's germinal concept of the Other by interweaving it with a series of theoretical formulations by Bateson Deleuze and Guattari and others Robinson's book is an important reappraisal of a critically neglected American writer of the teens and twenties The book includes an essay by Ellen Gardiner **Ring** Jonathan Yardley, 2001 Sportswriter storyteller humorist Ring Lardner was an American original In this affectionate entertaining and authoritative biography critic Jonathan Yardley gives us a new look at Lardner's all too short life and career **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved** **Encyclopedia of American Humorists** Steven H. Gale, 2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature **Ring W. Lardner** Matthew Joseph Brucoli, Richard Layman, 1976 Encyclopedia of American Journalism Stephen L. Vaughn, 2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also

explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism s ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies

American Literature Root and Flower 2 Annette T. Rubinstein,2011-03-21 A companion to Rubinstein s celebrated study of English literature American Literature Root and Flower examines the lives and works of over fifty important American novelists poets and dramatists This two volume study is one of remarkable scope ranging from Hawthorne to the Harlem Renaissance from Poe to Pynchon It illuminates the relationship between the producers of American literature and their ever changing social and political contexts while emphasizing the current of critique and resistance that runs through the entire tradition Monthly Review Press is proud to present the first ever U S printing of this valuable and enlightening work

The Primer of Humor Research Victor Raskin,2008-11-06 The book is intended to provide a definitive view of the field of humor research for both beginning and established scholars in a variety of fields who are developing an interest in humor and need to familiarize themselves with the available body of knowledge Each chapter of the book is devoted to an important aspect of humor research or to a disciplinary approach to the field and each is written by the leading expert or emerging scholar in that area There are two primary motivations for the book The positive one is to collect and summarize the impressive body of knowledge accumulated in humor research in and around Humor The International Journal of Humor Research The negative motivation is to prevent the embarrassment to and from the first timers often established experts in their own field who venture into humor research without any notion that there already exists a body of knowledge they need to acquire before publishing anything on the subject unless they are in the business of reinventing the wheel and have serious doubts about its being round The organization of the book reflects the main groups of scholars participating in the increasingly popular and high powered humor research movement throughout the world an 800 to 1 000 strong contingent and growing The chapters are organized along the same lines History Research Issues Main Directions Current Situation Possible Future Bibliography and use the authors definitive credentials not to promote an individual view but rather to give the reader a good comprehensive and condensed view of the area
