Shakespeare's Autobiographical Poems Charles Armitage Brown,2018-01-12 Excerpt from

Shakespeare s Autobiographical Poems Being His Sonnets Clearly Developed With His Character Drawn Chiefly From His Works Yet with all this his true lovers cannot and ought not to be content In their love they would know all about him they would see him face to face hear him speak be in his companionship live with him altogether Wishes are boundless but when absurd they quickly vanish while in an humbler and more reasonable strain we sigh for the discovery of some well authenticated genuine anecdotes a diary kept by some Boswell companion for instance would be worth a million times its weight in gold In the absence of so vast a treasure let us aided by the pre vious researches of others strictly examine into his own writings and endeavour to elicit something that may throw a light on the circumstances of his life or his opinions or his disposition At first sight this task may be condemned as hope less Poets though not essentially dramatic are rarely to be

relied on even when they seemingly profess to describe their own sentiments They may choose rather to tell the world what they ought to be than what they are like Thomson in his Seasons expatiating on the happiness the delight the necessity of rural exercise swimming and early rising calling out About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

SHAKESPEARES AUTOBIOGRAPHICAL Charles Armitage 1786-1842 Brown,2016-08-28 **Shakespeare's autobiographical poems, being his sonnets** Charles Armitage Brown, **Shakespeare's Autobiographical Poems, Being His Sonnets Clearly Developed, with His Character Drawn Chiefly from His Works, by Charles Armitage Brown** Charles Armitage Brown,1838 *The Complete Sonnets and Poems: The Oxford Shakespeare* William Shakespeare,2002-02-14 Shakespeare's Sonnets are among the most complex and beautiful poems ever written Their exploration of love praise homo and hetero sexual desire is enacted in the richest densest writing in English And the first printed work to which Shakespeare's name was attached was the erotic narrative poem Venus and Adonis which developed a sumptuous vocabulary in which to explore love praise of the beloved sexual desire and the power of rhetoric That poem was so popular that most of Shakespeare's contemporaries thought of him as primarily a poet rather than a playwright Yet despite the power of Shakespeare's poems and their foundational place within his oeuvre modern readers have seldom been encouraged to engage with his non dramatic works as a whole This new edition explains how this state of affairs has arisen and why it needs to be changed The volume contains the complete Sonnets and poems with a full commentary An extensive and lively introduction explores Shakespeare's poetic development and shows how the poems relate to each other and to his dramatic works The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them The narrative poems Venus and Adonis and Lucrece are placed where they belong at the origin of Shakespeare's thinking about what it means to desire and to be desired The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare's poems and Sonnets It also explores what the poems may have meant to their earliest readers For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in *The Passionate Pilgrim* in 1599 *The plays (poems) of Shakespeare, ed. by H. Staunton, the illustr. by J. Gilbert engr. by the brothers Dalziel* William Shakespeare,1860 **The Genius of Shakespeare** Jonathan Bate,1998 This fascinating book by one of Britain's most acclaimed young Shakespeare scholars explores the extraordinary staying power of Shakespeare's work Bate opens by taking up questions of authorship asking for example Who was Shakespeare based on the little documentary evidence we have Which works really are

attributable to him And how extensive was the influence of Christopher Marlowe Bate goes on to trace Shakespeare's canonization and near deification examining not only the uniqueness of his status among English speaking readers but also his effect on literate cultures across the globe Ambitious wide ranging and historically rich this book shapes a provocative inquiry into the nature of genius as it ponders the legacy of a talent unequalled in English letters A bold and meticulous work of scholarship The Genius of Shakespeare is also lively and accessibly written and will appeal to any reader who has marveled at the Bard and the enduring power of his work

Shakespeare's Sonnets and Narrative Poems A. D. Cousins, 2014-07-21 Alongside Spenser Sidney and the early Donne Shakespeare is the major poet of the 16th century largely because of the status of his remarkable sequence of sonnets Professor Cousins new book is the first comprehensive study of the Sonnets and narrative poems for over a decade He focuses in particular on their exploration of self knowledge sexuality and death as well as on their ambiguous figuring of gender Throughout he provides a comparative context looking at the work of Shakespeare's contemporaries The relation between Shakespeare's non dramatic verse and his plays is also explored

Shakespeare's Autobiographical Poems Charles Armitage Brown, 2014-02-25 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

The Plays of Shakespeare with the Poems William Shakespeare, 1860 **The Biography and Bibliography of Shakespeare** Henry George Bohn, Philobiblon Society (Great Britain), 1863 The Complete Sonnets and Poems William Shakespeare, 2002 Shakespeare's Sonnets are among the most complex and beautiful poems ever written Their exploration of love praise homo and hetero sexual desire is enacted in the richest densest writing in English And the first printed work to which Shakespeare's name was attached was the erotic narrative poem Venus and Adonis which developed a sumptuous vocabulary in which to explore love praise of the beloved sexual desire and the power of rhetoric That poem was so popular that most of Shakespeare's contemporaries thought of him as primarily a poet rather than a playwright Yet despite the power of Shakespeare's poems and their foundational place within his oeuvre modern readers have seldom been encouraged to engage with his non dramatic works as a whole This new edition explains how this state of affairs has arisen and why it needs to be changed The volume contains the complete Sonnets and poems with a full commentary An extensive and lively introduction explores Shakespeare's poetic development and shows how the poems relate to each other and to his dramatic works The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them The narrative poems Venus and Adonis and Lucrece are placed

where they belong at the origin of Shakespeare's thinking about what it means to desire and to be desired The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare's poems and Sonnets It also explores what the poems may have meant to their earliest readers For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in *The Passionate Pilgrim* in 1599 *The Works of Shakespeare* William Shakespeare, 1861 *The Plays of Shakespeare* William Shakespeare, 1860

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Shakespeares Autobiographical Poems**
