## **Shakin Up Race And Gender:**

Shakin' Up Race and Gender Marta E. Sánchez, 2009-07-21 The second phase of the civil rights movement 1965 1973 was a pivotal period in the development of ethnic groups in the United States In the years since then new generations have asked new questions to cast light on this watershed era No longer is it productive to consider only the differences between ethnic groups we must also study them in relation to one another and to U S mainstream society In *Shakin Up Race and Gender* Marta E Sánchez creates an intercultural frame to study the historical and cultural connections among Puerto Ricans African Americans and Chicanos as since the 1960s Her frame opens up the black white binary that dominated the 1960s and 1970s It reveals the hidden yet real ties that connected ethnics of color and white ethnics in a shared intercultural history By using key literary works published during this time Sánchez reassesses and refutes the unflattering portrayals of ethnics by three leading intellectuals Octavio Paz Daniel Patrick Moynihan and Oscar Lewis who wrote about Chicanos African Americans and Puerto Ricans She links their implicit misogyny to the trope of La Malinche from Chicano culture and shows how specific characteristics of this trope enslavement alleged betrayal and cultural negotiation are also present in African American and Puerto Rican cultures Sánchez employs the trope to restore the agency denied to these groups Intercultural contact encounters between peoples of distinct ethnic groups is the theme of this book **Migrant Sites** Dalia

Kandiyoti, 2009-11-15 A unique comparative study of immigrant and diaspora literatures in America Reality in Movement Maarten van Delden, 2021-03-15 In the last couple of decades there has been a surge of interest in Octavio Paz's life and work and a number of important books have been published on Paz However most of these books are of a biographical nature or they examine Paz's role in the various intellectual initiatives he headed in Mexico specifically the journals he founded *Reality in Movement* looks at a wide range of topics of interest in Paz's career including his engagement with the subversive adversary strain in Western culture his meditations on questions of cultural identity and intercultural contact his dialogue with both leftist and conservative ideological traditions his interest in feminism and psychoanalysis and his theory of poetry It concludes with a chapter on Octavio Paz as a literary character a kind of reception study Offering a complex and nuanced portrait of Paz as a writer and thinker as well as an understanding of the era in which he lived *Reality in Movement* will appeal to students of Octavio Paz and of Mexican literature more generally and to readers with an interest in the many significant literary cultural political and historical topics Paz wrote about over the course of his long career The Afro-Latino Memoir Trent Masiki, 2023-08-29 Despite their literary and cultural significance Afro Latino memoirs have been marginalized in both Latino and African American studies Trent Masiki remedies this problem by bringing critical attention to the understudied African American influences in Afro Latino memoirs published after the advent of the Black Arts movement Masiki argues that these memoirs expand on the meaning of racial identity for both Latinos and African Americans Using interpretive strategies and historical methods from literary and cultural studies Masiki shows how Afro Latino memoir

writers often turn to the African American experience as a model for articulating their Afro Latinidad African American literary production expressive culture political ideology and religiosity shaped Afro Latino subjectivity more profoundly than typically imagined between the post war and post soul eras Masiki recovers this neglected history by exploring how and why Black nationalism shaped Afro Latinidad in the United States This book opens the border between the canons of Latino and African American literature encouraging greater intercultural solidarities between Latinos and African Americans in the era of Black Lives Matter

**Invisibility and Influence** Regina Marie Mills, 2024-06-04 Invisibility and Influence is the first study of writings depicting Afro Latinx life in the US and the Hispanophone Caribbean It demonstrates how a century's worth of Afro Latinx writers in both places helped shape life writing including autobiography memoir collective autobiography and other formats Mills's work explores the tensions these writers experienced in being viewed by others as only either Latinx or Black not as a distinctive community that embodies both and should not be seen as simply a bridge between them This is not only a story of this specific and overlooked community but is also a history of how its work shaped and complicated discourses on race and colorism in the western hemisphere In doing so these writers created a literary history of themselves within the broader literary history of the Americas The first chapter looks at the life writings of Arturo Arthur Schomburg a writer who collected and recovered the voices of lost writers of the African Diaspora such as Phyllis Wheatley His collections of papers and art eventually created the core archive for the Schomburg Center for Research in Black Culture Mills elucidates his own writings of his life in Harlem and shows how they were in deeper conversation with Ralph Waldo Emerson and Thomas Carlyle's writings that had shaped a white American tradition of autobiography as well as with Black autobiographical writers such as W E B DuBois She extends the ties of Schomburg's Afro Puerto Rican background and life writings to Jesus Colón's sketches in the 1920s and even further to self depictions by members of The Young Lords through multiple medias such as photography film and poetry She is particularly interested in the ways that The Young Lords created a model of observe and participate that permeates all of their activities from recruitment to writing among others She uses the work of Afro Cuban and Puerto Rican writer Piri Thomas to think about the crucial role that violence against minority communities plays in the creation of self identity Her final chapter considers the place of secrecy and spirituality in the work of mostly but not solely Afro Latina writers to re center how the valuing of domesticity and spirituality can push back against the way their lives are marginalized to create their own Afro Latina feminisms
