Choosing the Right Thing to Do David Shapiro,1999-09 The author of Repacking your bags offers a thoughtful examination of how people make choices and offers lessons for creating a valuable moral legacy *Doing the Right Thing for God and Others* Johnny R Saucedo,2020-08-27 We should all have a right standing with God which means that we should have his righteousness as Christians I know that in this world it is a difficult situation and a challenge each day to do the right thing for God because of where you may be like work church school or even at home when you have friends over As Christians doing what is right in the eyes of God is done all the time no matter where we are Doing it God s way is the best way to doing things and we would be blessed when we do it As real Christians or children of the Most High God we are to do the right thing and we would be able to see and feel that it is the right thing to do to help others that are in need help people to see the truth to read his Word showing all that we are walking in his light and staying out of the dark of this world The earthly life of Jesus is described as being led or filled with the Holy Spirit We also must do as he did God loves you and offers a wonderful plan for your life Find your relationship with God Learn how to do what is right by following Jesus Christ in all that he did Learn from his truth learn to hear his voice Know his spiritual principles Believe in God and he will

Choosing the Right Thing to Do David A. Shapiro,1999-09-01 We all want to do the right thing But determining the right thing to do isn t always easy Everytime we pick up a newspaper or turn on the TV someone tells us how we ought to behave Rarely however do we get much assistance in deciding what to do for ourselves Meanwhile technological developments and rapid social changes make the right decisions especially about the BIG issues life death sex justice and so on harder and harder to identify Choosing the Right Thing to Do responds to the growing need that people of all ages have for moral guidance without moralizing It contains a rich palette of principles and strategies stories and examples ideas and insights that offer real world help for intelligently addressing the often quite troubling choices we face every day in our personal relationships jobs and lifestyles **What's the Right Thing to Do?** Selma Wassermann,2019-05-24 Making choices is one of the more pervasive acts of life Almost every action we take demands that choices be made Knowing how to choose wisely to choose after reflection to be aware of what motivates that choice to see the consequences of that choice on others enables us to live healthier more productive and more responsible lives We now live in a world in which our traditional moral

exemplars have been less than honorable in their public behavior With fewer heroes and flawed role models how are children to come to an understanding of what's right what's good decent and socially responsible Do as I say not as I do is hardly a viable tenet to guide children's choices This book offers important tools for carrying out effective strategies that build caring environments in the classroom and home for teaching children to weigh decisions in the face of potential consequences examine rationales for their choices and study the effects of their choices on others i.e. to think more carefully about ethical problems in the presence of the moral freedom to determine for themselves what it means to lead a good and virtuous life

Spike Lee's Do the Right Thing Mark A.

Reid, 1997-05-13 A collection of essays on Spike Lee's Do the Right Thing **Do the Right Thing** Ed Guerrero, 2020-05-14

Spike Lee's *Do The Right Thing* 1989 is one of the most popular and celebrated examples of the African American new black film wave. Set during the hottest day of a hot summer in New York City, the film's ensemble cast including Lee himself brilliantly play out the edgy negotiations and dramas of a racially and culturally diverse working class Brooklyn neighborhood. Contrary to Hollywood's markedly cautious treatment of race and its confinement to the South and the past, *Do The Right Thing* offers a nuanced portrayal of black urban life. From hip hop fashions, Afrocentric colors, and rap music to police brutality, gentrification, non-white immigration, de-industrialization, and joblessness, *Do The Right Thing* depicts it all from a contemporary African American point of view. In his insightful study of the film, Ed Guerrero discusses how it epitomizes Spike Lee's powerful impact on the representation of race and difference in America, the progress of black film making, and the rise of multicultural voices in the media. This new edition includes a foreword by the author reflecting on Lee's subsequent film making career and on an America in which African Americans still contend with racial discrimination and police brutality. Guerrero emphasizes Lee's especially timely understanding of black film making as a complex act mixing the skills of art, politics, and business in order to fashion a creative practice that confronts institutional discrimination and power relations head on.

The Right Thing Sally Bibb, 2010-10-12. Trust in business is at an all time low, but more people than ever claim that working for an ethical company matters to them. Something has to change. But in a everyday working environment, ethics often seem abstract and hard to grasp. *The Right Thing* is here to help. As leading business consultant Sally Bibb gives you simple steps to make sure that you're working ethically. The book features simple explanations of big ethical ideas, case studies to bring ethics to life, and show how bad it can be when ethics go wrong. Tips on everything from ethical leadership to creating an ethical culture. Checklists so you can make sure you're doing the right thing.

