Rise And Fall Of The Cosmic Race The Cult Of Mestizaje In Latin America:

Rise and Fall of the Cosmic Race Marilyn Grace Miller, 2004-11-01 Latin America is characterized by a uniquely rich history of cultural and racial mixtures known collectively as mestizaje. These mixtures reflect the influences of indigenous peoples from Latin America, Europeans, and Africans and spawn a fascinating and often volatile blend of cultural practices and products. Yet no scholarly study to date has provided an articulate context for fully appreciating and exploring the profound effects of distinct local invocations of syncretism and hybridity. *Rise and Fall of the Cosmic Race* fills this void by charting the history of Latin America's experience of mestizaje through the prisms of literature, the visual and performing arts, social commentary, and music. In accessible jargon-free prose, Marilyn Grace Miller brings to life the varied perspectives of a vast region in a tour that stretches from Mexico and the Caribbean to Brazil, Ecuador, and Argentina. She explores the repercussions of mestizo identity in the United States and reveals the key moments in the story of Latin America's cult of synthesis. *Rise and Fall of the Cosmic Race* examines the inextricable links between aesthetics and politics and unravels the threads of colonialism woven throughout national narratives in which mestizos serve as primary protagonists. Illuminating the ways in which regional engagements with mestizaje represent contentious sites of nation building and racial politics, Miller uncovers a rich and multivalent self-portrait of Latin America's diverse populations.

The Utopian Impulse in Latin America K. Beauchesne, A. Santos, 2011-10-24 An exploration of the concept of utopia in Latin America from the earliest accounts of the New World to current cultural production, the carefully selected essays in this volume represent the latest research on the topic by some of the most important Latin Americanists working in North American academia today.

The Atlantic World D'Maris Coffman, Adrian Leonard, William O'Reilly, 2014-12-05 As the meeting point between Europe, colonial America, and Africa, the history of the Atlantic world is a constantly shifting arena, but one which has been a focus of huge and vibrant debate for many years. In over thirty chapters, all written by experts in the field, *The Atlantic World* takes up these debates and gathers together key original scholarship to provide an authoritative survey of this increasingly popular area of world history. The book takes a thematic approach to topics including exploration, migration, and cultural encounters. In the first chapters, scholars examine the interactions between groups which converged in the Atlantic world, such as slaves, European migrants, and Native Americans. The volume then considers questions such as finance, money, and commerce in the Atlantic world, as well as warfare, government, and religion. The collection closes with chapters examining how ideas circulated across and around the Atlantic and beyond. It presents the Atlantic as a shared space in which commodities and ideas were exchanged and traded, and examines the impact that these exchanges had on both people and places. Including an introductory essay from the editors which defines the field and lavishly illustrated with paintings, drawings, and maps, this

accessible volume is invaluable reading for all students and scholars of this broad sweep of world history Intermarriage from Central Europe to Central Asia Adrienne Edgar, Benjamin Frommer, 2020-06-01 Intermarriage from Central Europe to Central Asia examines the practice and experience of interethnic marriage in a range of countries and eras from imperial Germany to present day Tajikistan In this interdisciplinary volume Adrienne Edgar and Benjamin Frommer have drawn contributions from anthropologists and historians The contributors explore the phenomenon of intermarriage both from the top down in the form of state policies and official categories and from the bottom up through an intimate look at the experience and agency of mixed families in modern states determined to control the lives and identities of their citizens to an unprecedented degree Contributors address the tensions between state ethnic categories and the subjective identities of individuals the status of mixed individuals and families in a region characterized by continual changes in national borders and regimes and the role of intermarried couples and their descendants in imagining supranational communities The first of its kind Intermarriage from Central Europe to Central Asia is a foundational text for the study of intermarriage and ethnic mixing in Eastern Europe and Eurasia **Caribbean Racisms** I. nation centered explanations of race and racism These arguments point toward the emergence of a new field visibility that has transformed the racial meaning of nativity migration and migrant ethnicity It also situates these changing views of migrants in a broader historical perspective than prior theory explaining how they have been shaped by a changing relationship between race and territory that has been unfolding for several hundred years and which crystallizes in the late colonial era
