## **Rising Tide Of Color:**

**The Rising Tide of Color Against White World-supremacy** Lothrop Stoddard, 1920      **The Rising Tide of Color Against White World-Supremacy** Lothrop Stoddard, 2019-11-19 In *The Rising Tide of Color Against White World Supremacy* Lothrop Stoddard presents a provocative exploration of race relations and geopolitical dynamics in the early 20th century. Stoddard's meticulous analysis weaves together historical data, sociological observations, and forecasted implications of racial conflicts precipitated by colonialism and immigration. The book employs a compelling narrative style that blends polemics with scholarly rigor, positioning itself within the context of the prevailing racial theories of his time while also engaging with contemporary debates regarding national identity and the future of global society. Lothrop Stoddard, an American historian and political theorist, was deeply influenced by the tumultuous socio-political landscape of his era, which shaped his views on race and culture. Educated at Harvard and immersed in the racial ideologies of his contemporaries, Stoddard's arguments reflect the anxieties of a society grappling with the implications of racial mixing and the perceived threats to white dominance. His travel experiences and astute observations of non-Western societies further informed his perspectives on racial hierarchies and their contentious role in global affairs. This book is essential for readers interested in the intersections of race, history, and politics. Stoddard's work invites a critical examination of the ideologies that have influenced social order and governance throughout history, making it a significant contribution for scholars, students, and anyone seeking to understand the complex legacies of racial stratification in the modern world.

**The Rising Tide of Color Against White World-Supremacy: Views of Eugenics & Ku Klux Klan** Lothrop Stoddard, 1921      **The Rising Tide of Color Against White World-Supremacy: Views of Eugenics & Ku Klux Klan** Lothrop Stoddard, 2020-12-17 Racial divide in America is hinged upon the precarious relations between the two communities: the dominant Whites and the marginalised Black Americans. Behind every push back against the Blacks, even after five decades of the Civil Rights Movement, is an unshakeable belief in the idea of White Supremacy. Read this book to understand why the Black Americans are indignant, angry, and raring to dismantle the structures of epistemic racism. This book is adjusted for readability on all devices and follows the perceived threat of White Supremacists against the growing power of the coloured people. In the current scenarios, it has assumed a historic significance in understanding the White mentality and their long-held fears.      *The Rising*