The Right Thing James Richard Larson, 2007-03-06. From James Richard Larson, author of *The Eye of Odin* and *Wolfgar: The Story of a Viking*, comes his third novel, a study in horror titled *The Right Thing*. When a woman is found wandering on a quiet rural road, her incoherent rambling is dismissed as fantasy. But others are about to learn that the man from the woods, the man attired in black, intends to pay them a visit as well. Not only will he enter their lives, he will alter their very reality. *The Right Thing* will take you on a journey into a world of kabbalistic magic, a world of trance and ritual where an ancient evil is released from the power of one woman's will. So pick up the wand, sword, cup, and pentacle, step into the magic circle, and accompany us on a tour of the dark place.

Doing The Right Thing David Greene, 2013-11-19. Who controls today's conversation about what education should be in the classroom? Bill Gates, Arne Duncan, Michelle Rhee, Media, Politicians. Who has gained more and more control of what actually goes on in the classroom? Bill Gates, Arne Duncan, Michelle Rhee, Media, Politicians. Why? Where are the voices of the thousands of talented and loved teachers whose classrooms should be models of what works, regardless of the socioeconomic environment they are located in? I am but one of many. Each of us has gotten to be who we are as teachers through our own set of circumstances. We like all other professionals learn our craft through our experiences as well as our academic preparation.

Some of us get to pass on what we have learned about our craft by becoming supervisors mentors or university lecturers I have mentored new teachers I have taught a graduate education class But those endeavors have reached relatively few I have even spawned new teachers inspired by me but those are even fewer Initially it is why started writing this book Much of it started as advice to give to my mentees Then some suggested to me to write a book So I did *Do the Right Thing* James DiGiacomo,1991 For beginners this book contextualizes moral dialogue Balances hot topic issues in the broader context of Catholic social teaching ideal for high school and parish studies *Doing the Right Thing* Arjo Klamer,2020-04-15 This book is for all those who are seeking a human perspective on economic and organizational processes It lays the foundations for a value based approach to the economy The key questions are What is important to you or your organization What is this action or that organization good for The book is directed at the prevalence of instrumentalist thinking in the current economy and responds to the calls for another economy Another economy demands another economics The value based approach is another economics it focuses on values and on the most important goods such as families homes communities knowledge and art It places economic processes in their cultural context What does it take to do the right thing as a person as an organization as a society What is the good to strive for This book gives directions for the answers The value based approach restores the ancient idea that quality of life and of society is what the economy is all about It advocates shifting the focus from quantities how much to qualities what is important *Say the Right Thing* Carolyn Lacey,2023-04-01 How the gospel can help you speak in a positive constructive way Words are powerful They sink deep into our minds and our spirits They can build others up or put others down Many of us want to say the right thing and make a difference to others with our words but we don't know how to Others of us struggle to control our speech and want help to be more godly in this area of our lives This positive constructive book delves into the Bible to show us how to overcome specific temptations such as gossip or angry words But it also goes much further It shows us how we can use our speech to bring beauty hope truth and comfort into the lives of those around us and to give glory to God Full of gracious words and practical help this book will help readers to find out how to let the gospel shape their speech and enjoy the blessings that flow from this Right Thing, Right Now Ryan Holiday,2024-06-11 In his New York Times bestselling book *Discipline Is Destiny* Ryan Holiday made the Stoic case for a life of self discipline In this much anticipated third installment in the *Stoic Virtues* series he argues for the necessity of doing what's right even when it isn't easy For the ancients everything worth pursuing in life flowed from a strong sense of justice or one's commitment to doing the right thing no matter how difficult In order to be courageous wise and self disciplined one must begin with justice The influence of the modern world often tells us that acting justly is optional Holiday argues that that's simply untrue and the fact that so few people today have the strength to stand by their convictions explains much about why we're so unhappy In *Right Thing Right Now* Holiday draws on fascinating stories of historical figures such as Marcus Aurelius Florence Nightingale Jimmy Carter Gandhi and Frederick Douglass whose examples of kindness honesty integrity

and loyalty we can emulate as pillars of upright living Through the lives of these role models readers learn the transformational power of living by a moral code and through the cautionary tales of unjust leaders the consequences of an ill formed conscience The Stoics never claimed that living justly was easy only that it was necessary And that the alternative sacrificing our principles for something lesser was considered only by cowards and fools Right Thing Right Now is a powerful antidote to the moral failures of our modern age and a manual for living virtuously
